TRIBEWORKS, INC.

PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation of proxies by Tribeworks, Inc. (the Company), on behalf of the Board, for the 2005 Annual Meeting of Stockholders. This Proxy Statement and the related proxy card are being distributed on or about August 5, 2005.

QUESTIONS AND ANSWERS

When and where is the annual meeting?

The annual meeting will take place on August 19, 2005, at 10:00 a.m., PST, at offices of Capital Law Group, 388 Market Street, 4th Floor, San Francisco, California 94111.

Why did I receive this proxy statement?

On or about August 5, 2005 the Company began mailing this Proxy Statement to everyone who was a stockholder of the Company as of July 26, 2005 (the record date). The Company prepares a Proxy Statement each year to let stockholders know when and where the Company s annual meeting of stockholders will be held. This Proxy Statement includes detailed information about the business that will be discussed and voted on at the annual meeting, and provides you with updated information about the Company that you will need to consider in making an informed vote at the annual meeting.

I received more than one proxy statement. Why?

Your shares are probably registered differently or are in more than one account. Please complete each proxy card that you received.

What will occur at the annual meeting?

First, the Company will determine whether the holders of at least a majority of the Company s common stock, par value \$0.0004 per share (the Common Stock) are present, either in person or by proxy, at the annual meeting (referred to as a Quorum). Abstentions are counted as shares present at the annual meeting.

The Company s capital stock includes Common Stock and preferred stock. The following table indicates the number of issued and outstanding shares of each class of the Company s capital stock and each class voting power as of the record date, July 26, 2005:

	Issued and Outstanding Shares	Voting Shares
Common Stock	4,708,657	4,708,657
Preferred Stock	818,000	-0-
Total Eligible Votes		4,708,657

For purposes of determining a Quorum, abstentions and broker non-votes (i.e. shares held by a broker or nominee which are represented at the annual meeting but with respect to which such broker or nominee is not empowered to vote on a particular proposal) are counted as shares that are present and entitled to vote for purposes for determining the presence of a Quorum. If a Quorum is established, or in other words, the holders of at least 2,354,329 votes are present at the annual meeting, the Board will transact the business set forth below:

First, upon establishment of a Quorum, the stockholders will consider and vote upon a proposal to elect Robert Altinger, David C. Hayes, W. Gordon Blankstein, Robert C. Gardner and Peter Jacobson as directors of the Company to hold office for a one-year term or until their successors are duly elected and qualified;

Table of Contents

Second, the stockholders will consider and vote upon a proposal to approve a proposed reverse stock split of one-for-three of the Company's issued and outstanding shares of Common Stock;

Third, the stockholders will consider and vote upon a proposal to approve the private placement of up to 19,000,000 shares of our post-split Common Stock at a price of \$0.01 per share.

Fourth, the stockholders will consider and vote upon a proposal to approve HLB Cinnamon Jang Willoughby, LLP as the Company's independent auditors for the year ending December 31, 2005.

Finally, the Company will discuss and take action on any other business that properly comes before the annual meeting, and report on the Company's 2004 financial results and operations.

How many votes are necessary to approve each of the particular matters submitted for consideration?

Each share of the Company's Common Stock is entitled to vote. The approval of the nominees for director requires a plurality of the votes cast at the annual meeting (Proposal 1). There are no cumulative voting rights for the election of directors. The approval of Proposal 2, which would approve the amendment of the Company's certificate of incorporation (the Certificate of Incorporation) in order to effect a one-for-three reverse stock split, requires the approval of the holders of at least 66-2/3 % of the outstanding shares of Common Stock. The approval of Proposals 3 and 4 which would, (i) approve the private placement of up to 19,000,000 shares of our post-reverse split Common Stock (See Proposal 2 of this Proxy Statement) at a price of \$0.01 per share, and (ii) approve the appointment of HLB Cinnamon Jang Willoughby, LLP as the Company's independent auditors for the current fiscal year, each requires the approval of the holders of at least a majority of the votes cast at the annual meeting. For purposes of voting on the foregoing matters, abstentions are included in vote totals and, as such, will have the same effect on each proposal, other than the election of directors (Proposal 1), as a negative vote. Abstentions as to the election of directors will not affect the election of the candidates receiving a plurality of votes. Broker non-votes are not included in vote totals and, as such, will have no effect on any other proposals.

Who will tabulate the votes?

Persons appointed by the chairman of the Annual Meeting to act as inspectors of election for the Annual Meeting will tabulate the stockholder votes. The inspectors of election will count all shares represented and entitled to vote on the proposal, whether voted for or against the proposal, or abstaining from voting, as present and entitled to vote on the proposal.

What if a nominee for director is unwilling or unable to stand for election?

Each of the nominees for director has agreed to stand for election. However, if any of the nominees for director become unavailable for election, which is not anticipated, the proxies named on the attached proxy card will vote for the election of such other person as the Board may recommend, unless the Board reduces the number of directors to be elected at the annual meeting.

How do I vote if I am not planning to attend the annual meeting?

If you do not plan on attending the annual meeting and would like to vote, you may mark your selections on the enclosed proxy card, and date, sign, and return the proxy card in the enclosed envelope.

Shares of the Company's Common Stock represented by a properly executed proxy that is received on or before the time of the annual meeting, and not subsequently revoked, will be voted at the annual meeting, or any adjournment or postponement thereof, in the manner directed on the proxy. David C. Hayes, Chief Financial Officer and Peter Jacobson, Corporate Secretary, are named as proxies in the proxy card and have been designated by the Board to represent you and vote your shares at the annual meeting. All shares represented by a properly executed proxy on which no choice is specified will be voted, to the extent applicable, (1) for the election of the nominees for director named in this Proxy Statement, (2) for the approval of the one-for-three reverse split of the Company's issued and outstanding Common Stock, (3) for the approval of the private placement of up to 19,000,000 post-split shares of our Common Stock at a price of \$0.01 per share, (4) for the approval of HLB Cinnamon Jang Willoughby, LLP as the Company's independent auditors for the current fiscal year, as described in this Proxy Statement and (5) in accordance with the proxy holders' best judgment as to any other business that may properly come before the annual meeting.

The Company encourages you to vote by mail even if you plan to attend the annual meeting in person. You may change your vote in writing or orally as provided below.

Table of Contents

May I change my vote after I have submitted my proxy?

Yes. To change your vote you can do any of the following:

Give notice of your changed vote to the Company in writing mailed to Peter Jacobson, Tribeworks Corporate Secretary, at 243 Front Street, San Francisco, California 94111; or

Attend the annual meeting and give oral notice of your intention to vote in person.

If my broker holds my shares of Common Stock in street name, will my broker vote my shares for me?

Brokers who hold shares in street name for customers are precluded from exercising voting discretion with respect to the approval of non-routine matters. Accordingly, absent specific voting instructions from the beneficial owners of such shares, brokers are not empowered to vote the shares with respect to the approval of non-routine matters (so called broker non-votes). However, brokers who do not have instructions from their street name customers may use their discretion in voting their customers shares on routine matters. With respect to the election of directors and other routine matters that may properly come before the annual meeting, brokers will have discretionary authority to vote the shares of Common Stock held by it in street name if beneficial owners fail to give voting instructions.

You should follow the directions provided by your broker regarding how to instruct your broker to vote your shares.

How is the Company soliciting proxies?

Proxies will be solicited initially by mail. Further solicitation may be made in person, by telephone, or by fax. The Company will bear the expense of preparing, printing, and mailing this Proxy Statement and accompanying materials to the Company s stockholders. Upon request, the Company will reimburse brokers, dealers, banks, or similar entities acting as nominees for reasonable expenses incurred in forwarding copies of the proxy materials relating to the annual meeting to the beneficial owners of the Company s Common Stock.

Where can I find the voting results of the annual meeting?

The Company will announce preliminary voting results at the annual meeting. However, the Company will publish the final results in its quarterly report on Form 10-QSB for the second quarter of 2005. The Company will file that report with the Securities and Exchange Commission (the SEC), and you can get a copy by contacting either the Company s Investor Relations office at (415) 674-5555 or the SEC at (800) SEC-0330 or www.sec.gov.

Table of Contents**MORE ABOUT PROPOSAL 1****Proposal 1 Election of Board of Directors**

You will be given the opportunity to vote on the election of the Board at the annual meeting. Currently, each director serves until the next annual meeting of stockholders or the director's successor is duly elected and qualified.

The nominees for election to the Board are Robert Altinger, David C. Hayes, W. Gordon Blankstein, Robert C. Gardner and Peter Jacobson.

At the meeting, five nominees are to be elected to the Board, each director to hold office until the next annual meeting of our stockholders or until their respective successors are duly elected and qualified. Unless your proxy specifies otherwise or withholds authority to vote for one or more nominees named on the proxy and described below, the shares represented by your proxy will be voted for the election of the five nominees. Proxies cannot be voted for a greater number of persons than the number of nominees named. If any nominee should become unavailable for election, your proxy may be voted for a substitute nominee selected by the Board, or the Board may be reduced accordingly. The Board is unaware of any circumstances likely to render any nominee unavailable.

Certain information with respect to the nominees is set forth below:

MORE ABOUT PROPOSAL 2

**Proposal 2 Approval of an Amendment to the Company's
Certificate of Incorporation for Purposes of Effecting a One-for-Three Reverse Stock Split of the Company's
Issued and
Outstanding Shares of Common Stock**

The Reverse Stock Split

The Board of Directors of the Company (the Board) on April 27, 2005, authorized and approved, subject to stockholder approval, a reverse stock split of one-for-three of the Company's issued and outstanding shares of common stock (the Reverse Stock Split).

The Company's Certificate of Incorporation currently states that any action required or permitted to be taken by the stockholders of the Company must be effected at a duly called annual or special meeting of the stockholders. Therefore, the Board has directed the filing of the Proxy Statement and the calling of the Annual Meeting of the Stockholders.

The Board approved the Reverse Stock Split based upon its judgment that the Reverse Stock Split was in the best interests of the Company and its stockholders, and that the Reverse Stock Split would result in the greatest marketability and liquidity of the Company's Common Stock. Effectuation of the Reverse Stock Split would reduce the number of issued and outstanding shares of Common Stock from an aggregate of 4,708,657 shares as of July 26, 2005 to approximately 1,569,552 shares of Common Stock issued and outstanding. The Common Stock is currently listed for trading on the NASD OTC Bulletin Board (the Bulletin Board) under the symbol TRBW.OB.

The Board believes that the Reverse Stock Split is in the Company's best interest, principally to be able to position the Company to raise additional equity financing. In addition, the resulting reduction in the number of issued and outstanding shares of Common Stock will provide the Company with additional authorized but unissued shares which could be utilized for future acquisitions or mergers or to otherwise carry out the Company's business objectives. At this time, there is a plan to privately place up to 19,000,000 shares of the Company's post-split Common Stock at a price of \$0.01 per share. (See Proposal 3 of this Proxy Statement). If approved by the stockholders, the Company intends to close this financing after the Annual Meeting, through a non-brokered private placement.

Although the Reverse Stock Split may increase the market price of the Common Stock, no such increase can be assured or calculated. The market price of the Common Stock may not rise in proportion to the reduction in the number of shares outstanding as a result of the Reverse Stock Split, nor can there be any assurance that the Reverse Stock Split will lead to a sustained increase in the market price of the Common Stock. In fact, there is a chance that the market price may decrease after the Reverse Stock Split. The market price of the Common Stock may also change as a result of other unrelated factors, including the Company's operating performance and other factors related to its business as well as general market conditions.

Another potential benefit of the Reverse Stock Split would be a potential reduction in the transaction costs associated with trading in the Common Stock. In most cases, trading costs include both brokers' trading commissions and the indirect cost of dealer markup—that is, the difference between the buying and selling prices of dealers in a given stock.

Further, the Board believes that the reduction in the number of shares of Common Stock outstanding, without any corresponding material alteration in the economic composition of the Company or relative interests of the

stockholders could enhance the public and institutional perception of the Company's Common Stock and thus generate investor interest.

Effective Date

In the event that a majority of the Company's stockholders approve the Reverse Stock Split, the Reverse Stock Split of the Common Stock is expected to become effective on or about August 19, 2005 (the Effective Date). Upon the Effective Date, the Company will notify the National Association of Securities Dealers, requesting that the split be made effective on the Effective Date. The Reverse Stock Split will take place on the Effective Date without any action on the part of the holders of the Common Stock and without regard to current certificates representing shares of Common Stock and without regard to current certificates representing shares of Common Stock being physically surrendered for certificates representing the number of shares of Common Stock each shareholder is entitled to receive as a result of the Reverse Stock Split. (See *Exchange of Stock Certificates* below)

Table of Contents***Whole Share in Lieu of Fractional Shares***

No fractional shares will be issued in connection with the Reverse Stock Split. Stockholders who would otherwise be entitled to receive fractional shares because they hold a number of shares of Common Stock that is not evenly divisible by 3 will have the number of new shares to which they are entitled rounded to the nearest whole number of shares. The number of new shares will be rounded up if the fractional share is equal to or greater than 0.5 and rounded down if the fraction is less than 0.5. No stockholders will receive cash in lieu of fractional shares. The Company does not believe that any stockholders will be eliminated because of the Reverse Stock Split, because the Company is not aware of any shareholders that hold less than 3 shares of our Common Stock, and further, due to the low trading price of the our Common Stock over the past several years, the Company does not believe that any shareholders hold less than 3 shares of our Common Stock.

The Company cannot predict whether the Reverse Stock Split will increase the market price for our Common Stock. The history of similar stock split combinations for companies in like circumstances is varied. There can be no assurance that:

the market price per share of the Common Stock after the Reverse Stock Split will rise in proportion to the reduction in the number of shares of the Common Stock outstanding before the Reverse Stock Split;

the Reverse Stock Split will not adversely impact the market price of the Common Stock as a result of negative investor opinion;

the Reverse Stock Split will result in a per share price that will attract brokers and investors who do not trade in lower priced shares;

the Reverse Stock Split will result in a per share price that will increase the Company's ability to attract and retain employees and other service providers.

Effect of a Reverse Stock Split and Related Actions on Authorized, Issued and Outstanding Shares

	# of Authorized Shares prior to Reverse Split	# of Authorized Shares After Reverse Split	# of Shares Issued & Outstanding Prior to Reverse Split	# of Shares Issued & Outstanding After Reverse Split	# of Shares Reserved for Issuance After Reverse Split
Common	200,000,000	200,000,000	4,708,657	1,569,553	2,017,721 ⁽¹⁾
Preferred	10,000,000	10,000,000	818,000	818,000	-0-

(1) Includes (i) 775,721 shares of Common Stock reserved for issuance under our 1999 Plan, 2001 Plan and 2004 Plan of which 82,834 shares of Common Stock are issuable upon exercise of currently outstanding options, (ii) 15,000 shares of Common Stock issuable upon exercise of currently outstanding warrants, (iii) 818,000 shares of Common Stock issuable upon conversion of currently outstanding shares of Series A Preferred Stock and (iv) 409,000 shares of Common Stock issuable upon exercise of warrants issuable in the event of conversion of the Series A Preferred Stock.

Effect of a Reverse Stock Split and Related Actions on Registration and Voting Rights

Our Common Stock is currently registered under Section 12(g) of the Securities Exchange Act of 1934, as amended (the Exchange Act), and we are subject to the periodic reporting and other requirements of the Exchange

Act. The proposed Reverse Stock Split and the related actions would not affect the registration of our Common Stock under the Exchange Act. After such a Reverse Stock Split and the related actions, our Common Stock would continue to be reported on the Bulletin Board, however, we would likely have to obtain a new ticker symbol.

Proportionate voting rights and other rights of the holders of our common stock would not be affected by the proposed Reverse Stock Split and the related actions (other than to the extent the recipient of a fractional share receives a whole share when that fractional share is rounded up in the split). For example, a holder of 2% of the voting power of the outstanding shares of our Common Stock immediately prior to the effective time of the Reverse Stock Split would continue to hold 2% of the voting power of the outstanding shares of our Common Stock after the Reverse Stock Split and the related actions. Our number of stockholders of record would not be affected by the proposed Reverse Stock Split.

Effect of a Reverse Stock Split on Series A Preferred Stock

Under the terms of our Series A Preferred Stock, a Reverse Stock Split would not affect the conversion ratio of the Series A Preferred Stock. Accordingly, in the event the proposed Reverse Stock Split is approved by the Company's stockholders, the shares of Series A Preferred Stock shall remain convertible into Common Stock on a 1:1 ratio, irrespective of the Reverse Stock Split.

Effect of a Reverse Stock Split on Stock Options and Par Value

A reverse stock split would reduce the number of shares of our common stock available for issuance under (i) the Tribeworks, Inc. 1999 Stock Option Plan (the 1999 Plan), (ii) the Tribeworks 2001 Stock Option Plan (the 2001 Plan) and (iii) the Tribeworks

Table of Contents

Employee Stock Incentive Plan (the 2004 Plan) in proportion to the exchange ratio of the Reverse Stock Split.

The aggregate number of shares of our Common Stock currently authorized for issuance under our 1999 Plan, 2001 Plan and 2004 Plan is 2,327,164. The par value of our Common Stock would remain at \$0.0004 per share following the effective time of the Reverse Stock Split, while the number of shares of our Common Stock issued and outstanding would be reduced.

We currently have an aggregate of 248,500 options outstanding to purchase shares of our Common Stock under our existing 1999 Plan, 2001 Plan and 2004 Plan.

Effect of a Reverse Stock Split on Warrants

As of July 26, 2005, we had outstanding warrants to purchase an aggregate of 45,000 shares of our Common Stock. Under the terms of our outstanding warrants as described herein, the proposed Reverse Stock Split will effect a reduction in the number of shares of our Common Stock issuable upon exercise of such warrants in proportion to the exchange ratio of the reverse stock split and will effect a proportionate increase in the exercise price of such outstanding warrants. In connection with the Reverse Stock Split, the number of shares of our Common Stock issuable upon exercise of outstanding warrants will be rounded to the nearest whole share and no cash payment will be made in respect of such rounding.

Potential Anti-Takeover Effect

The number of authorized shares of our Common Stock and Preferred Stock will not be affected as a result of the reverse stock split. Although the increased proportion of unissued authorized shares to issued shares could, under certain circumstances, have an anti-takeover effect (for example, by permitting issuances that would dilute the stock ownership of a person seeking to effect a change in the composition of our Board or contemplating a tender offer or other transaction for the combination of us with another company), the reverse stock split is not being proposed in response to any effort of which we are aware to accumulate shares of Common Stock or obtain control of us, nor is it part of a plan by management to recommend a series of similar amendments to our Board and stockholders. Other than the reverse stock split proposal, the Board does not currently contemplate recommending the adoption of any other amendments to our Articles of Incorporation that could be construed to affect the ability of third parties to take over or change control of the Company.

Exchange of Stock Certificates

After the effectiveness of the proposed Reverse Stock Split, each holder of an outstanding certificate theretofore representing shares of our Common Stock will receive from our transfer agent, Registrar and Transfer Company or from some other entity designated at the time as our exchange agent for the Reverse Stock Split, instructions for the surrender of such certificates to the exchange agent. Such instructions will include a form of transmittal letter to be completed and returned to the exchange agent. As soon as practicable after the surrender to the exchange agent of any certificate that prior to the Reverse Stock Split represented shares of our Common Stock, together with a duly executed transmittal letter, and any other documents the exchange agent may specify, the exchange agent shall deliver to the person in whose name such certificate had been issued certificates registered in the name of such person representing the number of full shares of our Common Stock into which the shares of our Common Stock previously represented by the surrendered certificate shall have been reclassified. Until surrendered as contemplated herein, each certificate that immediately prior to the proposed Reverse Stock Split represented any shares of our Common Stock

shall be deemed to and after the Reverse Stock Split to represent the number of full shares of our Common Stock contemplated by the preceding sentence. Each certificate representing shares of our Common Stock issued in connection with the Reverse Stock Split will continue to bear any legends restricting the transfer of such shares that were borne by the surrendered certificates representing the shares of our Common Stock.

No service charges, brokerage commissions, or transfer taxes shall be payable by any holder of any certificate that prior to approval of the Reverse Stock Split represented any shares of our Common Stock, except that if any certificates of our Common Stock are to be issued in a name other than that in which the certificates for shares of our Common Stock surrendered are registered, it shall be a condition of such issuance that (i) the person requesting such issuance shall pay to us any transfer taxes payable by reason thereof (or prior to transfer of such certificate, if any) or establish to our satisfaction that such taxes have been paid or are not payable, (ii) such transfer shall comply with all applicable federal and state securities laws, and (iii) such surrendered certificate shall be properly endorsed and otherwise be in proper form for transfer.

Federal Income Tax Consequences

The following description of the material federal income tax consequences of the proposed reverse stock split is based on the Internal Revenue Code of 1986, as amended, applicable Treasury Regulations promulgated thereunder, judicial authority, and current administrative rulings and practices as in effect on the date of this proxy statement. Changes to the laws could alter the tax consequences described below, possibly with retroactive effect. We have not sought and will not seek an opinion of counsel or a ruling from the Internal Revenue Service regarding the federal income tax consequences of such reverse stock split. This discussion is for general information only and does not discuss the tax consequences that may apply to special classes of taxpayers (e.g., non-resident aliens, broker/dealers, or insurance companies). The state and local tax consequences of the proposed reverse stock split may vary significantly as to each stockholder, depending upon the jurisdiction in which such stockholder resides. You are urged to consult your own tax advisors to determine the particular consequences to you.

In general, the federal income tax consequences of a reverse stock split will vary among stockholders depending upon whether they receive cash for fractional shares or solely a rounded-up number of whole shares of our Common Stock in exchange for their old shares of our Common Stock. We believe that because such reverse stock split is not part of a plan to increase periodically a stockholder's proportionate interest in our assets or earnings and profits, the Reverse Stock Split will likely have the following federal income tax effects: a stockholder who receives solely a rounded up number of whole shares of our Common Stock will not recognize gain or loss. In the aggregate, such a stockholder's basis in the rounded up number of whole shares of our Common Stock will equal the stockholder's basis in its old shares of our Common Stock. A stockholder who receives cash in lieu of a fractional share as a result of the Reverse Stock Split will generally be treated as having received the payment as a distribution in redemption of the fractional share, as provided in Section 302(a) of the Internal Revenue Code, which distribution will be taxed as either a distribution under Section 301 of the Internal Revenue Code or an exchange to such stockholder, depending on that stockholder's basis in its old shares of our common stock decreased by the basis allocated to the fractional share for which such stockholder is entitled to receive cash, and the holding period of the post-effective Reverse Stock Split shares received will include the holding period of the pre-effective reverse stock split shares exchanged. However, we do not propose to pay cash for fractional shares, but instead we will round up to the nearest whole share, and accordingly we do not believe any of our stockholders will recognize a gain or loss as a result of the Reverse Stock Split.

Required Vote

The affirmative vote of the holders of at least 66-2/3% of the outstanding shares of Common Stock entitled to vote is required to approve the proposed Reverse Stock Split.

MORE ABOUT PROPOSAL 3

Proposal 3 The Private Placement of Up to 19,000,000 Shares of Our Post-Reverse Stock Split Common Stock at a Price of \$0.01 per Share

The Board believes that it is necessary to raise additional capital to fund current operations of the Company and to retire outstanding indebtedness of the Company. With a limited market for the Company's equity securities, the Company intends, subject to stockholder approval, to close a private placement of up to 19,000,000 post-reverse split shares of its Common Stock for an aggregate investment of \$190,000.00. Investors purchasing these shares would be able to demand registration, under the Securities Act and applicable state securities laws, of the resale of these shares, starting six (6) months from the closing of the proposed private placement. Such closing would take place as soon after the date of the Company's annual meeting of its stockholders as possible. The Company intends to privately place these shares directly without the use of any broker, placement agent or finder.

In addition to this Common Stock financing, the Company announced on April 27, 2005 the proposed sale of up to \$500,000 of its Series A Preferred Stock. The Company has authorized the creation and issuance of One Million (1,000,000) shares of its Series A Convertible Redeemable Preferred Stock (the Series A Preferred Stock). The Series A Preferred Stock has a stated value of \$0.50 per share and ranks prior to all of the Company's Common Stock with respect to dividends and distribution of assets upon liquidation of the Company, whether voluntary or involuntary. Holders of Series A Preferred Stock will receive annual cumulative dividends equal to ten percent (10%) of the aggregate Liquidation Preference (which shall be the stated value of the Series A Preferred Stock, plus accrued but unpaid dividends, if any) per share of Series A Preferred Stock. Accrued dividends with respect to each share of Series A Preferred Stock are payable either in cash or in shares of Common Stock, at the Company's sole option.

At any time after issuance, the Company may redeem all, but not less than all, of the outstanding shares of Series A Preferred Stock for \$0.50 per share plus any accrued but unpaid dividends thereon. The holders of Series A Preferred Stock may elect to convert their shares after receipt of a notice of redemption from the Company until the close of business on the business day prior to the redemption date specified by the Company in the redemption notice. Such redemption notice must be delivered by the Company to the holders of the outstanding shares of Series A Preferred Stock at least 30 days prior to the redemption date specified by the Company in the redemption notice. The conversion ratio for the Series A Preferred Stock is one share of Common Stock for each share of Series A Preferred Stock so converted. At any time after issuance, the Company may, at its sole option, also force the holders of the Series A Preferred Stock to convert their shares of Series A Preferred Stock into Common Stock on a 1:1 conversion ratio. The conversion ratio of our Series A Preferred Stock shall not be affected by the Reverse Stock Split (See Proposal 2 of this Proxy Statement).

In the event of conversion of the outstanding shares of Series A Preferred Stock, the Company is obligated to issue to each holder of then outstanding Series A Preferred Stock a one year warrant to purchase one (1) share of Common Stock at a strike price of \$1.00 per share for each two (2) shares of Series A Preferred Stock so converted.

In order to (i) effect an amendment of the Company's Certificate of Incorporation or By-Laws which would materially adversely affect the rights of the Series A Preferred Stock or (ii) to alter, amend or repeal the rights preferences and special powers of the Series A Preferred Stock, the affirmative vote of the holders of at least 66-2/3% of the then outstanding shares of Series A Preferred Stock must first be obtained. The holders of Series A Preferred Stock have no voting rights other than as set forth in this paragraph.

The Company is not prohibited from issuing additional series of preferred stock that are senior or *parri passu* in priority to the Series A Preferred Stock. Further, the Company has no obligation to register the resale of any of the Series A Preferred Stock, the shares of Common Stock issuable upon conversion thereof or the shares of Common

Stock issuable upon the exercise of the warrants discussed above. The Company has privately placed 818,000 shares of Series A Preferred Stock with an aggregate purchase price of \$409,000 received by the Company. The Company privately placed these shares of Series A Preferred Stock directly without the use of any broker, placement agent or finder. The Company does not intend to sell any more shares of Series A Preferred Stock. The remaining unissued shares of Series A Preferred Stock have been returned to under signated status.

It is anticipated that the capital raised from these two financings will not be sufficient for the Company's operations over the next twelve (12) months. As a result, the Company will need to obtain additional financing subsequently either through the sale of additional equity in the Company or debt. At the present time, the Company has no current plans, proposals or arrangements, written or otherwise, for the sale of additional securities of the Company, except as set forth herein.

MORE ABOUT PROPOSAL 4

Proposal 4 Approval of HLB Cinnamon Jang Willoughby, LLP as the Company's Independent Auditors

The Board has selected the independent accounting firm of HLB Cinnamon Jang Willoughby, LLP to be the Company's independent auditors for the current fiscal year ending December 31, 2005. A representative of HLB Cinnamon Jang Willoughby, LLP is expected to attend the annual meeting with the opportunity to make a statement and to respond to appropriate questions from stockholders present at the annual meeting.

Notwithstanding the selection of HLB Cinnamon Jang Willoughby, LLP, the Board, in its discretion, may direct the appointment of new independent auditors at any time during the year if the Board feels that such a change would be in the best interests of the Company and the stockholders.

Although it is not required to do so, the Company wishes to provide stockholders with the opportunity to indicate their approval of the selection of auditors and accordingly is submitting a proposal to ratify the selection of HLB Cinnamon Jang Willoughby, LLP. If the stockholders should fail to approve this proposal, the Board will consider the selection of another auditing firm.

Required Vote

The approval of the appointment of HLB Cinnamon Jang Willoughby, LLP as our independent auditors requires the affirmative vote of not less than a majority of the votes cast at the annual meeting.

Prior to ARTISTdirect, Mr. Davidorf founded Mjuice.com, an Internet technology company focusing on the secure delivery of MP3 music files, which was later sold to ARTISTdirect. At Mjuice.com, Mr. Davidorf served as the CFO and was a member of the Board of Directors. Before founding Mjuice.com, Davidorf served as Controller and interim-CFO of Oceania, Inc. and prior to that was a Consultant for the Corporate Finance, Recovery & Disputes division of Price Waterhouse, LLP. Mr. Davidorf holds a B.S. in Economics, *magna cum laude*, from The University of Pennsylvania and is a Certified Public Accountant.

The biographies for Dr. Hayes and Mr. Jacobson are found under Proposal One on page 5 of this Proxy Statement.

Each director serves until the next annual meeting of stockholders or until his successor is qualified and elected. All of our officers serve at the pleasure of the Board. There are no family relationships among any of the Company's officers and directors. There are no arrangements or understandings with respect to the selection of our officers and directors.

CORPORATE GOVERNANCE***Director Independence***

The Board currently does not have any independent directors, as that term is defined under SEC regulations, because all directors are members of the Company's management team.

Board Composition and Director Qualifications

As of the date of this Proxy Statement the Board has not appointed members to a Nominating Committee and is therefore responsible for those matters that a Nominating Committee might otherwise assume. Currently, the Board has no procedures for assessing the composition of the Board or the qualifications of the directors.

Director Recommendations by Stockholders

The Board has not established a formal process for consideration director recommendations from stockholders. The Board will, however, consider recommendations, if received, in ample time before the preparation and release of the Company's annual proxy materials. For consideration, a recommendation would typically be submitted to our corporate secretary by the January 1st immediately preceding the annual meeting.

Communications with the Board

Stockholders may communicate with the Board, Board committees, non-management directors as a group, and individual directors by submitting their communications in writing to the Company's Chief Executive Officer. All communications must identify the author, state that the author is a stockholder of the Company, and be forwarded by certified mail to the following address:

Tribeworks, Inc.
243 Front Street
San Francisco, California 94111
Attn: Chief Executive Officer

The directors of the Company, including the non-management directors, have directed the Chief Executive Officer not to forward to the intended recipient any communications that are reasonably determined in good faith by the Chief Executive Officer to relate to improper or irrelevant topics.

Board Meetings

The Board held 5 meetings during 2004, and at each meeting certain members attended telephonically. All directors attended at least 75% of the Board meetings held during 2004. The Board acted by unanimous written consent on 3 occasions in 2004.

Board Committees

As of the date of this Proxy Statement, the Board has not formed an Audit or Compensation Committee. Therefore, the roles of an Audit and Compensation Committee have been conducted by the entire Board.

Tauber & Balser, P.C. (Tauber & Balser) has advised the Company that its representatives will be available by conference call at the annual meeting to discuss the Company's 2004 financial results and to make a statement if they desire to do so and to respond to appropriate questions.

The Board has also retained HLB Cinnamon Jang Willoughby, LLP to serve as the Company's independent auditors for the 2005 fiscal year.

The following is a summary of fees for the 2004 fiscal year:

Audit Fees. Tauber & Balser's aggregate audit fees billed or expected to be billed for 2004 are \$35,000, including fees pertaining to quarterly reviews of the Company's financial statements included in its quarterly reports on Form 10-QSB. Tauber & Balser's aggregate audit fees billed for 2003 were \$34,000, which included fees pertaining to quarterly reviews of the Company's financial statements in its quarterly reports on Form 10-QSB.

Financial Information Systems Design and Implementation Fees. Tauber & Balser did not render any professional services in 2004 or 2003 with respect to the Company's financial information systems design and implementation.

All Other Fees. Tauber & Balsers fees for all other services billed or expected to be billed for 2004 are \$-0-, including fees pertaining to 2004 federal and state tax compliance services, and tax planning fees. Tauber & Balsers fees for all other services billed in 2003 were \$4,620, including fees pertaining to 2002 federal and state tax compliance services, and tax planning fees.

The Board believes that the foregoing expenditures are compatible with maintaining the independence of Tauber & Balsers.

Compensation of Directors

The Company has three stock option plans, (i) the 1999 Plan, (ii) the 2001 Plan, and (iii) the 2004 Plan, with an aggregate of 2,327,164 shares authorized for issuance, and currently has stock options to purchase up to 248,500 shares of Common Stock outstanding. The Company does not currently compensate its directors for their services as members of the Board of Directors. We do reimburse Board members for their expenses incurred in connection with attendance at Board of Directors meetings. We may elect to begin compensating members of the Board of Directors for their services as directors in 2005 but have not made any current decision to do so.

Code of Business Conduct and Ethics

The Board of Directors has adopted a Code of Conduct applicable to all directors, officers and employees and a Code of Ethics for Financial Professionals applicable to the Company's Chief Executive and its financial officers, both of which are available, without charge, upon written request to Tribeworks, Inc., c/o Corporate Secretary, 243 Front Street, San Francisco, California 94111. These codes comply with Nasdaq and SEC requirements.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act of 1934, as amended (the Exchange Act), requires each director, officer, and individual beneficially owning more than 10% of a registered security of the Company to file with the SEC reports of security ownership and reports on subsequent changes in its ownership of the Company's securities within specified time frames. These specified time frames were shortened by the SEC during 2003 and generally require the reporting of changes in ownership within two business days of the transaction giving rise to the reporting obligation. Reporting persons are required to furnish the Company with copies of all Section 16(a) forms filed with the SEC.

Based solely upon the Company's review of the reports furnished to the Company pursuant to Section 16(a) of the Exchange Act, to the best of the Company's knowledge, all required Section 16(a) filings were timely and correctly made by reporting persons during 2004.

Security Ownership of Certain Beneficial Owners and Management

Set forth in the table below is information as of July 26, 2005, the record date of the annual meeting, concerning each stockholder known by the Company to beneficially own (i) more than 5% of any class of the Company's voting securities, (ii) each current director and executive officer of the Company, and (iii) all directors and executive officers as a group.

The Company based the percentage of ownership in the table on the following number of shares of capital stock:

4,708,657 shares of Common Stock;

The Company determines beneficial ownership based on the rules and regulations of the SEC. All shares of Common Stock that can be issued under convertible securities, warrants, or options within sixty days of July 26, 2005 are considered to be outstanding for the purpose of computing the percentage ownership of the person holding those securities, but are not considered to be outstanding for computing the percentage ownership of any other person. Each owner's percentage is calculated by dividing the number of shares beneficially held by that owner by the sum of (1) 4,708,657 and (2) the number of shares of Common Stock that any owner of convertible securities has the right to acquire within sixty days of July 26, 2005.

Notwithstanding anything to the contrary set forth in any of Tribeworks, Inc.'s (the Company) filings under the Securities Act of 1933, as amended (the Securities Act) or the Securities Exchange Act of 1934, as amended (the Exchange Act) that might incorporate future filings, including this Proxy Statement, in whole or in part, this section entitled Performance Graph shall not be incorporated by reference into any such filings, and shall not be deemed soliciting material under the Securities Act or the Exchange Act.

The following graph compares the cumulative total stockholder return on the Company's Common Stock over the five year period ended December 31, 2004 with the cumulative total return of the Russell 2000 Index and a Peer Group Index consisting solely of Macromedia Corporation. The Peer Group Index is limited in its composition because the Company believes that there is no other currently publicly traded company whose business is sufficient similar to ours in order to provide a meaningful comparison. The performance graph assumes an investment of \$100 on December 31, 1998 in each of the Company's Common Stock, the Nasdaq Market Index, and the Peer Group Index, and assumes reinvestment of dividends, if any. The historical stock performance shown on the graph is not intended to be indicative of future stock performance.
