The following message was circulated to the employees of BEI, from Bill Floyd, Chairman and Chief Executive Officer of BEI, on the morning of Friday, August 19, 2005.

MESSAGE FROM BILL FLOYD:

To All Associates

I want to inform you of the latest development in the sale process of our company. Late last night we received a proposal from the Formation Capital Consortium that offers a higher price than the one in the merger agreement we signed on Tuesday of this week with North American Senior Care (NASC). Under the new offer, the Consortium would pay \$12.90 per share in cash on terms and conditions substantially equivalent to, and in certain respects more favorable than, those in our merger agreement with NASC.

You may recall that I had mentioned in our meeting and conference call on Wednesday that receipt of a subsequent superior offer was a possibility even though we had signed a definitive agreement with NASC. In fact, it is not uncommon in auction situations for new proposals to be received, even after a bid has been accepted.

Our Board of Directors consistent with its responsibility to our stockholders has concluded that the terms of the Formation Consortium proposal are superior to those in the NASC merger agreement, and we have notified NASC of that. However, I want to emphasize that our agreement with NASC remains in effect and has not been terminated. Our Board and our financial and legal advisors are working diligently to arrive at a definitive agreement with the Consortium. However, these efforts may not lead to an agreement or to a consummated transaction. I also want to point out that our Board's action does not prevent North American Senior Care from presenting a counter-proposal, if it chooses to do so, by next Tuesday.

If NASC were to submit a counter-proposal, our Board under the terms of the agreement with NASC would take any new offer from NASC into consideration in deciding whether to pursue the merger agreement with NASC or terminate that agreement and pursue a new merger agreement with the Formation Consortium.

I know this latest proposal once again raises concerns about whether our businesses will remain together and whether corporate support services will continue to be provided in Fort Smith. All I can say at this point is that the Formation Consortium offer is NOT conditioned upon either the sale of any businesses or the termination of support services in Fort Smith and we do not know what the Consortium's current plans are.

I'll keep you posted as soon as more information becomes available. As I said on Wednesday, it ain't over until it's over.
Bill
