Item 1.01. Entry into a Material Definitive Agreement.

On June 14, 2007, Atmos Energy Corporation (Atmos Energy) completed a public offering of \$250,000,000 aggregate principal amount of its 6.35% Senior Notes due 2017 (the Notes) pursuant to an underwriting agreement, entered into on June 11, 2007 (the Underwriting Agreement), with Merrill Lynch & Co., Merrill Lynch, Pierce, Fenner & Smith Incorporated, SunTrust Capital Markets, Inc., Wachovia Capital Markets, LLC, Banc of America Securities LLC, Citigroup Global Markets Inc., Goldman, Sachs & Co., J.P. Morgan Securities Inc., Lehman Brothers Inc., Greenwich Capital Markets, Inc., BNY Capital Markets, Inc., Comerica Securities, Inc., Lazard Capital Markets LLC, Piper Jaffray & Co., SG Americas Securities, LLC and UBS Securities LLC. The Underwriting Agreement contains customary representations, warranties and agreements, conditions to closing and indemnification rights and obligations of the parties.

The Notes were issued pursuant to an indenture, dated as of June 14, 2007 (the Indenture), between Atmos Energy and U.S. Bank, National Association, as trustee. The Notes are represented by a global security, executed by Atmos Energy, dated June 14, 2007 (the Global Security). The Notes are unsecured obligations ranking equally with all of Atmos Energy s existing and future unsubordinated debt. The Notes bear interest at an annual rate of 6.35%, payable by Atmos Energy on June 15 and December 15 of each year, beginning on December 15, 2007. The Notes mature on June 15, 2017. Atmos Energy may redeem the Notes at its option at any time, in whole or from time to time in part, at a redemption price calculated in accordance with the Indenture.

The Indenture includes covenants that limit the ability of Atmos Energy and its restricted subsidiaries (as defined) to, among other things, (i) create specified liens, (ii) engage in specified sale and leaseback transactions, (iii) consolidate or merge with or into other companies or (iv) sell all or substantially all of Atmos Energy s assets. The restrictive covenants are subject to a number of exceptions and qualifications set forth in the Indenture. The Indenture provides for events of default, including (i) interest payment defaults, (ii) breaches of covenants, (iii) certain payment defaults at final maturity or acceleration of other indebtedness and (iv) the occurrence of events of bankruptcy, insolvency or reorganization. If any event of default occurs and is continuing, subject to certain exceptions, the trustee or the holders of at least 25% in aggregate principal amount of the then outstanding Notes may declare all the Notes to be due and payable immediately, together with any accrued and unpaid interest.

The foregoing summaries are qualified in their entirety by reference to the text of the Underwriting Agreement, the Indenture, and the Global Security, which are Exhibits 1.1, 4.1 and 4.2 of this Current Report on Form 8-K, respectively.

The Notes were issued pursuant to the Prospectus Supplement, dated June 11, 2007, to the Prospectus, dated December 4, 2006 (the Prospectus), filed as part of Atmos Energy s registration statement on Form S-3 (No. 333-139093) (the Registration Statement). Each of Exhibits 1.1, 4.1 and 4.2 are hereby incorporated by reference into the Registration Statement and the Prospectus.
