Election of New Director

On March 9, 2009, the Board of Directors (the Board) of Power Integrations, Inc. (the Company) appointed William L. George to serve as a director. Dr. George's election was recommended to the Board by the Nominating and Governance Committee of the Board. Dr. George was not appointed to any committees of the Board.

Dr. George, a 40-year veteran of the semiconductor industry, directed the worldwide operations of ON Semiconductor from its founding in 1999 until June 2007. From 2007 through his retirement in 2008 he directed the startup of ON Semiconductor's foundry services business. Prior to the spin-off of ON Semiconductor from Motorola, Inc., Dr. George served in a variety of operations and engineering roles in three decades at Motorola, most recently as corporate vice president and director of manufacturing for the company's semiconductor components group.

Upon appointment to the Board, Dr. George was granted a non-qualified stock option to purchase 25,834 shares of the Company's common stock (the Initial Grant) under the 1997 Outside Directors Stock Option Plan (the Directors Plan). The Initial Grant was granted with an exercise price equal to the fair market value of the Company's common stock on March 9, 2009. The Initial Grant vests with respect to (i) 1/3 of the shares on the first anniversary of the date of grant, and (ii) 1/36 of the shares in a series of twenty-four (24) successive equal monthly installments over the two (2)-year period measured from the first anniversary of the date of grant; *provided, however*, that all vesting will cease if Dr. George ceases to provide service to the Company. Notwithstanding the foregoing, the Initial Grant fully vests immediately if there is a Change in Control (as defined in the Directors Plan) as of the date ten (10) days prior to the date of the Change in Control. Dr. George received the Initial Grant in lieu of stock option grants under the Directors Equity Compensation Program of the 2007 Equity Incentive Plan. Beginning on July 1, 2009, Dr. George will receive equity compensation pursuant to the Directors Equity Compensation Program consistent with the Company's other non-employee directors.

As a non-employee director, Dr. George will also receive \$6,000 per quarter for service on the Board as well as compensation to attend Board meetings via phone or in person of \$750 and \$1,500, respectively. Dr. George will also be reimbursed for all reasonable travel and related expenses incurred in connection with attending Board and committee meetings. The Company intends to enter into an indemnity agreement with Dr. George that is in the form of indemnity agreement executed by other members of the Board.

In connection with Dr. George's appointment, the Board also granted a waiver of the Company's Code of Business Conduct and Ethics relating to options and stock he currently holds in a competitor, as more fully disclosed in Item 8.01 of this Form 8-K.

Executive Compensation

On March 9, 2009, the Compensation Committee of the Board took the following actions with respect to the Company's chief executive officer, chief financial officer, and other named executive officers as defined in Rule 402 of SEC Regulation S-K (collectively, the Officers):

2009 Bonus Plan

Approved the 2009 Bonus Plan as follows:

Each Officer, as described below, was assigned a target bonus applicable to service in 2009. Bonuses, which will be awarded in restricted stock units, will be earned based on Company performance as against the 2009 Bonus Plan's established revenue targets and non-GAAP operating income targets. The non-GAAP operating income targets were based on non-GAAP operating income, which excluded certain expenses, including (a) FAS 123R expense; (b) any extraordinary income and or expenses associated with mergers and acquisition activities, patent lawsuit settlements and IRS settlements; and (c) any other charges or adjustments which the Compensation Committee determines to be extraordinary or otherwise appropriate. Weighting of the target components is as follows:

Non-GAAP Operating Income	75%
 Total	 100%

Table of Contents**Revenue Component of Officer's Bonus:**

To the extent 2009 actual revenue increases above the minimum amount of revenue, the actual bonus increases, up to 100% of the revenue component of the target bonus when actual revenue equals target revenue in the 2009 Bonus Plan, and continues increasing thereafter as actual revenue increases, up to a maximum of 200% of the revenue component of the target bonus.

Non-GAAP Operating Income Component of Officer's Bonus:
