**PROXY STATEMENT**

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of MKS Instruments, Inc., a Massachusetts corporation, for use at the 2008 Annual Meeting of Shareholders to be held on May 5, 2008, at 10:00 a.m. at the Wyndham Boston Andover Hotel, 123 Old River Road, Andover, Massachusetts 01810, and at any adjournment or postponement thereof (the Annual Meeting ).

All proxies will be voted in accordance with the shareholders instructions. If no choice is specified in the proxy, the shares will be voted in favor of the matters set forth in the accompanying Notice of 2008 Annual Meeting of Shareholders. Any proxy may be revoked by a shareholder at any time before its exercise by delivery of written revocation to the Secretary. Attendance at the Annual Meeting will not in itself be deemed to revoke a proxy unless the shareholder gives affirmative notice at the Annual Meeting that the shareholder intends to revoke the proxy and vote in person.

**VOTING SECURITIES AND VOTES REQUIRED**

At the close of business on February 29, 2008, the record date for the determination of shareholders entitled to notice of and to vote at the Annual Meeting, there were issued and outstanding and entitled to vote 51,598,845 shares of our common stock, no par value per share (the Common Stock ). Each share entitles the record holder to one vote on each matter submitted at the Annual Meeting.

Under our Amended and Restated By-Laws (the By-Laws ), the holders of a majority of the shares of Common Stock issued and outstanding and entitled to vote at the Annual Meeting shall constitute a quorum for the transaction of business at the Annual Meeting. Shares of Common Stock present in person or represented by proxy (including broker non-votes and shares that abstain or do not vote with respect to a particular proposal to be voted upon) will be counted for purposes of determining whether a quorum exists at the Annual Meeting.

The affirmative vote of the holders of a plurality of the shares of Common Stock voting on the matter is required for the election of Directors. The ratification of PricewaterhouseCoopers LLP, or PwC, requires the approval of the holders of a majority of the shares of Common Stock present or represented by proxy at the Annual Meeting and voting on the matter.

Shares held by shareholders who abstain from voting as to a particular matter, and broker non-votes, which are shares held in street name by banks, brokers or nominees, who indicate on their proxies that they do not have discretionary authority to vote such shares as to a particular matter, will not be counted as votes in favor of such matter, and also will not be counted as shares voting on such matter. Accordingly, abstentions and broker non-votes will have no effect on the voting on a matter that requires the affirmative vote of a certain percentage of the shares voting on the matter. If the shares you own are held in street name by a bank or brokerage firm, your bank or brokerage firm, as the record holder of your shares, is required to vote your shares according to your instructions. In order to vote your shares, you will need to follow the directions your bank or brokerage firm provides you.

**CORPORATE GOVERNANCE**

**Board Independence**

The Board of Directors has determined that all of the members of the Board of Directors, other than Mr. Bertucci and Mr. Berlinghieri, are independent as defined under the rules of the NASDAQ Stock Market.

In determining Mr. Hanley's independence, the Board of Directors considered Mr. Hanley's past and current relationship with Novellus, a significant customer of MKS. The Board considered such factors including, but not limited to, the fact that Mr. Hanley is not a significant shareholder of Novellus and has not been an executive officer of Novellus since December 2003, and that Mr. Hanley's current role and compensation as a consultant to Novellus does not relate in any way to relationships with that company's suppliers in general or with us in particular. In determining Mr. Anderson's independence, the Board of Directors considered Mr. Anderson's 8.5% interest in Yield Dynamics, a company that we acquired in November 2007. The Board of Directors considered that Mr. Anderson recused himself from any discussion or vote relating to the acquisition of Yield Dynamics and that Mr. Anderson received consideration in the acquisition based only on his pro-rata shareholder interest in the target and that he voluntarily waived his right to receive any post-closing consideration based on the acquired company's performance.

The Board of Directors has selected Mr. Valente to serve as Lead Director of the Board of Directors. The primary role of the Lead Director is to serve as a liaison between the independent directors and the Chairman of the Board and the Chief Executive Officer and to represent the interest of the independent directors, as appropriate.

**Board of Director Meetings and Committees of the Board of Directors**

The Board of Directors held five meetings in 2007. Each director attended at least 75% of the aggregate of the total number of meetings of the Board of Directors and the total number of meetings of all committees of the Board of Directors on which he or she served. Pursuant to our Corporate Governance Guidelines, directors are encouraged to attend annual meetings of shareholders. All of the directors then serving on the Board attended the 2007 annual meeting of shareholders.

The Board of Directors has established three standing committees – Audit, Compensation and Nominating and Corporate Governance – each of which operates under a charter that has been approved by the Board of Directors. Each committee's current charter is posted in the Investors link on our website, [www.mksinstruments.com](http://www.mksinstruments.com), under the

heading Corporate Governance.

## **Table of Contents**

The Nominating and Corporate Governance Committee also oversees the annual self-evaluations of the Board of Directors and each of the Board committees. The Nominating and Corporate Governance Committee held three meetings in 2007.

For information relating to the nomination of directors, see [Director Candidates](#) below.

### **Audit Committee Financial Expert**

The Board of Directors has determined that each of the three members of the Audit Committee is an audit committee financial expert as defined in Item 407(d)(5) of Regulation S-K.

### **Director Candidates**

The Nominating and Corporate Governance Committee recommended to the Board of Directors that the director nominees be nominated by the Board of Directors for election as Class III directors. The process followed by the Nominating and Corporate Governance Committee to identify and evaluate director candidates includes requests to Board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the Committee and the Board of Directors.

In considering whether to recommend any particular candidate for inclusion in the Board of Directors slate of recommended director nominees, the Nominating and Corporate Governance Committee applies the criteria attached to the Committee's charter. These criteria include the candidate's integrity, business acumen, knowledge of our business and industry, experience, diligence, conflicts of interest and the ability to act in the interests of all shareholders. Nominees should generally be under the age of 75 at the time of nomination. The Committee does not assign specific weights to particular criteria and no particular criterion is a prerequisite for each prospective nominee. We believe that the backgrounds and qualifications of our directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow the Board of Directors to fulfill its responsibilities.

Shareholders may recommend individuals to the Nominating and Corporate Governance Committee for consideration as potential director candidates by submitting their names, together with appropriate biographical information and background materials and a statement as to whether the shareholder or group of shareholders making the recommendation has beneficially owned more than 5% of our Company's Common Stock for at least a year as of the date such recommendation is made, to the Nominating and Corporate Governance Committee, in care of Kathleen F. Burke, Esq., General Counsel, MKS Instruments, Inc., 2 Tech Drive, Suite 201, Andover, MA 01810. Assuming that appropriate biographical and background material has been provided on a timely basis, the Nominating and Corporate Governance Committee will evaluate shareholder-recommended candidates by following substantially the same process, and applying the same criteria, as it does in considering other candidates.

Shareholders also have the right under our By-Laws to directly nominate director candidates, without any action or recommendation on the part of the Nominating and Corporate Governance Committee or the Board of Directors, by following the procedures set forth under the heading [Deadline for Submission of Shareholder Proposals for the 2009 Annual Meeting](#) below.

### **Communications from Shareholders**

The Board of Directors will give appropriate attention to written communications that are submitted by shareholders, and will respond if appropriate.

The Chairman of the Nominating and Corporate Governance Committee, with the assistance of our General Counsel, is primarily responsible for monitoring communications from shareholders and for providing copies or summaries to the other directors as he considers appropriate.

Communications are forwarded to all directors if they relate to important substantive matters and include suggestions or comments that the Chairman of the Nominating and Corporate Governance Committee considers to be important for the directors to know. In general, communications relating to corporate governance and long-term

## **Table of Contents**

corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which we tend to receive repetitive or duplicative communications.

Shareholders who wish to send communications on any topic to the Board of Directors should address such communications to the Board of Directors in care of Kathleen F. Burke, Esq., General Counsel, MKS Instruments, Inc., 2 Tech Drive, Suite 201, Andover, MA 01810.

## **Code of Ethics**

**EXECUTIVE COMPENSATION**

**Compensation Discussion and Analysis**

***Compensation Philosophy and Objectives***

The primary objective of our executive compensation program is to attract, retain and motivate the critical talent that is required to execute our business strategy and lead us to achieve our long-term growth and earnings goals.

Our executive compensation program is guided by the following principles:

- Offer compensation programs that are competitive with programs at companies of similar size and in a similar industry.
- Reward individual initiative, leadership and achievement.
- Provide short-term annual performance bonus incentives for management to meet or exceed our earnings goals.
- Provide long-term equity incentive compensation, such as stock options, restricted stock and restricted stock units, or RSUs, to encourage management to focus on shareholder return.

Emphasize our pay-for-performance philosophy.

The Company's executive compensation program is designed to provide an overall compensation package that is competitive when benchmarked against that of comparable companies. Our goal is to use executive compensation programs to closely align the interests of our management with the interests of shareholders so that our management has incentives to achieve short-term performance goals while building long-term value for our shareholders. We will review our executive compensation programs from time to time in order to determine their competitiveness, and to take into account factors that are unique to us.

**Table of Contents**

***Elements of Compensation***

The following summarizes the compensation elements for our principal executive officer, principal financial officer, each of the three other most highly compensated executive officers and Frank W. Schneider, our Vice President and General Manager, Ion Systems, who was an executive officer for a portion of 2007 (collectively, the Named Executive Officers ).

***Base Salary***

Base salaries are designed to provide executives with a level of predictability and stability with respect to a portion of their total compensation package. In establishing base salaries for executive officers, the Compensation Committee considers the executive s responsibilities, performance, historical salary levels, internal equity among executives and the base salaries of executives at comparable companies and, with respect to salaries other than that of the Chief Executive Officer, the Chief Executive Officer s recommendations.

***Short-term Incentives***

Our Management Incentive Bonus Plan provides a short-term incentive to reward management for reaching our overall earnings goals and those of certain product groups and to reinforce our pay-for-performance philosophy. We believe that our bonus plan provides significant incentive to the executive officers to exceed our financial goals. Each executive is eligible for an annual performance bonus calculated based on a specified target percentage of base salary, called an Individual Incentive Target. In 2007, the Individual Incentive Targets were 100% of base salary for Mr. Berlinghieri, 60% of base salary for Mr. Colella, 50% of base salary for Mr. Smith and Mr. Stewart and 45% of base salary for Mr. Weigner and Mr. Schneider. For Named Executive Officers other than Messrs. Stewart and Schneider, annual performance bonuses are based upon achievement of specific corporate pro-forma pre-tax earning goals. For Messrs. Stewart and Schneider, who are General Managers of product groups, 70% of the bonus is based on the corporate objective, while 30% is based on the achievement of annual earnings goals for their respective products group.

The corporate element of the bonus plan formula is calculated as follows:

$$\text{Base Salary} \times \text{Individual Incentive Target} \times \text{Corporate Performance Multiplier}$$

The product group element of the bonus plan formula is calculated as follows:

$$\text{Base Salary} \times \text{Individual Incentive Target} \times \text{Product Group Performance Multiplier}$$

Each of the Corporate Performance Multiplier and Product Group Performance Multiplier ranges from 0% for achievement below a specified minimum corporate or product group goal, respectively, up to 200% for achievement of a maximum corporate or product group goal. Accordingly, the maximum payout possible for each executive is 200% of his Individual Incentive Target and the minimum payout is zero, with incremental payouts for performance between these levels.

For 2007, we paid a bonus of 55.88% of Individual Incentive Targets to the Named Executive Officers.

***Long-Term Incentive Compensation***

We provide executives with long-term incentive compensation, in the form of stock options, restricted stock and RSUs in order to:

Align executives' interests with those of the shareholders by allowing executives to share in appreciation in the value of our common stock.

Balance the short-term focus of annual short-term incentive compensation with a longer term reward for appreciating our value.

Retain executives because equity-based compensation vests over time.

Prior to 2006, we issued primarily stock options. In 2006, we issued restricted stock and in 2007, we began to issue RSUs. We believe that RSUs and restricted stock awards are attractive because they help ensure executives' interests are aligned with shareholders in both an increasing and declining stock market and because they are

## **Table of Contents**

preferable to options, which have a relatively high accounting cost as compared to its potential value to the executive. In 2007, the Named Executive Officers received 50% of their total equity grant value in the form of performance-based RSUs and 50% in the form of time-based RSUs to further our pay-for-performance philosophy. These RSUs vest in equal annual installments over three years, subject to achievement of the performance goal with respect to the performance-based portion.

When establishing equity grant levels, the Compensation Committee considers general corporate performance, comparable company grants to comparable executives, executive seniority and experience, the dilutive impact of the grants, previous grant history for each executive, vesting schedules of outstanding equity-based grants, the current stock price and individual contributions to our financial, operational and strategic objectives and, with respect to grants made to individuals other than the Chief Executive Officer, the Chief Executive Officer's recommendations.

It is our practice to make an initial equity-based grant to all executives at the time they commence employment, in an amount that is consistent with those granted to executive officers in the industry at similar levels of seniority. In addition, we typically make an annual grant of equity-based compensation to executives during the first fiscal quarter of each year. Discretionary equity-based grants may be made throughout the year to provide an incentive to achieve a specific goal or to reward a significant achievement.

### *Retirement Benefits*

Pursuant to employment agreements, we provide supplemental retirement benefits to certain executives including Messrs. Berlinghieri, Colella, Smith and Weigner. These supplemental benefits are designed to reward long service with us and to serve as a significant incentive for these executives to remain with us. In addition, these benefits are designed to provide for supplemental retirement benefits for executives that are not available under our company-wide employee benefit plans due to regulatory limitations on benefit accruals.

In addition, we also provide retiree medical benefits to Messrs. Stewart and Weigner, and their respective spouses, for their lifetimes, upon meeting specified criteria. This benefit was designed to retain Messrs. Stewart and Weigner over the long-term because it is contingent upon the executive maintaining his employment with us until age 62, with specified exceptions.

### *Perquisites*

We offer certain perquisites to the Named Executive Officers to allow executives to focus on corporate strategy and enhancing shareholder value, to provide competitive pay packages and, in certain circumstances, to entertain customers. Examples of these perquisites are car payments, health cost reimbursements and club memberships.

### *Severance and Change-in-Control Provisions*

We have entered into employment agreements with each of the Named Executive Officers, providing for certain severance provisions and benefits associated with various termination scenarios and restricting the officers' ability to compete with us. In addition, restricted stock agreements and RSU agreements with the Named Executive Officers provide for certain vesting acceleration in the event of a change-in-control. The severance and change-in-control provisions are designed to be competitive in the marketplace, and provide security for Named Executive Officers in the event that we are acquired and their respective position is impacted. They are also intended to protect us from competitive harm by compensating the Named Executive Officers for agreeing to substantial non-compete provisions after termination.

### *Engagement of Compensation Consultant; Market Comparison*

In 2007, the Compensation Committee engaged a compensation consultant, Radford Associates, to serve as an independent advisor to the Compensation Committee regarding compensation for the Board of Directors and executives. The compensation consultant prepared for the Compensation Committee a competitive analysis of compensation for each executive utilizing comparable company compensation data, and size and industry appropriate broad survey data. The Compensation Committee may elect to engage a compensation consultant

**Table of Contents**

from time to time in the future. We will review the companies used for benchmarking each year and may change from year-to-year depending on changes in the marketplace, acquisitions, divestitures and business focus of us or comparable companies.

***Role of Company Executives***

The Chief Executive Officer reviews executive performance with the Compensation Committee and makes recommendations relating to executive compensation. Management develops proposed goals for review and approval by the Compensation Committee for the annual performance bonus and performance-based equity, develops proposals relating to potential changes in compensation programs for review and approval by the Compensation Committee and provides the Compensation Committee and advisors with information necessary to evaluate and implement compensation proposals and programs.

**Impact of Accounting and Tax on the Form of Compensation**

***Impact of Code Section 162(m)***

Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), generally disallows a tax deduction to public companies for certain compensation in excess of \$1.0 million paid to such company's chief executive officer and other executive officers whose compensation is required to be reported to shareholders pursuant to the Exchange Act by reason of being among the four most highly paid executive officers. Certain compensation, including qualified performance-based compensation, will not be subject to the deduction limit if certain requirements are met. The Compensation Committee reviews the potential effect of Section 162(m) periodically and generally seeks to structure the compensation granted to its executive officers in a manner that is intended to avoid disallowance of deductions under Section 162(m). However, because neither our 2004 Stock Incentive Plan (other than with respect to stock options) nor our Management Incentive Bonus Plan is designed to qualify as performance-based compensation under Section 162(m), it is possible that a portion of any bonus payable to, or compensation arising under equity awards granted to, the Chief Executive Officer and certain other executives will not be deductible for federal income tax purposes. The Compensation Committee reserves the right to use its judgment to authorize compensation payments which may be in excess of the Section 162(m) limit when the Committee believes such payments are appropriate, after taking into consideration changing business conditions or the officer's performance, and are in the best interests of the shareholders.

***Impact of SFAS 123R***

The Compensation Committee has considered the impact of the Statement on Financial Accounting Standards No. 123R, Share-Based Payment (SFAS 123R), on our use of equity incentives as a key retention tool. Because of the significant cost associated with options under SFAS 123R as compared to the potential value delivered, the Compensation Committee elected to grant more efficient equity instruments instead of stock options. Accordingly, it granted to executives restricted stock in 2006 and RSUs beginning in 2007. The Compensation Committee will regularly review its choice of equity instruments taking into account both tax and accounting considerations.

**Table of Contents****COMPENSATION COMMITTEE REPORT**

In 2007, the Compensation Committee comprised Messrs. Anderson, Kahl (who replaced James Berges on May 7, 2007) and Valente. None of the members were, at any time, officers or employees of us or our subsidiaries, and none of them had any relationship with us requiring disclosure under Item 404 of Regulation S-K under the Exchange Act. None of our executive officers serves, or has served, as a member of the board of directors or compensation committee (or other committee serving an equivalent function) of any other entity which has one or more executive officers serving as a member of our Board of Directors or Compensation Committee.

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management. Based on such review and discussions, the Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement on Schedule 14A.

Respectfully submitted,

Louis P. Valente, Chairman  
Robert R. Anderson, Member  
Hans-Jochen Kahl, Member

The Report of the Compensation Committee and related disclosure shall not be deemed incorporated by reference by any general statement incorporating this proxy statement into any filing under the Securities Act of 1933 or under the Exchange Act, except to the extent that we specifically incorporate this information by reference, and shall not otherwise be deemed filed under such Acts.

(1) Represents the proportionate amount of the total fair value of stock and option awards recognized by us as an expense in the applicable year for financial accounting purposes. The fair values of these awards and the

**Table of Contents**

amounts expensed in the year indicated were determined in accordance with SFAS 123R. The awards for which expense is shown in this table include the awards described in the Grants of Plan-Based Awards table of this proxy statement, as well as awards granted in previous years for which we recognized expense in the year indicated. We granted restricted stock to the Named Executive Officers in 2006 and RSUs to the Named Executive Officers in 2007. The assumptions used in determining the grant date fair values of awards are set forth in the notes to our consolidated financial statements, which are included in our Annual Report on Form 10-K filed with the Commission on February 28, 2008.

- (2) Reflects compensation under the Management Incentive Bonus Plan earned for the year indicated that was paid in the following year. Each executive was eligible for an annual performance bonus calculated based on a specified target percentage of base salary, called an Individual Incentive Target. The Individual Incentive Targets for the Named Executive Officers in 2007 were: Mr. Berlinghieri 100%, Mr. Weigner 45%, Mr. Colella 60%, Mr. Smith 50% and Mr. Stewart 50%. In 2006, the targets for the 2006 Named Executive Officers were: Mr. Berlinghieri 75%, Mr. Weigner 40%, Mr. Colella 50% and Mr. Stewart 40%. The maximum bonus payout possible was 200% of this Individual Incentive Target and the minimum payout was zero, with incremental pay-outs for performance between these levels. For all Named Executive Officers other than Messrs. Schneider and Stewart, annual performance bonuses were paid out upon achievement of specific corporate pro forma pre-tax EPS goals. For Messrs. Schneider and Stewart, who are the general managers of product groups, 70% of the bonus was based on this corporate objective, while 30% was based on annual earnings achieved by the respective product group. For 2007, we paid a bonus of 55.88% of Individual Incentive Targets to the Named Executive Officers, and in 2006, we paid 200%.
- (3) For supplement retirement benefits, this reflects the actuarial increase in present value for each year indicated, from the prior fiscal year. For deferred compensation, this reflects the theoretical change in assets from the prior fiscal year. The employment agreements for each Messrs. Berlinghieri, Weigner and Colella provide for supplemental retirement benefits. The employment agreement for Mr. Smith provides for a deferred compensation program.

**Table of Contents****Pension Benefits**

Pursuant to employment agreements, we provide supplemental retirement benefits to certain executives including Messrs. Berlinghieri, Weigner and Colella. These supplemental benefits are designed to reward long service with us and to serve as a significant incentive for these executives to remain with us. In addition, these benefits are designed to provide for supplemental retirement benefits for executives that are not available under our company-wide employee benefit plans due to regulatory limitations on benefit accruals.

The benefits vest upon the employee reaching both (i) specified ages and (ii) 25 years of service with us, in each case while employed with us, or upon the employee's earlier death, disability, termination without cause (as defined in the employment agreements) or a qualifying termination in connection with a change-in-control (as defined in the agreement) and are forfeited in the event of termination for cause. When fully vested, the benefits provide for lifetime annual payments equal to 50% of the employee's final average compensation, with 50% of such amount payable to his spouse for life after the employee's death, or a lump sum payment of an aggregate amount calculated in accordance with actuarial tables. These benefits are not subject to any deduction for social security or other offset amounts. Final average compensation is equal to the average of officer's three highest years of compensation (salary plus bonus) during the 10 years prior to the officer's retirement (or other qualifying termination).

The table below summarizes the present value as of December 31, 2007 of the accumulated benefits of our Named Executive Officers under their Supplemental Pension arrangements.

### **Nonqualified Deferred Compensation**

We have provided supplemental defined contribution retirement benefits to Mr. Smith. We contribute an annual amount equal to 15% of Mr. Smith's salary, and may elect to contribute additional amounts in our sole discretion. These amounts are placed into hypothetical investment instruments in accordance with Mr. Smith's instruction. These benefits fully vest upon Mr. Smith retiring at age 65. When fully vested, the benefits provide for annual installment payments from Mr. Smith's account over 10, 15 or 20 years, or a lump sum payment, as elected by Mr. Smith. Mr. Smith may also elect to defer up to 25% of his base salary and up to 100% of his bonus, until a

**Potential Payments Upon Termination of Employment or Change-in-Control**

This section summarizes each Named Executive Officers' estimated payments and other benefits that would be received by the Named Executive Officer or his estate if his employment had terminated on December 31, 2007, under the circumstances set forth below.

**Mr. Berlinghieri**

Mr. Berlinghieri's employment and equity agreements provide for the following:

If Mr. Berlinghieri's employment is terminated by us (other than for failure or refusal to perform his obligations, commitment of acts not in our interest, commission of a felony or willful misconduct), he will receive salary for 12 months after the date of such termination. He will also receive company paid medical, dental, life and vision insurance for 12 months.

If Mr. Berlinghieri's employment is terminated by us without cause or by Mr. Berlinghieri for good reason (each as defined in the agreement), within two years after a change-in-control, and certain other criteria are met, Mr. Berlinghieri will be entitled to:

Salary and bonus for 36 months paid in a lump sum and grossed-up for applicable state and federal taxes;

Paid medical, dental, life and vision insurance for 36 months;

Full vesting of restricted stock and RSUs; and

A tax gross-up for any taxes due under Code Section 4999 for excise parachute payments.

During the term of Mr. Berlinghieri's employment and for a period of one year thereafter (or two years, if employment was terminated by Mr. Berlinghieri other than for good reason), Mr. Berlinghieri may not (i) engage in any competitive business or activity, (ii) work for or become a partner with any of our employees, officers or agents, or

(iii) have any financial interest in or be a director, officer, 1% shareholder, partner, employee or consultant to any of our competitors. For a period of two years after termination of employment, Mr. Berlinghieri may not (i) solicit any customer to become a customer, distributor or supplier of any other person or entity or to cease doing business with us, or (ii) solicit or hire any of our employees or agents to terminate such person's employment or engagement with us or to work for a third party.

***Other Named Executive Officers***

All of the other Named Executive Officers' employment terms are month to month, with termination upon death, disability, or at our election if the employee fails to perform his duties or commits any act not in our best

interest. Messrs. Colella, Schneider, Smith, Stewart and Weigner are entitled to the following benefits under their agreements:

Severance equal to 1/2 of their base salary in the event that they are terminated without cause; and

Six months continuation of specified health benefits at our cost.

Messrs. Colella and Weigner also receive gross-up payment for any excise taxes imposed under Code Section 4999 and Messrs. Stewart and Weigner also receive retiree medical benefits.

We have provided supplemental defined contribution retirement benefits to Mr. Smith. We contribute an annual amount equal to 15% of Mr. Smith's salary, and may elect to contribute additional amounts in our sole discretion. These amounts are placed into hypothetical investment instruments in accordance with Mr. Smith's instruction. These benefits fully vest upon Mr. Smith retiring when he is at least age 65. When fully vested, the benefits provide for annual installment payments from Mr. Smith's account over 10, 15 or 20 years, or a lump sum payment, as elected by Mr. Smith. Mr. Smith may also elect to defer up to 25% of his base salary and up to 100% of his bonus, until a time specified by Mr. Smith. These benefits are not subject to any deduction for social security or other offset amounts.

Each of the Named Executive Officers' employment agreements (other than Mr. Schneider's) contains a non-competition provision. With respect to Messrs. Colella, Smith, Stewart and Weigner, such employees may not, during the term of their employment and for the period of one year after termination of employment (or, in the case of Messrs. Weigner and Stewart, two years if employment was terminated by such employee other than for good reason (as defined in the agreement)):

engage in any competitive business or activity;

work for, employ, become a partner with, or cause to be employed, any of our employees, officers or agents;

give, sell or lease any competitive services or goods to any of our customers; or

have any material financial interest in or be a director, officer, partner, employee or consultant to or exceed specified shareholding limitations in, any of our competitors.

Each of the employment agreements (other than Mr. Schneider's) also contains non-solicitation provisions. During the term of employment and for a period of two years after termination of employment (one year for Messrs. Colella and Smith), the employees may not (i) solicit any customer to become a customer, distributor or supplier of any other person or entity or to cease doing business with us, or (ii) solicit or hire any of our employees or agents to terminate such person's employment or engagement with us or to work for a third party.

Each Named Executive Officer's RSUs and restricted stock awards provide for 100% acceleration of vesting of all shares if the executive is terminated without cause or resigns with good reason within 24 months of a change-in-control, as defined in the agreement. RSUs typically vest in three equal annual installments, and 50% are generally subject to performance criteria. Restricted stock awards normally vest in full on the third anniversary of the date of grant.

Disability(6)	N/A	N/A	\$1,104,243	N/A	N/A	N/A	\$ 1,104,243

(1) Benefits Continuation reflects our cost for life insurance, medical, dental and vision coverage for 12 months following involuntary without cause termination or 36 months following a change-in-control.

(2) For purposes of assessing whether Mr. Berlinghieri would be liable for a 280G excise tax (and in turn entitled to a gross-up from us), the calculations assume that if Mr. Berlinghieri was terminated within 24 months of a change-in-control, the vesting on his options would be accelerated (which the Board of Directors may determine at its discretion).

(3) The total does not include the present value of accumulated benefit under the Supplemental Retirement Benefits. See the Pension Benefits table for this information.

(4) 100% of the unvested RSUs and restricted stock award vests. For purposes of determining the value of the acceleration of unvested options, the calculations assume that Mr. Berlinghieri was terminated following the change-in-control and the vesting on his options was accelerated by the Board of Directors, which the Board of Directors may determine at its discretion.

(5) We will reimburse Mr. Berlinghieri for any state and federal income taxes associated with the severance payment, as well as any excise taxes due under Internal Revenue Code Section 280G.

- (6) Upon death and disability, RSUs fully vest and the percentage of restricted stock equal to the percentage of time between the grant date and the third anniversary of the grant date remaining at the time of such death or disability is forfeited. The stated value assumes the death or disability occurred on December 31, 2007.

(3) For purposes of assessing whether Mr. Weigner would be liable for a 280G excise tax (and in turn entitled to a gross-up from us), the calculations assume that if Mr. Weigner was terminated within 24 months of a change-in-control, the vesting on his options would be accelerated (which the Board of Directors may determine at its discretion).

The total does not include the present value of accumulated benefit under the Supplemental Retirement Benefits. See the Pension Benefits table for this information.

Had Mr. Weigner been terminated following a change-in-control on December 31, 2007, there would not have been an excise tax liability due.
- (7) To be eligible for retiree medical benefits, the termination only needs to occur within 36 months of the change-in-control.
- (8) Upon death and disability, RSUs fully vest and the percentage of restricted stock equal to the percentage of time between the grant date and the third anniversary of the grant date remaining at the time of such death or disability is forfeited. - (1) Represents the proportionate amount of the total fair value of equity awards recognized by us as an expense in 2007 for financial accounting purposes. The fair values of these awards and the amounts expensed in 2007 were determined in accordance with FAS 123R. The awards for which expense is shown in this table include awards granted in previous years for which we recognized expense in 2007. The assumptions used in determining the grant date fair values of these awards are set forth in the notes to our consolidated financial statements, which are included in our Annual Reports on Form 10-K filed with the Commission. Aggregate grant date fair values, calculated in accordance with FAS 123R, for RSUs granted in 2007 to the non-employee directors were \$183,048 for Ms. Amon (who received an RSU for 6,666 shares) and \$109,840 for each of the other non-employee directors (who received RSUs for 4,000 shares). Aggregate number of equity awards (vested and unvested) to non-employee directors outstanding at December 31, 2007 were as follows: Ms. Amon, 5,000 RSUs; Mr. Anderson, 62,819 options and 4,000 RSUs; Mr. Beecher, 20,000 options and 4,000 RSUs; Mr. Chute, 76,500 options and 4,000 RSUs; Mr. Kahl, 14,819 options and 4,000 RSUs; and Mr. Valente, 82,500 options and 4,000 RSUs.
- (2) In 2007, Mr. Bertucci did not receive an equity grant in his capacity as a director, as he had not been a non-employee director for 6 months at the time of the 2007 annual director grant.
- (3) As of December 31, 2007, Mr. Bertucci had 8,819 options outstanding, which options were granted to him in his former capacity as a director of Applied Science and Technology, Inc., which was acquired by MKS in 2001.

- (4) In 2007, Mr. Bertucci received \$675,000 as severance in connection with the termination of his employment as Executive Chairman effective as of December 31, 2006, pursuant to the terms of his previous employment agreement. Mr. Bertucci also receives retiree medical benefits under his previous employment agreement, which had a net present value of \$79,363 as of December 31, 2007, and which requires that he make an annual contribution toward the benefit of \$1,500, plus 30% of all costs. Mr. Stewart, our Vice President and General Manager of the Vacuum Products Group, is the general partner of Aspen Industrial Park Partnership, LLLP and 5330 Sterling Drive, LLC (collectively, Aspen ). Three of Mr. Stewart's siblings, Timothy Stewart, Christopher Stewart and Marian Stewart, are also partners in Aspen. We leased from Aspen certain facilities occupied by our Vacuum Products Group in Boulder, Colorado, until Aspen sold those facilities to a third party on March 30, 2007. We paid Aspen approximately \$191,000 in 2007 to lease such facilities. The leases were entered into, and were later extended, at then prevailing market rates. Since March 30, 2007, we no longer lease any facilities from Aspen.

Mr. Stewart shares a household with our Director of Operations, Vacuum Products Group, located in Boulder, Colorado, who received from MKS \$184,175 in salary, an annual bonus targeted at 25% of her salary (approximately \$26,000 for 2007), and received in 2007 RSU grants for an aggregate of 3,250 shares of our Common Stock (with aggregate grant date value of approximately \$73,710).

**REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS**

The Audit Committee of our Board of Directors is currently composed of three members and acts under a written charter adopted and approved on February 4, 2004 and amended on February 12, 2007. The members of the Audit Committee are independent directors, as defined by its charter and the rules of the NASDAQ Stock Market, and possess the financial sophistication required by such charter and rules. The Audit Committee held five meetings during the fiscal year ended December 31, 2007.

Management is responsible for our internal controls and the financial reporting process. Our independent registered public accounting firm, PwC, is responsible for performing an independent audit of our Company's financial statements and our internal control over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board (United States), and issues a report on those financial statements. The Audit Committee is responsible for monitoring and overseeing these processes. As appropriate, the Audit Committee reviews and evaluates, and discusses with our management, internal accounting, financial and internal auditing personnel and the independent registered public accounting firm, the following:

the plan for, and the independent registered public accounting firm's report on, audits of our financial statements;

our financial disclosure documents, including all financial statements and reports filed with the Commission or sent to shareholders;

management's selection, application and disclosure of critical accounting policies;

major changes in our significant accounting practices, principles, controls or methodologies;

significant developments or changes in accounting rules applicable to us; and

the adequacy of our internal controls and accounting, financial and internal auditing personnel.

The Audit Committee reviewed our audited financial statements for the fiscal year ended December 31, 2007 and discussed these financial statements with our management. Management represented to the Audit Committee that our financial statements had been prepared in accordance with accounting principles generally accepted in the United States. The Audit Committee also reviewed and discussed the audited financial statements and the matters required by Statement on Auditing Standards No. 61—Communication with Audit Committees, as amended (SAS 61), with PwC, our independent registered public accounting firm. SAS 61 requires our independent registered public accounting firm to discuss with our Audit Committee, among other things, the following:

methods to account for significant unusual transactions;

the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus;

the process used by management in formulating particularly sensitive accounting estimates and the basis for the registered public accounting firm's conclusions regarding the reasonableness of those estimates; and

disagreements with management over the application of accounting principles, the basis for management's accounting estimates and the disclosures in the financial statements.

Our independent registered public accounting firm also provided the Audit Committee with written disclosures and a letter required by Independence Standards Board Standard No. 1 – Independence Discussions with Audit Committees. Independence Standards Board Standard No. 1 requires registered public accounting firms annually to disclose in writing all relationships that in the auditor’s professional opinion may reasonably be thought to bear on independence, confirm their perceived independence and engage in a discussion of independence. In addition, the Audit Committee discussed with the independent registered public accounting firm their independence from us. The Audit Committee also considered whether the independent registered public accounting firm’s provision of the other, non-audit related, services to us, which are referred to below, is compatible with maintaining such independent registered public accounting firm’s independence.

**Table of Contents**

Based on its discussions with management and the independent registered public accounting firm and its review of the representations and information provided by management and the independent registered public accounting firm, the Audit Committee recommended to our Board of Directors that our audited financial statements be included in the our Annual Report on Form 10-K for the year ended December 31, 2007.

**THE BOARD OF DIRECTORS BELIEVES THAT THE PROPOSAL TO RATIFY THE APPOINTMENT OF PWC AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2008 IS IN THE BEST INTERESTS OF MKS AND OUR SHAREHOLDERS AND THEREFORE RECOMMENDS A VOTE FOR THIS PROPOSAL.**
