The record date for the meeting is March 21, 2008. Only stockholders of record at the close of business on that date are entitled to vote at the meeting.

By submitting your proxy (by signing and returning the proxy card, or processing your proxy online, or by phone), you authorize each of Yehudit Bronicki, Chief Executive Officer of Ormat, and Ety Rosner, Senior Vice President and Corporate Secretary of Ormat, to represent you and vote your shares at the meeting in accordance with your instructions. Questions and Answers about the 2008 Annual Meeting of Stockholders

What is the purpose of the 2008 Annual Meeting of Stockholders?

At the 2008 Annual Meeting of Stockholders, the stockholders will be asked to:

1. Elect two directors, each for a term of three years; and
2. Ratify the appointment of PricewaterhouseCoopers LLP as Ormat's independent registered public accounting firm for fiscal year 2008.

Stockholders also will transact any other business that may properly come before the meeting. Members of Ormat's management team and a representative of PricewaterhouseCoopers LLP, Ormat's independent registered public accounting firm, will be present at the meeting to respond to appropriate questions from stockholders.

Who is entitled to vote?

The record date for the meeting is March 21, 2008. Only stockholders of record at the close of business on that date are entitled to vote at the meeting. The only class of stock entitled to be voted at the meeting is Ormat's Common Stock. Each outstanding share of Common Stock is entitled to one vote for all matters before the meeting. At the close of business on the record date there were 42,223,821 shares of Ormat Common Stock outstanding.

What is the difference between being a "record holder" and holding shares in "street name"?

A record holder holds shares in his or her name. Shares held in "street name" means shares that are held in the name of a bank or broker on a person's behalf.

Am I entitled to vote if my shares are held in "street name"?

If your shares are held by a bank or a brokerage firm, you are considered the "beneficial owner" of shares held in "street name". If your shares are held in street name, the Notice of Internet Availability of Proxy Materials is being forwarded to you by your bank or brokerage firm (the "record holder"), along with [a voting instruction card]. As the beneficial owner, you have the right to direct your record holder how to vote your shares, and the record holder is required to vote your shares in accordance with your instructions.

Under the rules of the New York Stock Exchange (the "NYSE"), if you do not give instructions to your bank or brokerage firm, it may vote on matters that the NYSE determines to be "routine", but will not be permitted to vote your shares with respect to "non-routine" items. Under the NYSE rules, the Election of Directors (Proposal 1) and the Ratification of Appointment of the Independent Registered Public Accounting Firm (Proposal 2) are routine matters. When a broker or bank has not received instructions from the beneficial owners or persons entitled to vote and the broker or bank cannot vote on a particular matter because it is not routine, then there is a "broker non-vote" on that matter. Broker non-votes do not count as votes for or against any proposal.

As the beneficial owner of shares, you are invited to attend the 2008 Annual Meeting of Stockholders. If you are a beneficial owner, however, you may not vote your shares in person at the meeting unless you obtain a proxy form from the record holder of your shares.

How many shares must be present to hold the meeting?

A quorum must be present at the meeting for any business to be conducted. The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of Common Stock outstanding on the record date will constitute a quorum.

Who can attend the 2008 Annual Meeting of Stockholders?

All Ormat stockholders as of the close of business on March 21, 2008 may attend the 2008 Annual Meeting of Stockholders.

2

Table of Contents

What if a quorum is not present at the meeting?

If a quorum is not present at the scheduled time of the meeting, a majority of the outstanding shares entitled to vote represented may adjourn the meeting.

What does it mean if I receive more than one Notice of Internet Availability of Proxy Materials?

It means that your shares are held in more than one account at the transfer agent and/or with banks or brokers. Please vote all of your shares. To ensure that all of your shares are voted, please vote for each account in which your shares are held.

How do I vote?

You may vote by submitting your proxy either (i) on the internet, (ii) by telephone, or (iii) by signing and dating a proxy card and returning it to the Company.

The Notice of Internet Availability we (or the bank or brokerage firm that holds your shares in street name) sent to you explains how you can:

- vote by internet or by telephone and how you can receive a paper or email copy of a proxy card if you are a record holder of shares; or
- give voting instructions to your bank or brokerage firm if your shares are held in street name.

The return envelope that we will send you if you request a paper proxy card requires no additional postage if mailed in either the United States or Canada.

If you are a record stockholder and attend the meeting, you may deliver your completed proxy card in person. Additionally, we will pass out written ballots to record stockholders who wish to vote in person at the meeting. Beneficial owners of shares held in street name who wish to vote at the meeting will need to obtain a proxy form from their record holder.

Can I change my vote after I submit my proxy?

If you are a record holder of shares, you may revoke your proxy and change your vote at any time before it is actually voted:

- by signing and delivering another proxy with a later date;
- by giving written notice of such revocation to the Corporate Secretary of Ormat prior to or at the meeting; or
- by voting in person at the meeting.

If you are a beneficial owner of shares, you may submit new voting instructions by contacting your bank, broker or other record holder, or, if you have obtained a legal proxy from your bank, broker or other record holder giving you the right to vote your shares, by attending the meeting and voting in person. Your attendance at the meeting itself will

not revoke your proxy unless you give written notice of revocation to the Corporate Secretary before your proxy is voted or you vote in person at the meeting.

Who will count the votes?

Ormat's transfer agent, American Stock Transfer & Trust Company, will tabulate and certify the votes. A representative of the transfer agent may serve as an inspector of election.

How does the Board of Directors recommend I vote on the proposals?

Your Board recommends that you vote FOR:

- The election of the two nominees to the Board of Directors; and
- The ratification of PricewaterhouseCoopers LLP as Ormat's independent registered public accounting firm for fiscal year 2008.

Table of Contents

What if I do not specify how my shares are to be voted?

If you submit a proxy but do not indicate any voting instructions, the persons named as proxies will vote in accordance with the recommendations of the Board of Directors as described above.

Will any other business be conducted at the meeting?

We know of no other business that will be presented at the meeting. If any other matter properly comes before the stockholders for a vote at the meeting, however, the proxy holders will vote your shares in accordance with their best judgment.

How many votes are required to elect the director nominees?

The affirmative vote of a plurality of the votes cast at the meeting is required to elect the two nominees as directors. This means that the two nominees will be elected if they receive more affirmative votes than any other person.

How many votes are required to ratify the appointment of Ormat's independent registered public accounting firm?

The ratification of the appointment of PricewaterhouseCoopers LLP as Ormat's independent registered public accounting firm requires the affirmative vote of a majority of the shares present at the meeting in person or by proxy and entitled to vote.

What is an abstention and how will abstentions be treated?

An "abstention" represents a stockholder's affirmative choice to decline to vote on a proposal other than the election of directors (for directors, the choice is limited to "For" or "Withhold"). Under Delaware law, abstained shares are treated as shares present for quorum and entitled to vote, so they will have the same practical effect as votes against a proposal except for the proposal for the election of directors.

How will broker non-votes be treated?

Broker non-votes will be treated as shares present for quorum purposes, but not considered entitled to vote on that matter. Therefore, broker non-votes do not count as votes for or against any proposal.

Where can I find the voting results of the 2008 Annual Meeting of Stockholders?

We plan to announce preliminary voting results at the 2008 Annual Meeting of Stockholders and to publish final results in Ormat's Quarterly Report on Form 10-Q for the quarter ended March 31, 2008 to be filed with the Securities and Exchange Commission (the "SEC").

PROPOSAL 1 — ELECTION OF DIRECTORS

Board Composition

Our Board of Directors is now composed of seven members, including four independent directors, Dan Falk, Jacob Worenklein, Roger W. Gale and Robert F. Clarke, and is classified into three classes of directors serving staggered, three-year terms as indicated:

Class I Directors (term expiring upon the annual stockholders meeting in 2008)

Yoram Bronicki

Roger W. Gale

Class II Directors (term expiring upon the annual stockholders meeting in 2009)

Yehudit Bronicki

Jacob J. Worenklein

Robert F. Clarke

Class III Directors (term expiring upon the annual stockholders meeting in 2010)

Lucien Bronicki

Dan Falk

Current Nominees

As mentioned above, directors in each of the three classes are elected to serve for three-year terms that expire in successive years. The terms of Class I Directors will expire at the 2008 Annual Meeting of Stockholders. The Board of Directors has nominated Yoram Bronicki and Roger W. Gale as Class I Directors for three-year terms expiring at the annual meeting of stockholders to be held in 2011 and until their successors are elected and qualified. Each nominee currently serves as a Class I Director.

Each nominee has consented to being named in this proxy statement and has agreed to serve if elected. If a nominee is unable to stand for election, the Board of Directors may either reduce the number of directors to be elected or select a substitute nominee. If a substitute nominee is selected, the proxy holders will vote your shares for the substitute nominee, unless you have withheld authority.

The affirmative vote of a plurality of the votes cast at the meeting is required to elect the two nominees as directors. This means that the two nominees will be elected if they receive more affirmative votes than any other person.

YOUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE “FOR” THE ELECTION OF EACH OF THE TWO NOMINEES.

The following sets forth, with respect to each nominee, his name, age, principal occupation and employment during the past five years, the year in which he first became a director of Ormat Technologies, Inc. and directorships held in other public companies.

INFORMATION REGARDING BOARD OF DIRECTORS AND COMMITTEES

As required by the rules of the NYSE, the Board of Directors evaluates the independence of Board members at least annually and when a change in circumstances could potentially impact the independence of one or more directors.

On May 8, 2007, the Company held its 2007 Annual Meeting of Stockholders. All of the Company's Board members were present at the meeting.

Our Board of Directors consists of seven members, four of whom have been determined by our Board to be independent directors, in accordance with the above requirements of the NYSE. Our four independent directors are Dan Falk, Jacob Worenklein, Roger W. Gale and Robert F. Clarke.

During fiscal year 2007, the Board of Directors held nine meetings. None of the directors attended less than 75% of the meetings of the Board and the Committees on which he or she serves.

The Company relies on the "controlled company" exception to the Board of Directors committee composition requirements under the rules of the NYSE. The "controlled company" exception does not modify the independence requirements for the Audit Committee, and we comply with the requirements of the Sarbanes-Oxley Act of 2002 and the NYSE rules which require that our Audit Committee be composed of at least three independent directors.

Board Committees

Our Board of Directors has the authority to appoint committees to perform certain management and administrative functions. Our Board of Directors has established, among others, an Audit Committee, a Compensation Committee, and a Nominating and Corporate Governance Committee. As of February 28, 2008, Ormat Industries Ltd. beneficially owned approximately 60.27% of our outstanding Common Stock. As a controlled company, we have relied on certain exemptions from the director independence requirements applicable to Compensation Committees and Nominating and Corporate Governance Committees under the rules of the NYSE.

Audit Committee. The Company has a separately designated standing Audit Committee established in accordance with the Securities Exchange Act of 1934. The Audit Committee consists of three members, Dan Falk, Jacob Worenklein and Roger W. Gale, all of whom are independent as defined by the listing standards of the NYSE and the SEC. The Board has determined that Mr. Falk, the Chair of the Audit Committee, qualifies as an "audit committee financial expert" under the rules of the SEC and that each member of the Audit Committee is financially literate. Mr. Falk also serves on the audit committees of six other public companies. Our Board has determined that his simultaneous service on these audit committees does not impair his ability to serve effectively on our Audit Committee.

The Audit Committee selects, on behalf of our Board of Directors, an independent public accounting firm to be engaged to audit our financial statements, discusses with the independent registered public accounting firm its independence, reviews and discusses the audited financial statements with the independent registered public accounting firm and manages and reviews our compliance with legal and regulatory requirements with respect to accounting policies, internal controls and financial reporting.

In fiscal year 2007, the Audit Committee continued its oversight of a procedure established by the Company for receiving and addressing anonymous complaints regarding financial or accounting irregularities, among other things. In 2005, the Audit Committee set up an ethics and compliance hotline managed by an independent third party and

accessible both through the Internet and by telephone. The information received by the hotline is treated as confidential and anonymous and is both received and retained by an agent of the Audit Committee before all relevant non-compliance information is periodically reported to the Audit Committee.

The Audit Committee held seven meetings in fiscal year 2007. Further information concerning the Audit Committee is set forth below under the heading “Audit Committee Report”. The charter of the Audit Committee is available on the Company’s website at www.ormat.com. The content of our website, however, is not part of this proxy statement.

Compensation Committee. The Compensation Committee consists of three members, two of whom are independent directors. We have appointed Yehudit Bronicki, Dan Falk and Jacob Worenklein to the Compensation Committee. Mrs. Bronicki, who is our CEO and who is not an independent director, is the Chair of the Compensation Committee.

The Compensation Committee reviews and either approves, on behalf of our Board of Directors, or recommends to the Board of Directors for approval, (1) the annual salaries and other compensation of our Chief Executive Officer and certain other executive officers and (2) stock and stock option grants. Our CEO, Chairman and President are currently covered by employment agreements which fix the amount of their salary and annual bonus. See “Executive Compensation”. The Compensation Committee also provides recommendations with respect to our compensation policies and practices and incentive compensation plans and equity plans. As described in the Compensation Discussion and Analysis below, our Compensation Committee determines the basket of bonuses and option grants that may be awarded on a company-wide basis and our CEO and Chairman of the Board determine the particular bonuses and options to be awarded to our personnel. Our CEO and Chairman also determine whether and to what degree to award salary increases to any of our other executive officers.

The Compensation Committee operates pursuant to a written charter adopted by the Board of Directors, which includes evaluation of the performance of the Chief Executive Officer, review and approval of the compensation of the Chief Executive Officer and all other executive officers of the Company, and recommendations to the Board of Directors regarding non-CEO compensation, incentive-compensation plans and equity-based plans.

The Compensation Committee duties and responsibilities also include:

- making recommendations to the Board as to changes in Ormat’s general compensation philosophy;
- overseeing the development and implementation of compensation programs;
- reviewing and approving corporate goals and objectives relevant to the compensation of the CEO, and evaluating the performance of the CEO in light of those goals and objectives; and
- reviewing and approving the annual compensation of the CEO and Ormat’s five other most highly compensated executive officers who receive total compensation in excess of \$1 million per year.

The Compensation Committee is authorized to establish subcommittees for the purpose of evaluating special or unique matters and may delegate its authority to a subcommittee or subcommittees.

In 2007, the Compensation Committee did not retain any compensation consultants in determining or recommending the amount or form of executive and director compensation.

The Compensation Committee held two meetings in the year 2007. The charter of the Compensation Committee is available on the Company’s website at www.ormat.com. The content of our website, however, is not part of this proxy statement.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee consists of three directors, two of whom are independent directors. We have appointed Lucien Bronicki, Robert F. Clarke and Dan Falk to the Nominating and Corporate Governance Committee. Mr. Bronicki, who is not an independent director, is the Chair of the Nominating and Corporate Governance Committee.

The Nominating and Corporate Governance Committee assists our Board of Directors in fulfilling its responsibilities by identifying and approving individuals qualified to serve as members of our Board of Directors, selecting director nominees for our annual meetings of stockholders, and developing and recommending to our Board of Directors corporate governance guidelines and oversight with respect to corporate governance and ethical conduct.

The Nominating and Corporate Governance Committee regularly assesses the appropriate size of the Board of Directors and whether any vacancies on the Board of Directors are expected due to retirement

or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Nominating and Corporate Governance Committee considers various potential candidates for director. Candidates may come to the attention of the Nominating and Corporate Governance Committee through current Board members, professional search firms, stockholders or other persons. The Nominating and Corporate Governance Committee is responsible for conducting appropriate inquiries into the backgrounds and qualifications of possible candidates.

The Nominating and Corporate Governance Committee adopted a policy regarding consideration of any director candidates as of November 7, 2006. This policy provides guidelines for the identification and evaluation of candidates for positions on the Board of Directors of the Company. According to the policy, candidates must satisfy certain minimum criteria, including an academic degree and business experience to the satisfaction of the Nominating and Corporate Governance Committee. In addition, independent director nominees must satisfy the independence requirements as determined by the Board of Directors in accordance with the rules and regulations of the SEC and the NYSE, as applicable. The policy provides for the Committee to interview and select final candidates for evaluation, and then evaluate the final candidates to determine their qualification for the position as well as compatibility with the Company, its philosophy and its then-current Board of Directors and management.

The Company's by-laws provide that nominations of candidates to be considered by the stockholders may be made at an annual meeting of stockholders by any stockholder who was a stockholder of record at the time of giving notice of the proposed nomination, is entitled to vote at the meeting and follows the notice procedures. To be timely, a stockholder's notice for the 2008 Annual Meeting of Stockholders must have been delivered to the Corporate Secretary at 6225 Neil Road, Reno, Nevada 89511, not earlier than the close of business on January 9, 2008 and no later than the close of business on February 8, 2008.

The Nominating and Corporate Governance Committee will consider director candidates recommended by stockholders in the same manner in which the Committee evaluates any other candidate.

The Nominating and Corporate Governance Committee held one meeting in 2007. The charter of the Nominating and Corporate Governance Committee is available on the Company's website at www.ormat.com. The content of our website, however, is not part of this proxy statement.

AUDIT COMMITTEE REPORT

The Audit Committee is composed of independent directors only, as required by and in compliance with the listing standards of the NYSE. The Audit Committee operates pursuant to a written charter adopted by the Board of Directors of the Company.

The Audit Committee is responsible for assisting the Board of Directors in its oversight responsibilities related to accounting policies, internal controls, financial reporting and legal and regulatory compliance. Management of the Company has the primary responsibility for the Company's financial reporting process, principles and internal controls as well as the preparation of its financial statements. The Company's independent registered public accounting firm is responsible for performing an audit of the Company's financial statements and expressing an opinion as to the conformity of such financial statements with accounting principles generally accepted in the United States.

The Audit Committee reviewed management's report on its assessment of the effectiveness of internal control over financial reporting as of December 31, 2007 and the report from PricewaterhouseCoopers LLP on management's assessment on the effectiveness of internal control over financial reporting as of December 31, 2007. Based upon the Audit Committee's reviews and discussions with management, the Company's internal auditors, and PricewaterhouseCoopers LLP, the Audit Committee approved the inclusion of management's report on its assessment of the effectiveness of internal control over financial reporting as of December 31, 2007 and the report of the independent auditors in the Company's Annual Report on Form 10-K for the year ended December 31, 2007 filed with the SEC.

The Committee also received and reviewed the periodic internal audit reports from its internal auditor. The Committee also reviewed the Internal Audit Plan for the year 2008 and approved its main target subjects. The Audit Committee discussed with the Company's independent registered public accounting firm the overall scope and plans for their respective audits, and has met with them, with and without management present, to discuss the results of their examinations and their evaluations of the Company's internal controls. Furthermore, the Audit Committee reviewed and discussed several related-party transactions that the Company proposed entering into during the year ended December 31, 2007, namely, the unregistered sales of shares to Ormat Industries Ltd., our corporate parent, and the approval of a new sublease agreement between Ormat Industries Ltd. and Ormat Systems Ltd., our subsidiary. In addition, the Committee evaluated the performance of the independent registered public accounting firm.

The Audit Committee has reviewed and discussed the Company's audited financial statements as of and for the year ended December 31, 2007 with management and the independent registered public accounting firm. The Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed under auditing standards generally accepted in the United States, including those matters set forth in Statement on Auditing Standards No. 61, as currently in effect. The independent registered public accounting firm has provided to the Audit Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committee), as currently in effect, and the Audit Committee has discussed with the auditors their independence from the Company. The Audit Committee has also considered whether the independent registered public accounting firm's provision of tax services to the Company is compatible with maintaining the registered public accounting firm's independence. The Audit Committee has concluded that the independent registered public accounting firm is independent from the Company and its management.

Based on the review and discussions described above, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in its Annual Report on Form 10-K for the year ended December 31, 2007, for filing with the SEC.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

Lucien and Yehudit Bronicki founded our parent company's predecessor, Ormat Turbines Ltd. in 1965 and, together with their son, Yoram Bronicki, continue to have a substantial economic interest in our parent, Ormat Industries Ltd.

(Ormat Industries), which, in turn, owns approximately 60.27% of our outstanding Common Stock. Our Named Executive Officers (NEOs) may, therefore, be classified into two distinct groups. Group I is comprised of Lucien Bronicki, our Chairman of the Board and Chief Technology Officer, Yehudit Bronicki, our Chief Executive Officer (CEO), and Yoram Bronicki, our President and Chief Operating Officer. Group II is comprised of Joseph Tenne, our Chief Financial Officer; Yeheskel Ram, our former Executive Vice President of Business Development, North America; Nadav Amir, our Executive Vice President, Engineering; and Zvi Reiss, our Executive Vice President of Project Management. None of the members of Group II own a controlling interest in the shares of the Company or our parent.

Table of Contents

Objectives

The overall objective of our executive compensation policies and procedures is to offer short-term, medium-term and long-term compensation components that enable us to attract, motivate and retain talented executives who contribute to our continued success. Equally important to us is to align the interests of our executives with those of our stockholders. As described below, the short-term component of our executive compensation packages consists of annual salary, the medium-term component consists of an annual bonus, and the long-term component consists of stock option grants. The members of Group I of our executive team, however, do not receive stock option grants, or their equivalent, as part of their compensation package. We believe that their long-term interests are nevertheless aligned with those of our stockholders through their substantial economic interest in our parent.

We aim to design executive compensation packages, like our general compensation policies, that meet or exceed competitive compensation averages for executives with similar responsibilities at companies with similar financial, operating and industry characteristics in similar locations. We do not benchmark to a particular industry or companies, but we informally consider published data, such as labor indices, in formulating our executive compensation packages. Despite our intention to compensate our executives at or above the market average for their peers, the compensation packages of members of Group I of our executive team are, at their choosing, well below average market compensation for similar positions.

Elements of Compensation

Our compensation program consists of three elements, namely, annual salary, annual bonus, and stock option grants:

1. Annual salary, which is paid bi-monthly, is intended to provide an annual income at a level consistent with individual contributions.
2. Annual bonuses, which are paid semi-annually for our Group II executives, are intended to link our executive officers' compensation to their individual achievements as well as the Company's overall performance.
3. Stock option grants, which vest over a four-year period, are designed to promote long-term leadership and align the interests of our executives in Group II with those of our stockholders, while the vesting schedule assists us in retaining our executives in our employ.

Each element is determined individually, based on the relevant criteria described in this discussion.

In addition to these main compensation components, executives who are residents in Israel receive, as a function of their salary payments, the standard social benefits (i.e., severance pay, defined contribution plan, and disability) paid to all of our employees who are based in Israel. These social benefits are fixed as a percentage of the employee's salary and are not subject to discretionary adjustments. Executives who are residents in the United States, in addition to social security, participate in a defined contribution plan (401(k) plan) and receive health insurance benefits.

Determination of Amounts and Formulas for Compensation

Annual Salary

Our Group I executives have employment agreements that fix the amount of their salary.

Consistent with our objectives with regard to Group II executives, the Compensation Committee provides guidance in setting base salaries for the Company's executive officers annually at levels that reflect the Compensation Committee's interpretation of competitive compensation averages for individuals with similar responsibilities at companies with similar financial, operating and industry characteristics, in similar locations, with consideration of the performance of the Company, individual performance of each executive and the executive's scope of responsibility in relation to other officers and key executives within the Company. Annual salaries reflect current practices within a named executive officer's specific

18

Table of Contents

geographic region and among executives holding similar positions. In addition to these factors, the annual salary for a Group II NEO depends on a number of more subjective factors; including our evaluation of the executive's leadership role, professional contribution, experience and sustained performance.

Following publication of the prior year's audited financial statements, the CEO and the Chairman of the Board determine whether and to what degree to award salary increases to any of the Group II NEOs. Factors that are considered include the net operating profit of the Company during the prior year, the need for a salary adjustment to remain competitive with compensation averages for executives in similar positions and the particular NEO's effectiveness in supporting the Company's long-term goals. We also consider the executive's department's contribution to our success as well as our general achievements during the preceding year. All salary increases are awarded retroactive to January 1. Salaries are paid on a bi-monthly basis and each of our Group II NEOs has a standard employment agreement that is based on a format used company-wide.

Annual Bonus

The manner in which we determine and pay annual bonus payments to Group I and Group II executives are distinct and are therefore addressed separately below.

Group I

We pay annual bonuses to each of our executive officers in Group I according to the following contractual formula that is linked to our performance during the preceding year:

Each of the employment agreements of Yehudit Bronicki and Lucien Bronicki provide for an annual bonus that is equal to (a) 0.75% of the Company's annual consolidated profits (after tax) above \$2,000,000, and (b) 0.75% of Ormat Industries' annual consolidated profits (after tax), after deducting the Company's annual consolidated profits (after tax). In no event, however, may the aggregate annual bonus exceed six times the annual base salary of the executive. In addition, the Audit Committee and/or the Board of Directors of Ormat Industries has the right, considering Ormat Industries' financial condition and/or its financial results, to reduce the bonus or resolve that no bonus will be paid with respect to any particular year. The contracts provide for payment of the bonus within 45 days of the publication of our audited financial statements for the prior year. The portion of the bonus linked to Ormat Industries' annual profits is paid by Ormat Industries.

The employment agreement of Yoram Bronicki provides for an annual bonus that is equal to 0.75% of the lower of (i) net pre-tax yearly profit of the Company's operating plants in the United States, and (ii) the net cash flow before taxes and before capital expenditures for enhancement of the operating plants generated by the Company's operating plants in the United States during the year. In no event, however, may the bonus exceed three times Mr. Bronicki's annual base salary. The bonus is to be paid within 45 days of the publication of our audited financial statements for the prior year.

Group II

Our Board of Directors has determined that up to 20% of our annual profits may be distributed by the Company as bonuses to employees. Each year, following publication of our financial statements for the preceding year, our Compensation Committee determines the basket of bonuses that may be awarded on a company-wide basis for the prior year and our CEO and Chairman of the Board determine the particular bonuses to be awarded to each Group II executive.

The determination of the amount of the annual bonus paid to each Group II executive is based on a number of factors, including our performance evaluated on specific criteria, such as revenue growth, profitability, and attainment of short-term and strategic business goals, in relation to individual executive performance. The determination with regard to each Group II executive is based on the individual performance evaluation of each NEO. There are no specific metrics for such evaluation, which is based on our CEO's and Chairman's subjective determination of both the individual performance of each NEO and the performance of the NEOs as a group. The annual bonuses awarded to our Group II executives are forward-looking in that, although they relate to past performance, they are applied to and paid in two installments (in April and September) during the year following the publication of our financial

Table of Contents

statements for the preceding year, and paid only to executives who are employed by the Company at the time each bonus installment is scheduled to be paid. This is consistent with our objective of providing a medium-term incentive for our executives. Although Yeheskel Ram's employment with the Company terminated on December 31, 2007, we agreed to pay his bonus payment for 2007 as part of his separation arrangement.

Stock Options

With the exception of our Group I executives, who do not receive stock options, we are committed to long-term incentive programs for executives that promote the long-term growth of the Company and align the interests of executives with those of our stockholders. The determination of the overall basket of options that may be awarded to our employees each year is determined in a similar manner to our annual incentive bonuses. Once a year, following the publication of our financial results for the preceding year, our Compensation Committee determines the basket of options that may be awarded to all of our employees. This basket is typically calculated as between 1% and 1.5% of the outstanding shares of the Company. Our CEO and Chairman of the Board then determine the particular amount of stock options to be awarded to each Group II executive considering the Company's performance and relative stockholder return, the expected contribution of the NEO to the Company's growth and success, and awards given to the executive officers of the Company in past years. This process is typically completed within one month from the determination of the basket of awards for the year. The options that we grant to our Group II executives are subject to the same pricing, vesting, and exercise terms that govern the grant of stock options to all of our employees. Until our initial public offering our Parent granted options to our executives and employees. Following our initial public offering, our executives no longer receive any option awards from our Parent.

Tax Considerations

Our Compensation Committee considers the potential impact of Section 162(m) of the Internal Revenue Code of 1986, as amended ("Section 162(m)"). Section 162(m) disallows a tax deduction for any publicly held corporation for individual compensation exceeding \$1 million in any taxable year for the Chief Executive Officer and our other NEOs (except the Chief Financial Officer), other than compensation that is performance-based under a plan that is approved by the stockholders of the corporation and that meets certain other technical requirements. Based on these requirements, since none of the NEOs received compensation in excess of \$1 million, the Compensation Committee has determined that Section 162(m) will not prevent us from receiving a tax deduction for any of the compensation paid to our executive officers.

The following are descriptions of the material terms of our NEOs' employment agreements, as well as other factors that may help with an understanding of the data disclosed in the Summary Compensation Table and the Grants of Plan-Based Awards table:

Our Group I Executives

Lucien Bronicki

We have entered into an executive employment agreement with Lucien Bronicki, as our Chief Technology Officer, effective as of July 1, 2004. The employment agreement is for a four-year term expiring on June 30, 2008, unless terminated earlier pursuant to the terms of the agreement. Such employment agreement, when expired, will be automatically extended for an additional successive four-year term, unless terminated earlier by either us or Mr. Bronicki pursuant to the terms of the agreement.

The employment agreement provides for a monthly base salary of \$10,333. As described above, the agreement also provides for the payment of an annual bonus as a percentage of our and our parent's net after-tax profit. The Board of Directors or the Audit Committee of our parent has the discretion to reduce or to resolve not to pay the bonus component based on our parent's performance, its financial condition, or its financial results for the prior year.

For 2007, the bonus approved for Mr. Bronicki was \$190,320, representing 0.75% of the Company's annual consolidated profits (after tax) above \$2 million, to be paid by the Company. Mr. Bronicki will not receive a bonus from Ormat Industries for 2007 because Ormat Industries did not earn a profit in 2007. As Mr. Bronicki is entitled to such annual bonus in accordance with the terms of his employment contract, no particular factors were taken into account in determining the amount of the bonus.

Yehudit Bronicki

We have entered into an executive employment agreement with Yehudit Bronicki, as our Chief Executive Officer, effective as of July 1, 2004. The employment agreement is for a four-year term expiring on June 30, 2008, unless terminated earlier pursuant to the terms of the agreement. Such employment agreement, when expired, will be automatically extended for an additional successive four-year term, unless terminated earlier by either us or Mrs. Bronicki pursuant to the terms of the agreement.

The employment agreement provides for a monthly base salary of \$12,500. As described above, the agreement also provides for the payment of an annual bonus as a percentage of our and our parent's net after-tax profit. The Board of Directors or the Audit Committee of our parent has the discretion to reduce or to resolve not to pay the bonus component based on our parent's performance in consideration of our parent's financial condition or its financial results for the prior year.

For 2007, the bonus approved for Mrs. Bronicki was \$190,320, representing 0.75% of the Company's annual consolidated profits (after tax) above \$2,000,000, to be paid by the Company. Mrs. Bronicki will not receive a bonus from Ormat Industries for 2007 because Ormat Industries did not earn a profit in 2007. As Mrs. Bronicki is entitled to such annual bonus in accordance with the terms of her employment contract, no particular factors were taken into account in determining the amount of the bonus.

Yoram Bronicki

We have entered into an executive employment agreement with Mr. Yoram Bronicki, as our President and Chief Operating Officer, effective as of July 1, 2004. The employment agreement is for an initial four-year term until June 30, 2008. The employment agreement, unless terminated in accordance with its terms, is automatically extended for additional successive two-year terms subject to conditions set forth in the agreement.

The employment agreement with Mr. Yoram Bronicki provides for a monthly base salary of \$14,000. As described above, the employment agreement also provides for the payment of an annual bonus as a percentage of the Company's net pre-tax yearly profit or cash flow from operations in the United States.

For 2007, the bonus approved for Mr. Bronicki was \$279,933, representing 0.75% of the net pre-tax yearly profit of the Company's operating plants in the United States. As Mr. Bronicki is entitled to such annual bonus in accordance with the terms of his employment contract, no particular factors were taken into account in determining the amount of the bonus.

Our Group II Executives

Departing executive

Yeheskel Ram was employed by Ormat Nevada, one of our subsidiaries, until December 31, 2007, and served as our Executive Vice President of Business Development, North America pursuant to an employment agreement dated January 1, 2004, which expired on December 31, 2007. The parties agreed not to renew the employment agreement. Mr. Ram's employment agreement provided for an annual base salary of \$189,280 paid bi-monthly. Pursuant to the terms of Mr. Ram's employment agreement, in addition to his annual salary, Mr. Ram was entitled to certain other benefits paid for by us, including, among other things, our 401(k) plan and medical and hospitalization insurance. Either party was entitled to terminate the agreement upon 90 days notice. Mr. Ram's employment agreement also

contained a one-year non-competition and non-solicitation provision. Although Yeheskel Ram's employment with the Company terminated on December 31, 2007, we agreed to pay his bonus payment for 2007 as part of his separation arrangement.

Remaining executives

Joseph Tenne is employed by Ormat Systems, one of our subsidiaries, and serves as our Chief Financial Officer. Nadav Amir is employed by Ormat Systems and serves as our Executive Vice President of Engineering; and Zvi Reiss is employed by Ormat Systems and serves as our Executive Vice President of Project Management.

Table of Contents

Each of Messrs. Tenne, Amir, and Reiss is party to an employment agreement with Ormat Systems that sets forth their respective terms of employment, which terms are generally applicable to all of Ormat Systems' employees, covering matters such as vacation, health, and other benefits. Under the employment agreements of Messrs. Amir and Reiss, either party may terminate the employment relationship upon thirty days prior written notice, while Mr. Tenne's agreement provides for ninety days prior written notice. However, termination for cause does not require any prior notice. An employee who is terminated for cause is not entitled to any subsequent payments.

The actual salary and other compensation arrangements of Messrs. Tenne, Amir, and Reiss are agreed separately with each employee. Each of these individuals is also covered by Ormat Systems' management insurance plan, to which Ormat Systems contributes a percentage of such individual's salary, and which covers any compensation that such individual may be entitled to receive upon termination, such as severance pay pursuant to Israeli law for Israel-based employees. In addition, each of the individuals has the benefit of the use of a company-leased car.

The amount of salary and bonus earned in 2007 in proportion to the total compensation reported for each of our NEOs was:

Lucien Bronicki – 86.7%* Yehudit Bronick – 82.4%* Yoram Bronicki – 90.3%* Joseph Tenne – 58.5% Yeheskel Ram – 63.8% Nadav Amir – 58.3% Zvi Reiss – 55.8%

* Our

Group I executives do not receive stock option grants, which accounts for the high percentage of annual salary and bonus relative to their total compensation.

Potential Payments upon Termination or Change in Control

The employment agreements of our Group I executives contain the following terms regarding post-termination and change-in-control payments:

Pursuant to the terms of Lucien Bronicki's, Yehudit Bronicki's, and Yoram Bronicki's employment agreements, if the Company or the respective Group I executive officer terminates his or her employment agreement for any reason other than for cause, the respective executive officer will be entitled to his or her salary, bonus and other benefits for the applicable notice period. The notice period in the employment agreements of Lucien and Yehudit Bronicki is 180 days and the notice period in the employment agreement of Yoram Bronicki is 120 days. In the event of termination other than for cause, the executive officer will also be entitled to an assignment of his or her "executive manager's insurance policy" and monies accumulated under such policy based on deductions from his or her base salary, and a payment of the difference, if any, between the sums accumulated under such policy on account of his or her severance pay, and the amount of severance pay he or she is entitled to based on the monthly base salary at the time of termination multiplied by the number of years he or she has been employed by us or Ormat Industries.

Each of Lucien, Yehudit, and Yoram Bronicki is also entitled to change of control payments if (a) within three years following the occurrence of a change in control, the respective executive officer's employment is terminated by the Company other than for disability or cause, (b) within 180 days following a change in control, the respective executive officer terminates his or her employment agreement for any reason with 90 days' prior written notice or (c) within three years following the occurrence of a change in control, the respective executive officer terminates his or her employment agreement for good reason. In any such event, we will be required to pay him or her a lump sum equal to (1) his or her full unpaid and accrued base salary through the date of termination; (2) his or her monthly base salary at the time of the change in control including any increases therein for 24 months; (3) bonus payments for the next two years calculated as the average of the annual bonus paid to him or her for the two years immediately preceding the change in control; (4) a portion of the annual bonus for the year in which the termination of employment occurs with the amount thereof multiplied by a fraction, the numerator of which is the number of days in the relevant year through the date of termination and the denominator of which is 365; and (5) any unpaid annual bonus for any completed year. In the case of Yoram Bronicki, he would be entitled as well to the amount of the annual matching contribution that would be made by the employer to his 401(k) plan assuming his maximum contribution under the plan, multiplied by two. In addition, the executive officer will also be entitled to all employee health, accident, life insurance, disability and other employee welfare benefits for a two-year period following his or her last day worked, or until he or she obtains new employment, whichever is earlier. "Cause" means an employee's conviction of a criminal offence constituting an act of moral turpitude. If Lucien, Yehudit, or Yoram Bronicki's employment is terminated by the Company other than for disability or cause, and a change in control occurs within six months thereafter, the respective executive officer will be entitled to the payments described in the paragraph above.

A "change in control" will be deemed to occur if:

- any person holds or becomes the holder of 50% or more of the combined voting power of the then outstanding voting securities entitled to vote generally in the election of directors of the Company or of Ormat Industries, excluding any acquisition directly from the Company or from Ormat Industries or any acquisition by the Company;

- more than 50% of the current members of the Board of Directors or directors nominated by the current members of the Board no longer serve as directors;

- the Company

merges or is consolidated with, or, in any transaction or series of transactions, substantially all of the business or assets of the Company are sold or otherwise acquired by, another corporation or entity; or

• the stockholders of the Company or of Ormat Industries approve a complete liquidation or dissolution of the Company or Ormat Industries.

Table of Contents

“Good reason” means:

reduction by the Company in the respective executive officer’s base salary or bonus as in effect at the time of a change in control, or a change in the manner of computation of such officer’s bonus that is adverse to him or her;

- a
- the assignment to the respective executive officer of any duties inconsistent with his or her position, duties, responsibilities and status with the Company at the time of the change in control, or any material reduction in authority or responsibilities from those assigned at the time of the change in control, or a change in such officer’s title or offices as in effect at the time of the change in control, or any removal of such officer from, or any failure to re-elect such officer to, any of such positions, except in connection with the termination of such officer’s employment by reason of disability or for cause;
- the

or relocation of the respective executive officer’s office to a location more than 60 miles from its location at the time of a change in control.

Except as described below, each of Lucien, Yehudit and Yoram Bronicki will be restricted for a period of one year following his or her termination of employment from accepting employment with or advising certain companies in competition with us; or soliciting any of our employees to leave our employ.

These restrictions will not apply if (i) each of Lucien, Yehudit and Yoram Bronicki terminates his or her employment other than for good reason following a change in control; or (ii) the Company terminates each of Lucien, Yehudit and Yoram Bronicki’s employment for a reason other than cause or a material violation of his or her employment agreement.

In addition, he or she will be prohibited from disclosing any confidential information about the Company for a period of three years following his or her termination of employment.

We believe that the change of control provisions in the employment agreements for our Group I executives are appropriate in order to help ensure that, if a question of a change in control occurs, our Group I executives can act in the best interest of all our stockholders without concern for the uncertainty and without the distraction that would result from the obvious effects a change of control could have on their personal situations. The change in control payments are not made, however, unless there is both a change in control and either termination of employment of the Group I NEO by the Company without cause or a termination by the executive for ‘Good Reason.’ We believe the purpose of the change in control provision is to protect the Group I NEO against a loss of employment that frequently occurs upon a change in control rather than to provide a payment when the change in control occurs even though the Group I NEO’s employment is continued. We also believe that the level of post-termination payments for our NEOs is competitive and appropriate.

Our Group II executives do not have specific termination or change-in-control payment provisions in their employment agreements. They are entitled to salary and other compensation payments during the relevant notice period. Except for Yeheskel Ram who was based in Nevada, our Group II executives are based in Israel on a full-time or part-time basis, and thus are also entitled to lump sum severance pay amounting to their last monthly salary multiplied by the number of years of their service for the Company. Our Group II executives are also entitled to payments under our defined contribution plan. Of our Group II executives, Yeheskel Ram’s employment agreement included a one-year non-compete provision and a one-year non-solicitation provision. The employment agreements of Messrs. Amir, Reiss and Tenne do not include non-compete or non-solicitation provisions.

The amount of compensation and benefits payable to each of our NEOs in the event of termination without cause or as a consequence of a change in control has been estimated in the table below. There is no distinction in the termination payments due to our Group II Executives in the event of termination without cause or termination upon a change in control. The amounts have been calculated based on the assumption that the termination occurred on December 31, 2007.

1. Base annual retainer of \$25,000 as fees related to their service on our Board of Directors.
2. Board meeting fees of \$2,500 for each in-person meeting; \$500 for each telephonic meeting; and \$1,000 for telephonic participation in an in person meeting.

options to purchase 7,500 shares of the Common Stock of the Company at an exercise price equal to the NYSE closing price on the date of the grant, unless the Company's results are released on that day and then the exercise price is the NYSE closing price on the following day. However, in 2005 and 2006, the stock options were granted at the NYSE closing price for the date prior to the date of grant.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

We believe, based upon a review of the forms filed and written confirmation provided by, our officers and directors, that during 2007 all of our officers and directors filed on a timely basis the reports required by Section 16(a) of the Securities Exchange Act of 1934.

TRANSACTIONS WITH RELATED PERSONS

We, and one of our wholly-owned subsidiaries, Ormat Systems, have a number of agreements with our parent, Ormat Industries. Our parent beneficially owns approximately 60.27% of our common stock, and certain of our directors and named executive officers beneficially own approximately 35.22% of the common stock of our parent, in each case as of February 28, 2007, as described in “Security Ownership of Certain Beneficial Owners and Management.”

These agreements involve transactions with related persons as defined in SEC regulations and are described below. Some of these agreements were entered into during our last fiscal year; they are described first. Others were entered into in prior periods and continued during our last fiscal year; they are described later.

Sale of Shares to Ormat Industries

We entered into two subscription agreements with Ormat Industries to sell it additional shares of our common stock. Under these agreements, we sold a total of 1,075,004 shares of our common stock for an aggregate amount of approximately \$50.8 million. We used the sale proceeds to repay a portion of the subordinated loan we owed to Ormat Industries as described below, and we plan to use the balance for general corporate purposes.

The terms and conditions for these sales were set forth in two subscription agreements, which are substantially the same except for (i) the number of shares, (ii) price per share, and (iii) the time of sale, as described below:

- Under the subscription agreement dated October 22, 2007, as amended on October 25, 2007, we sold Ormat Industries 381,254 shares of our common stock at a price equal to \$45.90 per share, in a transaction that closed on October 26, 2007, resulting in proceeds of approximately \$17.5 million.

- Under the subscription agreement dated December 3, 2008, we sold Ormat Industries 693,750 shares of our common stock at a price equal to \$48.02 per share, in a transaction that closed on January 9, 2008, resulting in proceeds of approximately \$33.3 million.

We sold the shares in separate transactions because we were required (under NYSE rules) to obtain shareholder approval for a sale to a “related party” such as Ormat Industries that exceeds one percent of the number of shares of our common stock outstanding prior to the sale. The shareholder approval had not been obtained when we originally planned to make the sale — at the same time as we sold 3,000,000 shares of our common stock to Lehman Brothers Inc. in a block trade effected under our shelf registration statement. Accordingly, we sold Ormat Industries:

- the maximum number of shares permitted under NYSE rules without prior shareholder approval (381,254), at the same time, and at the same price, as we sold shares to Lehman Brothers Inc.

- 693,750 additional shares after obtaining the required shareholder approval (which was effected by written consent of Ormat Industries

without vote or other action on the part of our other shareholders).

- the 693,750

additional shares at a price that was equal to a 5% discount to the closing market price (\$50.55) of our common stock on December 3, 2007, the date the sale was approved by our Board of Directors.

- the 693,750

additional shares because that number resulted in the same aggregate amount of proceeds to us as if both the sales to Ormat Industries had been when we originally planned, taking into account the different purchase prices for the two transactions.

33

Table of Contents

Ormat Industries purchased our shares in transactions exempt from the registration requirements of the Securities Act and accordingly is subject to certain restrictions on transfers of those shares under the Securities Act and other applicable laws. However, we may be required to register those shares for re-sale by Ormat Industries under our registration rights agreement with Ormat Industries described below.

Repayment of Loan by Ormat Industries

We repaid the entire outstanding principal amount (\$50.7 million) of the subordinated non-interest bearing loan we owed to Ormat Industries on December 3, 2007. This was done because Ormat Industries, consistent with its rights under the loan agreement, demanded repayment in full on that date. At all times during 2007 prior to repayment, the outstanding principal amount was \$50.7 million, no interest was due or payable and no principal payments were made other than on December 3, 2007.

New Sublease between Ormat Systems and Ormat Industries

Ormat Systems plans to enter into a sublease with Ormat Industries for the sublease of an additional lot of approximately 23.8 dunams (5.88 acres) that is contiguous to the current lot sub-leased by Ormat Systems from Ormat Industries. The proposed new sublease transaction contemplates the erection of a specialized industrial building on the new lot by Ormat Industries and the sublease of the lot and the building to Ormat Systems pursuant to a long-term sublease agreement. The term of the proposed sublease will be for a period that will end on the same day as the previous sublease agreement entered into in July 2004, subject to approval by the Israel Land Administration.

Pursuant to the proposed sub-lease, Ormat Systems will pay a monthly rental fee, on a quarterly basis that will result in an annual yield to Ormat Industries of 8.5% of its total expenditure with regard to the property (plus VAT). Payment will be adjusted every year to reflect increases in the Israeli Consumer Price Index, but will in no event be lower than the rent paid during the previous year. The actual monthly rent payments will be set based on the actual costs incurred by Ormat Industries with regard to the property. Ormat Systems will also pay taxes and other compulsory charges and indemnify Ormat Industries for taxes (other than income taxes) imposed in connection with the subleased real estate. Ormat Systems has yet to commence rental payments under the new sublease.

Loan Agreement between the Company and Ormat Industries

In 2003, we entered into a loan agreement with Ormat Industries. Pursuant to this loan agreement, Ormat Industries agreed to make a loan to us in one or more advances not exceeding a total aggregate amount of \$150 million. The proceeds of the loan are to be used to fund our general corporate activities and investments. We are required to repay the loan and accrued interest in full in accordance with an agreed-upon repayment schedule and in any event on or prior to June 5, 2010.

Interest on the loan is calculated on the balance from the date of receipt of each advance until the date of payment thereof at a rate per annum equal to Ormat Industries' average effective cost of funds plus 0.3% percent in U.S. dollars, which represented a rate of 7.5% for the advances made. All computations of interest are made on the basis of a year consisting of 360 days. During the year ended December 31, 2007, we paid approximately \$6.0 million in interest on the loan. The outstanding balance on the loan was \$89.5 million on January 1, 2007 (which represented the highest principal amount outstanding during 2006) and \$57.8 million on December 31, 2007. As of February 28, 2008, the outstanding balance on the loan was \$50.8 million.

Guarantee Fee Agreement between Ormat Systems and Ormat Industries

On January 1, 1999, we entered into a guarantee fee agreement with Ormat Industries, pursuant to which Ormat Industries agreed to issue certain standby letters of credit and guarantees on our behalf to certain of our customers, as well as guarantees with respect to our bank credit lines.

Such agreement establishes a fee, calculated quarterly, equal to 1% per annum of all amounts guaranteed or subject to an outstanding letter of credit during the relevant quarter, plus out of pocket expenses. Such payment is due quarterly in arrears and is payable against the receipt of an invoice from Ormat Industries.

34

Table of Contents

As of the end of the second quarter of 2006, all guarantees provided by Ormat Industries were assigned to Ormat Systems. As of December 31, 2007, there were no outstanding letters of credit or guarantees provided by Ormat Industries.

Reimbursement Agreement between the Company and Ormat Industries

On July 15, 2004, we entered into a reimbursement agreement with Ormat Industries, pursuant to which we agreed to reimburse Ormat Industries for any draws made on any standby letter of credit subject to the guarantee fee agreement between us and Ormat Industries described above, and for any payments made under any guarantee provided by Ormat Industries subject to such guarantee fee agreement. Interest on any amounts owing pursuant to the reimbursement agreement is paid at a rate per annum equal to Ormat Industries' average effective cost of funds plus 0.3% in U.S. dollars. There are no amounts currently owing to Ormat Industries pursuant to the reimbursement agreement.

Asset Purchase Agreement between Ormat Systems and Ormat Industries

Pursuant to an asset purchase agreement, effective as of July 1, 2004, Ormat Industries sold and assigned to Ormat Systems, certain assets and liabilities related to Ormat Industries' geothermal power plants and power units business. As part of this transaction, Ormat Industries agreed, for so long as it holds more than 50% of the voting interest in us, not to compete or engage in any business which is in the same field of the business acquired by Ormat Systems. As total consideration for the purchase, Ormat Systems agreed to pay Ormat Industries the amount of \$11 million, which consists of a cash payment and the assumption of an outstanding loan to Bank Continental and certain employment liabilities.

As part of this transaction, Ormat Systems also agreed to pay to Ormat Industries certain commissions ranging between 2.5% and 5.0% on revenues from sale orders entered into prior to July 1, 2004. The aggregate amount of such commissions is subject to receipt of payment from customers and is approximately \$2.2 million. As of December 31, 2007, all amounts due under this agreement were fully paid.

The asset purchase agreement and the following sublease agreement, license agreement, service agreement and reimbursement agreement set forth the terms and conditions of the sale and assignment of Ormat Industries' products business to Ormat Systems.

Sublease between Ormat Systems and Ormat Industries

Ormat Systems entered into a sublease, effective as of July 1, 2004, with Ormat Industries for real estate leased by Ormat Industries from the Israel Land Administration on which production and manufacturing facilities are located. The term of the sublease, which originally was due to expire on June 1, 2008, has been extended by a consent of the Israel Land Administration for a period that is the shorter of (1) 25 years (including the initial term) or (2) the remaining period of the underlying lease agreements with the Israel Land Administration (which terminate between 2018 and 2047).

Pursuant to the sublease, Ormat Systems agreed to pay rent, in advance, on a monthly basis, equal to \$52,250 (plus VAT) per month. Payment will be adjusted every year to reflect increases in the Israeli Consumer Price Index, but will in no event be lower than the rent paid during the previous year. Pursuant to the sublease, Ormat Systems has also agreed to pay taxes and other compulsory charges, to make other required payments, and to indemnify Ormat Industries for taxes (other than income taxes) imposed in connection with the subleased real estate. During the course

of the year ended December 31, 2007, Ormat Systems, our subsidiary, paid approximately \$654,000 to Ormat Industries pursuant to the sublease. The approximate aggregate value of future lease payments under the sublease is \$14,000,000.

License Agreement between Ormat Systems and Ormat Industries

On July 15, 2004, Ormat Systems, entered into a patents and trademarks license agreement, effective as of July 1, 2004, pursuant to which Ormat Industries granted a world-wide royalty-free license to Ormat Systems (which is exclusive with respect to the patents and certain of the trademarks) to internally

35

copy, use, and create derivatives of certain patents and trademarks. The license survives sales and/or transfers of the patents and trademarks and Ormat Systems owns the derivatives created from the licensed patents. The term of the license agreement continues until the patents or trademarks expire or are assigned to Ormat Systems (which are intended to be assigned, subject to tax and other considerations) and the agreement may be terminated if either party becomes insolvent.

Service Agreement between Ormat Systems and Ormat Industries

On July 15, 2004, Ormat Systems entered into a service agreement with Ormat Industries, pursuant to which Ormat Systems agreed to provide, as an independent contractor, certain corporate, financial, secretarial and administrative services to Ormat Industries. At the request of Ormat Industries, Ormat Systems may also provide certain engineering services.

Ormat Industries is required to pay \$10,000 per month for all services (other than engineering services) rendered pursuant to such service agreement plus all out-of-pocket expenses of Ormat Systems. For engineering services, Ormat Industries is required to pay a fee equal to the cost of such services plus 10.0%, as well as all out-of-pocket expenses of Ormat Systems. On each anniversary of such services agreement, such monthly fees are adjusted in accordance with the Israeli Consumer Price Index during the previous twelve-month period. During the course of the year ended December 31, 2007, Ormat Industries paid Ormat Systems approximately \$131,000 pursuant to the service agreement.

Registration Rights Agreement between the Company and Ormat Industries

On November 10, 2004, the Company entered into a registration rights agreement with Ormat Industries. Under this agreement, Ormat Industries may require us on one occasion to register our common stock for sale on Form S-1 under the Securities Act if we are not eligible to use Form S-3 under that Act. Ormat Industries may require us on unlimited occasions to register our common stock for sale on Form S-3. In addition, we will be required to file a registration statement on Form S-3 to register for sale shares of our common stock that are or have been acquired by directors, officers and employees of Ormat Industries upon the exercise of options granted to them by Ormat Industries. Ormat Industries will also have an unlimited number of piggyback registration rights. This means that any time we register our common stock for sale, Ormat Industries may require us to include shares of our common stock held by it or its directors, officers and employees in that offering and sale, subject to certain allocation procedures set forth in the registration rights agreement.

We have agreed to pay all expenses that result from the registration of our common stock under the registration rights agreement, other than underwriting commissions for such shares and taxes. We have also agreed to indemnify Ormat Industries, its directors, officers and employees against liabilities that may result from their sale of our common stock, including liabilities under the Securities Act.

Agreement with Tersus Software and Consulting Agreements

Effective April 15, 2005, the Company entered into an agreement with Tersus Software (“Tersus”), for the licensing of software that will be used in the development of several applications, including an Enterprise Resource Planning (ERP) solution and the monitoring of performance of the power plants. The price paid to Tersus under the agreement is \$100,000. One of Tersus’ founders and stockholders (with a 20% share ownership on a fully diluted basis) is Yuval Bronicki, son of Yehudit Bronicki, CEO of our Company, and Lucien Bronicki, Chairman of the Board and Chief Technology Officer of our Company. No payments were made to Tersus in 2007.

Yuval Bronicki was also retained as a consultant to the Company, to assist with the development of the ERP solution. Pursuant to the agreement, Yuval Bronicki is compensated at an hourly rate for services performed. During the year ended December 31, 2007, the Company paid an aggregate amount of \$142,000 to Mr. Bronicki for such consulting services.

REVIEW, APPROVAL OR RATIFICATION OF TRANSACTIONS WITH RELATED PERSONS

The Company recognizes that transactions between the Company and any of its executives, directors, or beneficial holders of more than 5% of our capital stock or their respective family members, may present potential or actual conflicts of interest or may create the appearance that Company decisions are based on considerations other than the best interests of the Company and its stockholders. Therefore, as a general matter, and in conformance with the Company's (a) Code of Business Conduct and Ethics and (b) Financial Reporting Procedures, transactions with related persons are consummated only if the requisite approvals are obtained and only if the terms of the transaction are determined to be in the best interests of the Company and its stockholders.

The Company has adopted a formal written policy which requires the executive or director initiating a related party transaction to prepare (1) a memorandum summarizing the terms and conditions of the proposed transaction, including pricing and market conditions, and (2) a preliminary draft agreement, which are then provided to the Company's Disclosure Committee for review. The Disclosure Committee reviews the business terms of the transaction, materiality, and applicable corporate laws and regulations, and determines whether the transaction is required to be reviewed and approved by the Audit Committee, the Board, and/or the stockholders. In accordance with the determination of the Disclosure Committee, the proposed transaction is then reviewed by the Audit Committee, the Board, and/or the stockholders. A related party transaction will only be approved or ratified if the transaction is in the best interests of the Company and its stockholders, as the Audit Committee, the Board, and/or the stockholders determine in good faith. In addition, the fairness of each related party transaction is evaluated to ensure that the terms are consistent with arms-length transactions of a similar nature according to prevailing market terms and conditions.

Non-audit services may only be approved by the full Audit Committee.

Vote Required for Ratification

The Audit Committee is solely responsible for selecting Ormat Technologies, Inc.'s independent registered public accounting firm for fiscal year 2008. Accordingly, stockholder approval is not required to appoint PricewaterhouseCoopers LLP as the independent registered public accounting firm for fiscal year 2008. The Board of

Directors believes, however, that submitting the appointment of

38

Table of Contents

PricewaterhouseCoopers LLP to the stockholders for ratification is a matter of good corporate governance. If the stockholders do not ratify the appointment, the Audit Committee will review its future selection of an independent registered public accounting firm.

The ratification of the appointment of PricewaterhouseCoopers LLP as Ormat Technologies, Inc.'s independent registered public accounting firm requires the affirmative vote of a majority of the shares present at the meeting in person or by proxy and entitled to vote.

ADDITIONAL INFORMATION

Householding of Proxies

Under rules adopted by the SEC, we are permitted to deliver a single notice of internet availability of proxy materials to any household at which two or more stockholders reside if we believe the stockholders are members of the same family. This process, called householding, allows us to reduce the number of copies of these materials we must print and mail. Even if householding is used, each stockholder will continue to be entitled to submit a separate proxy or voting instruction.

The Company is not householding this year for those stockholders who own their shares directly in their own name. If you share the same last name and address with another Company stockholder who also holds his or her shares directly, and you would each like to start householding for the Company's annual reports and proxy statements, please contact us at Ormat Technologies, Inc., 6225 Neil Road, Reno, Nevada 89511, Attention: Corporate Secretary, telephone (775) 356-9029.

This year, some brokers and nominees who hold Company shares on behalf of stockholders may be participating in the practice of householding proxy statements and annual reports for those stockholders. If your household receives a single notice of internet availability of proxy materials for this year, but you would like to receive your own copy, please contact us as stated above, and we will promptly send you a copy. If a broker or nominee holds Company shares on your behalf and you share the same last name and address with another stockholder for whom a broker or nominee holds Company shares, and together both of you would like to receive only a single set of the Company's disclosure documents, please contact your broker or nominee as described in the voter instruction card or other information you received from your broker or nominee.

If you consent to householding, your election will remain in effect until you revoke it. Should you later revoke your consent, you will be sent separate copies of those documents that are mailed at least 30 days or more after receipt of your revocation.

Additional Filings and NYSE Compliance

The Company's reports on Forms 10-K, 10-Q, 8-K and all amendments to those reports are available without charge through the Company's website, www.ormat.com, as soon as reasonably practicable after they are electronically filed with, or furnished to, the SEC. You may request a copy of our SEC filings, as well as the foregoing corporate documents, at no cost to you, by writing to the Company address appearing in this proxy statement or by calling us at (775) 356-9029.

On or about May 17, 2007 the Company filed its 2007 Annual Written Affirmation with the NYSE in accordance with Section 303A of the NYSE's Listed Company Manual. The Annual Written Affirmation was in the prescribed form and contained no qualifications. The Company intends to file its 2008 Section 303A Annual Written Affirmation within 30 days of its Stockholders Annual Meeting, to be held on May 6, 2008.

To be timely, a stockholder's notice shall be delivered to the Secretary at the principal offices of the Company not later than the close of business on the 90th day nor earlier than the close of business on the 120th day prior to the first anniversary of the 2008 Annual Meeting of Stockholders, unless the date of the 2009 Annual Meeting of Stockholders is advanced by more than 30 days or delayed (other than as a result of adjournment) by more than 60 days from the anniversary of the 2008 Annual Meeting of Stockholders.
