Report of Independent Registered Public Accounting Firm

Plan Administration Committee

LaBarge, Inc. Employees Savings Plan:

We have audited the accompanying statements of net assets available for plan benefits of the LaBarge, Inc. Employees Savings Plan as of December 31, 2006 and 2005, and the related statements of changes in net assets available for plan benefits for the years ended December 31, 2006 and 2005. These financial statements are the responsibility of the Plan Administrator. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by the Plan Administrator, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the LaBarge, Inc. Employees Savings Plan as of December 31, 2006 and 2005, and the changes in net assets available for plan benefits for the years ended December 31, 2006 and 2005 in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental information in Schedule 1 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

LABARGE, INC. EMPLOYEES SAVINGS PLAN

Notes to Financial Statements

December 31, 2006 and 2005

(1) Description of the Plan

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan sponsored by the Company covering substantially all employees with 1 year of service and is subject to the provisions of ERISA.

(b) Contributions

Employees may elect to contribute, on a pre-tax basis, the lesser of 60% of covered compensation, or \$15,000, whichever is less, in 2006 in various investment funds of the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company contributes an amount equal to 50% of the first \$25 per month of employee contributions plus 25% of the employee contribution in excess of \$25. The Company provides matching contributions on amounts contributed up to 8% of the participant's compensation. All Company matching contributions are nonparticipant directed. Specifically, the Company matching contributions are invested in LaBarge, Inc. common stock and are restricted from being transferred to other Plan funds. Each year the Company may also, at its option, contribute an additional discretionary amount as determined by the Company's board of directors as a profit-sharing contribution. There were no discretionary profit-sharing contributions for 2006 or 2005.

(c) Participants Accounts

Each participant account is credited with the participant's contribution, the Company's matching contribution, and an allocation of the Company's discretionary profit-sharing contribution and fund earnings, net of administrative expenses. Allocations are based upon covered compensation or account balances, as defined in the Plan agreement.

Participants may transfer amounts between any funds other than the LaBarge, Inc. Common Stock Fund during any business day of the year. A transfer must equal a minimum of \$250 or 100% of the participant's account balance for balances less than \$250. The Trustee records these transfers in the participant's account and reinvests the amounts to reflect these changes. At year-end, the investments are presented net of any transfers in process as directed by the participants.

A participant's interest in transfers and trading activity in the LaBarge Common Stock Fund is measured in actual shares of LaBarge, Inc. Common Stock Fund that are allocated to the participant's account.

(d) Vesting

Participants are immediately vested in their contributions plus any earnings thereon. Participants are fully vested with respect to a month for employer matching contributions if that participant is employed by the Company on the last day of such month. Upon a participant's attainment of his/her normal retirement date (65th birthday), or upon death or total disability, his/her entire account balance as of the most recent valuation date will become 100% vested. In the event a participant

terminates employment, vesting in the Company's profit-sharing contribution allocated to the participant's account is 100% after five full years of continuous service.

(e) Loans to Participants

Participants are allowed to borrow a portion of their account balance. The minimum loan is \$1,000 and the maximum amount is the lesser of one-half of the participant's vested account balance or \$50,000 reduced by the highest outstanding loan balance in the participant's account during the prior twelve-month period. All participant loans from plans maintained by the Company will be considered for purposes of determining the maximum amount of the participant's loan. Up to 50% of the participant's vested account balance may be used as collateral for any loan.

(f) Payment of Benefits

Upon termination or retirement of service, a participant's account is distributed in the form of a lump-sum payment or installment payments over a period of time. Distributions may be deferred until age 70-1/2 at the participant's election if the account balance is not less than \$1,000.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting, except benefit payments, which are recorded when paid.

(b) Investments

Participants may elect to have a portion of their account balances invested in the following separate investment funds within the Plan:

Fidelity Retirement Money Market Fund, which seeks to obtain as high a level of current income as is consistent with the preservation of capital and liquidity;

LABARGE, INC. EMPLOYEES SAVINGS PLAN

Notes to Financial Statements

December 31, 2006 and 2005

The Fidelity Funds (excluding the Fidelity Retirement Money Market Fund), RS Partners Fund Class A, PIMCO, Oakmark, Spartan, and the Ariel Appreciation Funds (all invest in registered investment company shares), and the LaBarge, Inc. Common Stock Fund are stated at fair market value, as determined by quoted market price. The fair market value of the Company's common stock is determined based on the quoted market value of the stock on the last day of trading for the period. The Fidelity Retirement Money Market Fund is valued at cost plus interest, which approximates fair value. The appreciation (depreciation) in fair value of investments of the Plan represents the change in the difference between market value and cost of the investments during the year and realized gains or losses on the sale of investments. Participant loans are valued at their outstanding balances, which approximates fair value.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of investments are recorded on a trade-date basis.

(c) *Trust Fund Managed by the Trustee*

Under the terms of a trust agreement, the Trustee manages a trust fund on behalf of the Plan. The investments and changes therein of this trust fund have been reported to the Plan by the trustee.

(d) *Use of Estimates*

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(e) *Administrative Charges*

The Plan gives the Company the option of paying all administrative expenses or charging them to the Plan. All expenses incidental to the operation and management of the Plan have been paid by the Plan except for annual testing fees which are paid by the Company.

(3) Tax Status

The Plan Administrator has received a favorable determination letter dated March 15, 2005 from the Internal Revenue Service which indicates that the Plan and its underlying trust qualify under the applicable provisions of the Internal Revenue Code and, therefore, are exempt from Federal income taxes. The Plan has not been subsequently amended.

(4) Plan Termination

Although it has not expressed an intent to do so, the Company has the right under the provisions of the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested.
