FLOWERS FOODS, INC.

By: /s/ G. ANTHONY CAMPBELL

Name: G. Anthony Campbell
Title: Secretary and General
Counsel

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

Dated: February 9, 2001

vii

9

FLOWERS FOODS, INC.

Common Stock
\$.01 Par Value

The board of directors of Flowers Industries, Inc. has approved an agreement and plan of restructuring and merger and related agreements under which Flowers Industries will:

- spin-off its Flowers Bakeries and Mrs. Smith's Bakeries businesses and certain other corporate assets and liabilities to its shareholders in the form of a new, publicly-traded company called Flowers Foods, Inc., as a result of which Flowers Industries' primary asset will be its majority interest in Keebler Foods Company; and
- merge with a wholly-owned subsidiary of Kellogg Company.

This information statement is being sent to you to describe the spin-off and the business and financial position of Flowers Foods following the transaction and requires no action by you.

Currently, Flowers Foods is a wholly-owned subsidiary of Flowers Industries. Flowers Industries intends to distribute, in a taxable spin-off, all of the outstanding shares of Flowers Foods to Flowers Industries shareholders on a pro rata basis. As part of the spin-off, you will receive one share of Flowers Foods common stock for every five shares of Flowers Industries common stock you own as of the close of business on the record date for the spin-off, which is currently expected to be in March 2001. We will issue a press release announcing the record date/spin-off date at least 7 days in advance of such date.

The spin-off and the merger will each occur only if the other occurs. If Flowers Industries shareholders do not approve the merger, or if certain other conditions to the merger are not met, the spin-off will not occur.

The record date and the distribution date for the spin-off, as well as the closing date for the merger, will all be the same day. When the spin-off and the Flowers Industries/Kellogg merger are completed, Flowers Foods will own and operate the traditional Flowers Industries bakery businesses, and Kellogg will own Flowers Industries, which will have as its primary asset its majority interest in Keebler. At the closing of the transaction, Flowers Industries shareholders will own an interest in Flowers Foods in the same proportion as their prior ownership interest in Flowers Industries.

If the merger is approved by Flowers Industries shareholders, no further action on your part is necessary for you to receive the shares of Flowers Foods common stock to which you are entitled in the spin-off. You do not need to take any action for the spin-off to occur. You do not have to pay for the shares of Flowers Foods common stock that you will receive in the spin-off, nor do you have to surrender or exchange shares of Flowers Industries common stock in order to receive shares of Flowers Foods common stock. However, you will be required to surrender your shares of Flowers Industries common stock in order to receive the cash consideration to be paid in connection with the Flowers Industries/Kellogg merger. That process is described in more detail in the proxy statement relating to the Flowers Industries/Kellogg merger.

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

There has been no public trading market for the Flowers Foods common stock. The Flowers Foods common stock has been approved for listing on the New York Stock Exchange and, following the spin-off and the merger, we expect that Flowers Foods common stock will trade on the New York Stock Exchange under the symbol "FLO."

As you review this information statement, you should carefully consider the matters described in "Risk Factors," beginning on page 11.

NO VOTE OF SHAREHOLDERS IS REQUIRED IN CONNECTION WITH THE SPIN-OFF.

NEITHER THE SECURITIES AND EXCHANGE COMMISSION NOR ANY STATE SECURITIES COMMISSION HAS APPROVED OR DISAPPROVED OF THESE SECURITIES OR DETERMINED IF THIS INFORMATION STATEMENT IS TRUTHFUL OR COMPLETE. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

The date of this information statement is February 9, 2001.

SUMMARY

This summary highlights information relating to Flowers Industries, Flowers Foods and the Flowers Foods common stock being distributed in the spin-off. To

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

fully understand the spin-off and Flowers Foods, you should read this information statement carefully, including the risk factors as well as the financial statements of Flowers Industries and the accompanying notes, which are incorporated by reference herein and the pro forma financial information for Flowers Foods which appear elsewhere in this information statement.

The information about us and our business contained in this information statement assumes that the spin-off and related merger with Kellogg have been completed. If Flowers Industries shareholders do not approve the merger, the spin-off will not occur.

FLOWERS FOODS, INC.

Flowers Foods is one of the largest producers and marketers of frozen and non-frozen bakery and dessert products in the United States. Flowers Foods consists of the following businesses:

- Flowers Bakeries; and
- Mrs. Smith's Bakeries.

We have a leading presence in each of the major product categories in which we compete. In our Flowers Bakeries business, our Flowers Bakeries brands rank first in branded sales measured in dollars and units in the 22 major metropolitan markets we serve. Our Mrs. Smith's Bakeries business is one of the leading frozen dessert producers and marketers in the United States, and our Mrs. Smith's pies are the leading national brand of frozen pies sold at retail.

FLOWERS BAKERIES. Our Flowers Bakeries business produces and markets baked foods to customers in the super-regional 16 state area in and surrounding the southeastern United States. We have devoted significant resources to modernize, automate and expand our production facilities and distribution capabilities and enhance our information technology. Flowers Bakeries is comprised of 27 production facilities which are generally within or contiguous to our existing region and which can be served with our extensive direct store door delivery system. Our strategy is to continue to better serve new and existing customers, principally by:

- increasing the productivity and efficiency of our production facilities; and
- using information technology to enhance our direct store door delivery system.

MRS. SMITH'S BAKERIES. Our Mrs. Smith's Bakeries business produces and markets frozen desserts as well as bread, rolls and buns for sale to retail and foodservice customers. Traditionally, retail frozen pie sales are heavily concentrated in the year-end holiday season. In an effort to increase sales outside of the holiday season, we launched "Operation 365," a strategy aimed at significantly expanding non-seasonal sales in the frozen dessert product line by extending the well-recognized Mrs. Smith's brand name to existing and related retail and foodservice products. Examples of significant product line extensions include the introduction of Mrs. Smith's Restaurant Classics and Mrs. Smith's Cookies and Cream frozen pies in the retail channel and Grand Finales frozen pies in the foodservice channel.

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

OUR STRATEGIC FOCUS

Our strategy is to be the country's leading producer and marketer of a full-line of frozen and non-frozen bakery and dessert products serving all categories of customers through all channels of distribution. Our Flowers Bakeries and Mrs. Smith's Bakeries businesses each develop strategies based on the requirements of their particular food category.

We employ the following five overall corporate strategies:

- maintain and extend strong brand recognition;
- invest in and operate efficient production facilities;
- provide customer service-oriented distribution;
- offer a broad range of products to customers in multiple channels of distribution; and
- continue to pursue growth through strategic acquisitions and investments.

CORPORATE INFORMATION

Our principal executive offices are located at 1919 Flowers Circle, Thomasville, Georgia 31757 and our telephone number is (229) 226-9110. References in this information statement to "Flowers Foods," "we," "our" and "us" collectively refer to Flowers Foods, Inc. We maintain internet sites at www.flowersfoods.com, www.flowersbakeries.com and www.mrssmiths.com. The information contained on, or connected to, our websites is not a part of this information statement.

THE TRANSACTION

THE MERGER. Flowers Foods is currently a wholly-owned subsidiary of Flowers Industries. On October 26, 2000, Flowers Industries entered into an agreement and plan of restructuring and merger with Kellogg Company under which a wholly-owned subsidiary of Kellogg will merge with Flowers Industries. Flowers Industries, whose primary asset at the time of the merger will be its majority ownership interest in Keebler, will survive the merger as a wholly-owned subsidiary of Kellogg. As a condition to the merger, Flowers Industries has agreed to transfer its fresh and frozen bakery operations, and certain other corporate assets and liabilities, to Flowers Foods and to distribute all of the outstanding shares of common stock of Flowers Foods to Flowers Industries' shareholders on a pro-rata basis immediately prior to the merger.

THE SPIN-OFF. Effective virtually simultaneously with the completion of the merger described above, Flowers Industries will distribute all of the outstanding shares of Flowers Foods common stock. Following the effective time of the spin-off, all of the outstanding shares of Flowers Foods common stock will be held by shareholders of Flowers Industries who are shareholders as of the record date for the spin-off. You will not pay for the

Flowers Foods common stock you will receive in the spin-off, but the spin-off will be taxable to you. The spin-off is summarized below:

Distributing Company: Flowers Industries, Inc., a Georgia corporation.

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

Spun-off Company: Flowers Foods, Inc., a Georgia corporation and currently a wholly-owned subsidiary of Flowers Industries, Inc.

Consideration to be Received by Flowers Industries Shareholders in the Spin-off and Merger: The spin-off and merger will occur virtually simultaneously. Flowers Industries shareholders will receive an amount in cash estimated to be between \$12.45 and \$12.60 per share in exchange for each share of Flowers Industries common stock that they own and one share of Flowers Foods common stock in the spin-off for every five shares of Flowers Industries common stock they own at the close of business on the record date for the spin-off. Flowers Industries shareholders will be required to surrender their shares of Flowers Industries common stock to receive the cash consideration in the merger, but will not be required to take any additional action to receive shares of Flowers Foods common stock in the spin-off.

Flowers Foods Common Stock: If the spin-off had occurred on January 30, 2001, approximately 20,061,064 shares of Flowers Foods common stock would have been outstanding and distributed in the spin-off and such shares would have been held by approximately 7,741 shareholders of record.

Distribution Ratio: One share of Flowers Foods common stock for every five shares of Flowers Industries common stock that you hold on the record date for the spin-off.

Record Date/Spin-off Date: The record date/spin-off date is expected to be in March 2001. We will issue a press release announcing the record date/spin-off date at least 7 days in advance of such date.

Distribution Agent: First Union National Bank, which is also the registrar and transfer agent for Flowers Industries common stock and for Flowers Foods common stock.

Proposed New York Stock Exchange Symbol: "FLO"

Trading Market: Because Flowers Industries currently owns all of Flowers Foods common stock, there has not been a public

trading market for the Flowers Foods common stock. The Flowers Foods common stock has been approved for listing on the New York Stock Exchange and, following the spin-off and the merger, we expect that Flowers Foods common stock will be traded on the New York Stock Exchange.

Federal Income Tax
Consequences:

The spin-off and merger should be treated as a single taxable transaction for United States federal income tax purposes. We expect that Flowers Industries shareholders will recognize gain or loss in an amount equal to the difference between:

- the sum of the fair market value of the shares of Flowers Foods common stock distributed in the spin-off plus the cash proceeds received pursuant to the merger; and
- the shareholder's adjusted tax basis immediately prior to the transaction in the shares of Flowers Industries common stock surrendered.

Such gain or loss should be a capital gain or loss if the shares of Flowers Industries common stock are held as a capital asset by the Flowers Industries shareholder. However, if the receipt of Flowers Foods common stock is treated as a separate transaction for tax purposes, it would be deemed to be a distribution taxable as an ordinary income dividend to the extent of our current or accumulated earnings and profits. For a more detailed description of the federal income tax consequences of the spin-off and the merger, see "The Spin-Off -- Material United States Federal Income Tax Consequences."

Our Management and Management
Compensation:

Substantially all of the management team of Flowers Industries will become the management of Flowers Foods following the spin-off. The compensation, awards and other benefits expected to be available to members of Flowers Foods management are described in "Management."

6

15

SUMMARY HISTORICAL FINANCIAL DATA
(IN THOUSANDS, EXCEPT PER SHARE DATA)

The following summary historical financial data of Flowers Industries, Flowers Foods' predecessor, as of and for the 52 weeks ended January 1, 2000 and January 2, 1999, the 27 week transition period ended January 3, 1998 and for the 52 weeks ended June 28, 1997, June 29, 1996 and July 1, 1995 have been derived from the consolidated financial statements of Flowers Industries, which have

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

been audited by PricewaterhouseCoopers, LLP, independent accountants. The summary historical financial data of Flowers Industries as of and for the 40 weeks ended October 7, 2000 and October 9, 1999 are derived from the unaudited consolidated financial statements of Flowers Industries, which, in the opinion of management, include all adjustments necessary for a fair presentation. Operating results for the 40 weeks ended October 7, 2000 are not necessarily indicative of the results that may be achieved for the 52 weeks ending December 30, 2000.

This historical data should be read in conjunction with Flowers Industries' "Management's Discussion and Analysis of Financial Condition and Results of Operations" and Flowers Industries' consolidated financial statements and the related notes, which are incorporated herein by reference and portions of which have been filed as exhibits to Flowers Foods' registration statement on Form 10, of which this information statement is a part.

SUMMARY PRO FORMA FINANCIAL DATA
(IN THOUSANDS, EXCEPT PER SHARE DATA)

The following table represents summary unaudited pro forma condensed consolidated financial data for Flowers Foods. Flowers Foods consists of the traditional bakery businesses of Flowers Industries. For accounting purposes, we will treat the transaction as a disposition of Keebler. Accordingly, the unaudited pro forma financial information, included here and elsewhere herein, reflects the disposition of assets and liabilities and the exclusion of the results of operations of Keebler from the Flowers Industries consolidated financial statements. The summary pro forma condensed consolidated financial data have been derived from the Flowers Foods unaudited pro forma condensed consolidated financial statements which are included elsewhere in this information statement. The unaudited pro forma condensed consolidated statement of income data sets forth Flowers Foods' results of operations for the 52 week period ended January 1, 2000 and the 40 week period ended October 7, 2000 assuming the spin-off and merger were completed as of January 3, 1999. In addition, the unaudited pro forma condensed consolidated statement of income data sets forth Flowers Foods' results of operations for the 52 weeks ended January 2, 1999, the 27-week transition period ended January 3, 1998 and the 52 weeks ended June 28, 1997 assuming the spin-off and merger were completed as of June 30, 1996. The unaudited pro forma condensed consolidated balance sheet data sets forth Flowers Foods' financial position at October 7, 2000, and assumes the spin-off and merger were completed on October 7, 2000.

The pro forma adjustments are based upon available information and upon certain assumptions that Flowers Industries believes are reasonable and which are described in the notes to the unaudited pro forma condensed consolidated financial statements included elsewhere in this information statement. The unaudited pro forma condensed consolidated financial data is presented for informational purposes only and may not be indicative of the results of operations or financial position that would have occurred had the spin-off and merger occurred on the dates indicated, or which may be obtained in the future. You should read the summary unaudited pro forma condensed consolidated financial data presented below in conjunction with the unaudited pro forma condensed

- (a) The summary unaudited pro forma condensed consolidated income data for Flowers Foods has been derived from the historical consolidated statement of income of Flowers Industries, adjusted to reflect (i) the exclusion of the results of operations of Keebler that is included in Flowers Industries' consolidated statement of income for the respective periods, (ii) the change in interest expense resulting from the elimination of approximately \$625.0 million of long-term debt as a result of the merger, (iii) the change in amortization expense resulting from the elimination of Flowers Industries' investment in Keebler and (iv) the related income tax effects of (i), (ii) and (iii).
- (b) The summary unaudited pro forma condensed consolidated income data for Flowers Foods has been derived from the historical consolidated statement of income of Flowers Industries, adjusted to reflect the exclusion of the results of operations of Keebler from Flowers Industries and the change in amortization expense resulting from the elimination of Flowers Industries' investment in Keebler.
- (c) The summary unaudited pro forma condensed consolidated income data for Flowers Foods has been derived from the historical consolidated statement of income of Flowers Industries, adjusted to reflect the elimination of its income from investment in its then unconsolidated affiliate, Keebler.
- (d) Gives effect to the issuance of one share of Flowers Foods common stock for every five shares of Flowers Industries common stock.

RISK FACTORS

RISKS FACTORS RELATING TO OUR BUSINESS

OUR MRS. SMITH'S BAKERIES BUSINESS MAY CONTINUE TO PERFORM BELOW EXPECTATIONS, WHICH COULD HARM OUR FINANCIAL RESULTS.

Our Mrs. Smith's Bakeries business has incurred net operating losses over the past six quarters and may not be profitable in the near future. Our ability to increase revenues, reduce costs and achieve profitability at Mrs. Smith's Bakeries in the future will primarily depend on our ability to increase sales of our products outside of the traditional holiday season through the retail and foodservice channels and to reduce production, distribution and other costs. Our Mrs. Smith's Bakeries business may not be able to increase revenues and reduce costs at a rate required to generate profitable results.

BECAUSE OF THE DISPOSITION OF FLOWERS INDUSTRIES' MAJORITY INTEREST IN KEEBLER, WE MAY INCUR OPERATING AND NET LOSSES.

The pro forma consolidated financial statements for Flowers Foods presented in this information statement reflect the exclusion of Keebler's results of operations that are included in Flowers Industries' consolidated statements of income for the periods presented. Because of the disposition of Flowers Industries' majority interest in Keebler, Flowers Foods' results of operations would show an operating loss of \$6,971,000 for the 52 weeks ended January 1, 2000 and net losses of \$9,177,000, \$4,339,000 and \$669,000 for the 52 weeks ended January 1, 2000, and January 2, 1999, and the 40 weeks ended October 7, 2000, respectively. Without the inclusion of Keebler's earnings, we may not be

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

profitable in the future.

OUR ABILITY TO COMPETE EFFECTIVELY IN THE HIGHLY COMPETITIVE FOOD INDUSTRY MAY AFFECT OUR OPERATIONAL PERFORMANCE AND FINANCIAL RESULTS.

The food industry is highly competitive. We face competition in all of our markets from large, national companies and smaller, regional operators, as well as from supermarket chains with their own production facilities or private label products and grocery stores with their own in-store bakeries. Some of our competitors, including other diversified food companies, are larger and may have greater financial resources than we do. From time to time we experience price pressure in certain of our markets as a result of competitors' promotional pricing practices as well as market conditions generally. Competition is based on product quality, distribution effectiveness, brand loyalty, price, effective promotional activities and the ability to identify and satisfy emerging consumer preferences. We may not be able to effectively compete with these larger, more diversified companies.

OUR BUSINESS IS SUBJECT TO THE RISK OF PRICE FLUCTUATIONS OF RAW MATERIALS.

Our principal ingredients are flour, sugar, shortening and fruit, all of which are subject to price fluctuations. Any substantial fluctuation in the prices of raw materials would, if not offset by product price increases or commodities hedging activities, have an adverse impact on our profitability. We attempt to recover our commodity cost increases by increasing prices, promoting a higher-margin product mix and obtaining additional operating efficiencies. We may not be able to continue to offset raw material price increases to the

11

20

same extent in the future. We enter into contracts for the purchase of raw materials at fixed prices, which are designed to protect us against raw material price increases during their term. These contracts could cause us to pay higher prices for our raw materials than would otherwise be available at the time we utilize the raw materials. We also use paper products, such as corrugated cardboard, aluminum products, such as pie plates, and films and plastics to package our products. We are dependent upon natural gas and propane as a fuel for firing ovens as well as gasoline and diesel as fuel for distribution vehicles. Substantial fluctuations in prices of packaging materials or continued higher prices of fuels could adversely affect our operating performance and financial results.

THE LOSS OR CONTINUED CONSOLIDATION OF ANY OF OUR KEY CUSTOMERS COULD HAVE A SIGNIFICANT NEGATIVE IMPACT ON OUR FINANCIAL RESULTS.

The largest purchaser of our products, Winn-Dixie, Inc., accounted for approximately 10.2% of our sales during fiscal 1999. We expect that our sales to Winn-Dixie will continue to constitute a significant percentage of our revenues. The loss of Winn-Dixie as an outlet for our products could significantly harm our competitive position and operating results. In addition, the continued consolidation of food retailers and foodservice distributors has reduced the number of customers for our products. The additional consolidation of customers for our products could have a significant adverse impact on our financial results.

THE PRESENCE OF POTENTIAL COMPETITORS FOR ACQUISITION OPPORTUNITIES MAY AFFECT

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

OUR STRATEGY OF GROWTH BY ACQUISITION OF ADDITIONAL FOODS BUSINESSES.

Our growth has depended, in significant part, on our ability to acquire and, thereafter, integrate and operate additional food businesses. Our strategy includes pursuing acquisition candidates that complement our existing product lines, geographic presence, or both, and leverage our production capacity, distribution network, purchasing power, brand management capabilities and operating efficiencies. Presently, we have no material acquisition candidates under active consideration. Potential competitors for acquisition opportunities include larger companies that may have greater financial resources than we do. Competition for acquiring food businesses may result in acquisitions on terms that prove to be less advantageous to us than have been attainable in the past or may increase acquisition prices to levels unacceptable to us. As a result, we may not be able to find attractive acquisition candidates in the future. In addition, we may not be successful in integrating future acquisitions into our existing operations or succeed in reducing the costs and increasing the profitability of any businesses we acquire in the future.

OUR BUSINESS IS SUBJECT TO FEDERAL, STATE AND LOCAL GOVERNMENT REGULATIONS, THE IMPACT OF WHICH COULD HAVE A NEGATIVE IMPACT ON OUR BUSINESS AND FINANCIAL POSITION.

Our operations are subject to regulation by various federal, state and local government entities and agencies. As a producer of food products for human consumption, our operations are subject to stringent production, packaging, quality, labeling and distribution standards, including regulations mandated by the following laws:

- Federal Food and Drug Act;
- Occupational Safety and Health Act;
- Fair Labor Standards Act;

12

21

- Clean Air Act; and
- Clean Water Act.

We cannot predict whether future regulation by various federal, state and local governmental entities and agencies would harm our business and financial results.

IF OUR PRODUCTS CONTAIN DEFECTS, OUR SALES COULD SUFFER AND WE COULD INCUR INCREASED COSTS, WHICH COULD HAVE A MATERIAL ADVERSE EFFECT ON OUR PROFITABILITY.

We could be found liable if the consumption of any of our products cause injury, illness or death. We also may be required to recall certain of our products that become contaminated or are damaged. A product liability judgement or product recall could severely affect our business or financial results.

WE MAY NOT BE ABLE TO PROTECT OUR INTELLECTUAL PROPERTY AND PROPRIETARY RIGHTS, WHICH COULD HARM OUR COMPETITIVE POSITION, RESULTING IN DECREASED REVENUE.

We believe that our trademarks and other proprietary rights are important to our success and competitive position. Accordingly, we devote substantial resources to the establishment and protection of our trademarks and proprietary

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

rights. We have taken actions to establish and protect our trademarks and other proprietary rights. However, these actions may be inadequate to prevent imitation of our products by others or to prevent others from claiming violations of their trademarks and proprietary rights by us.

RISKS FACTORS RELATING TO THE SECURITIES MARKETS AND OWNERSHIP OF FLOWERS FOODS COMMON STOCK

FLOWERS FOODS DOES NOT HAVE AN OPERATING HISTORY AS AN INDEPENDENT COMPANY.

After completion of the spin-off, Flowers Foods will be an independent, publicly-traded company. Although Flowers Foods will be operated by members of senior management who operated Flowers Industries' bakery businesses prior to the spin-off, we do not have an operating history as an independent company. The pro forma financial information included in this information statement may not necessarily reflect the results of operations and financial position that would have been achieved had Flowers Foods and our subsidiaries operated as an independent company during the periods presented nor is it necessarily indicative of what our future results of operations will be. After the spin-off, we will be responsible for obtaining our own financing and corporate administrative services, including legal, human resources, information and technology systems and tax and accounting services. We may have difficulty obtaining financing or services on terms that are acceptable to us, if at all.

BECAUSE THERE HAS BEEN NO PRIOR TRADING MARKET FOR OUR COMMON STOCK, OUR STOCK PRICE MAY BE VOLATILE.

There is no current trading market for Flowers Foods common stock. We have applied to list Flowers Foods common stock on the New York Stock Exchange and, following the spin-off and the merger, we expect that Flowers Foods common stock will trade on the New York Stock Exchange under the symbol "FLO."

Our shares may not be actively traded, and the prices at which our shares trade could be volatile. Some Flowers Industries shareholders who receive Flowers Foods common stock may decide that they do not want to remain invested in us and may sell their shares

13

22

following the spin-off. This may delay the development of an orderly trading market for Flowers Foods common stock for a period of time following the spin-off. Prices for our shares will be determined in the marketplace and may be influenced by many factors, including, but not limited to:

- the depth and liquidity of the market for the shares;
- our results of operations;
- investors' evaluations of the future prospects for Flowers Foods and the food industry generally;
- our dividend policy; and
- general economic and market conditions.

In addition, the stock market often experiences significant price fluctuations that are unrelated to the operating performance of the specific

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

companies whose stock is traded. These market fluctuations could have a material adverse effect on the trading price of our shares.

OUR FAILURE TO ATTRACT AND RETAIN KEY MANAGEMENT PERSONNEL COULD HARM OUR BUSINESS.

Our business requires managerial, financial and operational expertise and our future success depends upon the continued service of key personnel. We do not have employment agreements with any members of our current management. If we lose any of our key personnel, our business operations could suffer.

OUR ARTICLES OF INCORPORATION AND BYLAWS, OUR SHAREHOLDER RIGHTS PLAN AND PROVISIONS OF GEORGIA LAW COULD MAKE IT MORE DIFFICULT FOR A THIRD PARTY TO ACQUIRE US, EVEN IF DOING SO COULD BE IN YOUR INTEREST.

Provisions of our articles of incorporation and bylaws could make it more difficult for a third party to acquire us, even if doing so might be in the best interest of our shareholders. It could be difficult for a potential bidder to acquire us because:

- our directors serve for staggered terms;
- our directors may be removed only for a cause by a supermajority vote of our shareholders;
- our directors plan to adopt a shareholder rights plan; and
- we are subject to the fair-price and business combination provisions of the Georgia corporate law.

Also, our Board of Directors can issue preferred stock and determine the price, rights, and preferences of this preferred stock without shareholder approval. This authority gives our Board of Directors greater flexibility to take actions such as making acquisitions. However, if we issue preferred stock, a third party may find it more difficult to acquire control of us.

14

23

WE MAY NOT PAY DIVIDENDS ON OUR COMMON STOCK.

The payment of dividends on our common stock is subject to the discretion of our Board of Directors and will depend on factors such as our financial position, results of operations and such other factors as our Board of Directors may consider relevant. We may not pay any dividends in the future or if we do they may not be at a level consistent with dividends paid by Flowers Industries in the past.

WE HAVE AGREED TO INDEMNIFY FLOWERS INDUSTRIES FOR LIABILITIES WHICH MAY ACCRUE FOLLOWING THE SPIN-OFF.

We have agreed in the distribution agreement and the employee benefits agreement relating to the spin-off and in the merger agreement with Kellogg to indemnify Flowers Industries and its respective officers, directors, employees, successors and assigns, from and against any and all damages arising in

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

connection with the liabilities, including tax, litigation, environmental and employee benefit liabilities and advisory fees, as more fully described beginning on page 21 of this information statement, that arise in connection with the spin-off and merger or the business of Flowers Industries prior to the spin-off. If certain events occur or certain liabilities arise, we may be required to pay substantial sums to meet our indemnification obligations. Such payments could have a material adverse effect on our operating performance and financial results.

THE CHARACTER AND AMOUNT OF INCOME, GAIN OR LOSS YOU MAY RECOGNIZE AS A RESULT OF THE SPIN-OFF AND MERGER CANNOT BE PRECISELY DETERMINED.

Your receipt of cash and Flowers Foods common stock in connection with the spin-off and the merger will be a taxable transaction. The spin-off and merger are intended to constitute a single integrated transaction pursuant to which each Flowers Industries shareholder generally will recognize capital gain or loss equal, in each case, to the difference between (1) the fair market value of the Flowers Foods shares distributed in the spin-off plus the cash proceeds received pursuant to the merger and (2) the shareholder's adjusted tax basis in the Flowers Industries common stock surrendered in exchange. However, if the Internal Revenue Service were to successfully assert that receipt of Flowers Foods stock should be treated as a separate transaction for tax purposes, it would be deemed to be a distribution taxable as an ordinary income dividend to the extent of our current or accumulated earnings and profits. In addition, the amount of income, gain or loss, if any, that you will recognize will depend, in part, on the fair market value of the Flowers Foods common stock you receive in the spin-off and your basis in the Flowers Industries common stock you sell in the merger.

15

24

CAUTIONARY NOTE REGARDING FORWARD LOOKING STATEMENTS

We have made forward-looking statements in this information statement, including in the sections entitled "Summary," "Risk Factors" and "Business," that are based on our beliefs and assumptions and on information currently available to us. Forward-looking statements include the information concerning our possible or assumed future results of operations, business strategies, financing plans, competitive position, potential growth opportunities, potential operating performance improvements, benefits resulting from the spin-off and the merger, the effects of competition and the effects of future legislation or regulations. Forward-looking statements include all statements that are not historical facts and can be identified by the use of forward-looking terminology such as the words "believe," "continue," "may," "will," "should" or the negative of these terms or similar expressions.

Forward-looking statements involve risks, uncertainties and assumptions. Actual results may differ materially from those expressed in these forward-looking statements. You should not put undue reliance on any forward-looking statements. Except as required by law, we do not have any intention or obligation to update forward-looking statements after we distribute this information statement.

Some of the risks and other factors that could affect our performance and operating results are discussed under "Risk Factors" and elsewhere in this information statement. There may also be other risks that we are unable to

predict at this time.

16

25

THE SPIN-OFF

BACKGROUND OF THE SPIN-OFF

On October 26, 2000, Flowers Industries and Kellogg entered into an agreement and plan of restructuring and merger under which a wholly-owned subsidiary of Kellogg will merge with Flowers Industries. Flowers Industries, whose primary asset at the time of the merger will be its majority ownership in Keebler, will survive the merger as a wholly-owned subsidiary of Kellogg. As a condition to the merger, Flowers Industries has agreed to transfer its fresh and frozen bakery operations, and certain other corporate assets and liabilities, to Flowers Foods. Effective virtually simultaneously with the merger, Flowers Industries will distribute all of the outstanding shares of Flowers Foods common stock on a pro-rata basis to its shareholders.

MANNER OF EFFECTING THE SPIN-OFF

Flowers Industries expects to effect the spin-off in March 2001 and will deliver all of the outstanding shares of Flowers Foods common stock to First Union National Bank, as transfer agent and registrar, for distribution to the holders of record of Flowers Industries common stock as of the close of business on that date. We will issue a press release announcing the record date/spin-off date at least 7 days in advance of such date. Shareholders of Flowers Industries will receive shares of Flowers Foods common stock in an amount equal to their proportionate interest in Flowers Industries. The distribution of Flowers Foods common stock will be made based on a ratio of one share of Flowers Foods common stock for every five shares of Flowers Industries common stock held by Flowers Industries shareholders as of the close of business on the record date. The actual number of shares of Flowers Foods common stock to be distributed will depend on the number of shares of Flowers Industries common stock outstanding as of the record date/spin-off date. Any Flowers Industries shareholder who transfers his or her Flowers Industries common stock prior to the record date/spin-off date will not receive shares of Flowers Foods even though he or she may have been a shareholder of record for purposes of voting at the Flowers Industries special meeting to approve the merger.

Flowers Industries currently intends to distribute the Flowers Foods shares by book entry. If you are a record holder of Flowers Industries common stock, instead of physical stock certificates, you will receive a statement of your book entry account for the Flowers Foods shares distributed to you. Following the spin-off, you may request physical stock certificates if you wish, and instructions for making that request will be furnished with your book entry account statement.

If you hold your Flowers Industries shares through a stockbroker, bank or other nominee, your shares are likely held in "street name," and you are probably not a shareholder of record. In such a case, your receipt of Flowers Foods common stock depends on your arrangements with the nominee that holds your Flowers Industries shares for you.

NO ISSUANCE OF FRACTIONAL SHARES

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

No certificates representing fractional interests in shares of Flowers Foods common stock will be issued to Flowers Industries shareholders as part of the spin-off. After the spin-off, when regular trading in Flowers Foods common stock has begun, the distribution

17

26

agent, First Union National Bank, acting as agent for Flowers Industries shareholders otherwise entitled to receive certificates representing fractional shares of Flowers Foods common stock, will aggregate and sell all fractional shares in the open market at then prevailing market prices and distribute to each Flowers Industries shareholder who is entitled to payment in respect of such fractional shares his or her proportionate interest in the proceeds from the sale of the aggregated fractional shares.

MATERIAL UNITED STATES FEDERAL INCOME TAX CONSEQUENCES

The following discussion summarizes the material United States federal income tax consequences of the distribution to Flowers Industries shareholders of Flowers Foods common stock in the spin-off concurrent with the exchange of shares of Flowers Industries common stock for cash in the merger. We will refer to the spin-off and merger, collectively, as the "transaction." This discussion is based on currently operative provisions of the Internal Revenue Code of 1986, Treasury regulations under the Code and administrative rulings and court decisions, all of which are subject to change. Any such change, which may or may not be retroactive, could alter the tax consequences to Flowers Industries, Flowers Foods or the Flowers Industries shareholders as described herein.

Flowers Industries shareholders should be aware that this discussion does not address all federal income tax considerations that may be relevant to particular shareholders of Flowers Industries in light of their particular circumstances, such as shareholders who are banks, insurance companies, pension funds, tax-exempt organizations, dealers in securities or foreign currencies, shareholders who are not United States persons, as defined in the Code, shareholders who acquired their shares in connection with stock option or stock purchase plans or in other compensatory transactions, shareholders who hold Flowers Industries common stock as part of an integrated investment (including a "straddle") comprised of shares of Flowers Industries common stock and one or more other positions, or shareholders who have previously entered into a constructive sale of Flowers Industries common stock. In addition, the following discussion does not address the tax consequences of the transaction under foreign, state or local tax laws or the tax consequences of transactions effectuated prior or subsequent to or concurrently with the transaction (whether or not such transactions are in connection with the transaction), including, without limitation, transactions in which Flowers Industries common stock is acquired or Flowers Foods common stock is disposed of.

ACCORDINGLY, FLOWERS INDUSTRIES SHAREHOLDERS ARE URGED TO CONSULT THEIR OWN TAX ADVISORS CONCERNING THE SPECIFIC TAX CONSEQUENCES, INCLUDING THE APPLICABLE FEDERAL, STATE, LOCAL AND FOREIGN TAX CONSEQUENCES, TO THEM OF THE TRANSACTION IN THEIR PARTICULAR CIRCUMSTANCES.

For United States federal income tax purposes, the transaction is intended to constitute a single integrated transaction with respect to Flowers Industries and its shareholders in which the spin-off will be treated as a distribution in redemption of outstanding common stock of Flowers Industries in connection with the complete termination of the Flowers Industries shareholders' interest in Flowers Industries. Although Flowers Industries believes that the foregoing

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

description correctly characterizes the transaction for United States federal income tax purposes and, therefore, that the spin-off should qualify under Section 302(b) of the Code, either because the integrated combination of the spin-off and the merger results in a complete termination of the

18

27

Flowers Industries shareholders' interests in Flowers Industries or because the spin-off, in conjunction with the merger, is not essentially equivalent to a dividend, there is no specific authority on this point and the issue is not free from doubt.

Assuming the spin-off qualifies as an exchange within the meaning of Section 302(b) of the Code and that the shares of Flowers Industries common stock surrendered in the transaction were held as capital assets, then, subject to the assumptions, limitations and qualifications referred to in this information statement, the transaction would result in the following federal income tax consequences:

- Each holder of Flowers Industries common stock will generally recognize gain, if any, only to the extent of the excess of (i) the sum of the fair market value, on the date of the spin-off, of the Flowers Foods common stock distributed in the spin-off plus the cash proceeds received pursuant to the merger over (ii) the holder's adjusted basis immediately prior to the transaction in the Flowers Industries common stock surrendered. Such gain generally should be capital gain, and generally should be long-term capital gain if the Flowers Industries common stock exchanged in the transaction has been held for more than one year. In the event that a holder's adjusted basis in the Flowers Industries common stock exceeds the sum of the fair market value of the Flowers Foods stock and the amount of cash received by the holder in the transaction, the holder will recognize a loss. Such loss generally should be capital loss, and generally should be long-term capital loss if the Flowers Industries common stock exchanged in the transaction has been held for more than one year.
- The tax basis of the Flowers Foods common stock received by Flowers Industries shareholders in the transaction will be equal to the fair market value of such stock on the date of the spin-off. One reasonable method of determining this would be to use the weighted average trading price of Flowers Foods common stock on the first full day of trading ending after the spin-off; however, please consult with your own tax advisor with respect to your particular circumstances.
- The holding period of the Flowers Foods common stock received in the spin-off will commence on the day after the spin-off.

Receipt of an opinion with respect to tax matters is not a condition to the obligations of the parties to consummate this transaction. In addition, no ruling has been or will be obtained from the Internal Revenue Service in connection with the transaction, and the Internal Revenue Service could challenge the status of the transaction as a single integrated transaction for United States federal income tax purposes. Such a challenge, if successful, could result in Flowers Industries shareholders being treated as receiving a "dividend" distribution of Flowers Foods common stock in respect of their Flowers Industries common stock in the spin-off and as selling, in a separate transaction, their Flowers Industries common stock to Kellogg immediately after the spin-off. The amount treated as distributed in the spin-off would be equal to the fair market value of the Flowers Foods common stock on the date of the

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

spin-off and generally would be (1) treated as a dividend taxable as ordinary income to the Flowers Industries shareholders to the extent of Flowers Industries current or accumulated earnings and profits, (2) to the extent such amount exceeded Flowers Industries earnings and profits, it would be applied to reduce, but not below zero, each Flowers Industries shareholder's adjusted basis in such shareholder's Flowers Industries stock, and (3) would be taxable as capital gain to each Flowers Industries shareholder to the extent the amount treated as received by such

19

28

shareholder in the spin-off exceeded the amount described in (1) and (2) hereof. Flowers Industries shareholders would have a basis in the Flowers Foods common stock equal to its fair market value on the date of the spin-off, and the holding period of such stock would commence on the day after the spin-off. Flowers Industries shareholders generally would recognize gain on the sale of their Flowers Industries common stock to Kellogg in the merger in an amount equal to the excess, if any, of the amount of cash received from Kellogg in the merger over their adjusted basis in the Flowers Industries common stock immediately prior to the merger, taking into account the effect of the spin-off of Flowers Foods common stock on such adjusted basis as described above. Such gain generally would be capital gain and generally would be long-term capital gain if the Flowers Industries common stock exchanged in the merger had been held for more than one year. In the event that a holder's adjusted basis in the Flowers Industries common stock, taking into account the effect of the spin-off of Flowers Foods common stock on such adjusted basis as described above, exceeded the amount of cash received from Kellogg in the merger, the holder would recognize a loss. Such loss generally would be a capital loss and generally would be a long-term capital loss if the Flowers Industries common stock exchanged in the merger had been held for more than one year.

You may be subject to "backup withholding" at a rate of 31% on payments (including the distribution of Flowers Foods common stock) received in connection with the transaction unless you (1) provide a correct taxpayer identification number (which, if you are an individual, is your social security number) and any other required information to the exchange agent, or (2) are a corporation or otherwise qualify under certain exempt categories and, when required, demonstrate this fact, all in accordance with the requirements of the backup withholding rules. If you do not provide a correct taxpayer identification number, you may be subject to penalties imposed by the Internal Revenue Service. Any amount paid as backup withholding does not constitute an additional tax and will be creditable against your United States federal income tax liability. You should consult with your own tax advisor as to your qualification for exemption from backup withholding and the procedure for obtaining such exemption. You may prevent backup withholding by completing a W-9 or substitute W-9 and submitting it to the exchange agent for the merger when you submit your stock certificate(s) following the effective time of the merger.

THE PRECEDING DISCUSSION IS INTENDED ONLY AS A SUMMARY OF THE MATERIAL UNITED STATES FEDERAL INCOME TAX CONSEQUENCES OF THE TRANSACTION TO FLOWERS INDUSTRIES SHAREHOLDERS. FLOWERS INDUSTRIES SHAREHOLDERS ARE URGED TO CONSULT THEIR OWN TAX ADVISORS CONCERNING THE SPECIFIC TAX CONSEQUENCES TO THEM OF THE TRANSACTION, INCLUDING TAX RETURN REPORTING REQUIREMENTS, THE APPLICABLE TAX LAWS AND THE EFFECT OF ANY PROPOSED CHANGES IN THE TAX LAWS.

20

29

AGREEMENTS BETWEEN FLOWERS INDUSTRIES AND
FLOWERS FOODS RELATING TO THE SPIN-OFF

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

We have entered into the agreements described in this section with Flowers Industries to facilitate an orderly transition and govern the ongoing relationship between the companies after completion of the spin-off and merger. The following descriptions include a summary of all material terms of such agreements but are qualified in their entirety by reference to the agreements, which are filed as exhibits to Flowers Foods' registration statement on Form 10 of which this information statement is a part. We urge all shareholders to read these agreements carefully.

DISTRIBUTION AGREEMENT

Flowers Foods and Flowers Industries have entered into a distribution agreement which, in general, provides that:

- Flowers Industries will transfer its Flowers Bakeries and Mrs. Smith's Bakeries businesses and certain other corporate assets and liabilities to Flowers Foods;
- Flowers Industries will distribute all of the outstanding shares of Flowers Foods common stock to its shareholders on a pro-rata basis;
- following the spin-off, Flowers Foods will indemnify Flowers Industries for liabilities incurred by Flowers Industries as set forth below; and
- following the spin-off, Flowers Industries will indemnify Flowers Foods for liabilities incurred by Flowers Foods relating to certain liabilities retained by Flowers Industries.

TRANSFER OF ASSETS. Under the distribution agreement, Flowers Industries will transfer the Flowers Bakeries and Mrs. Smith's Bakeries businesses and certain other corporate assets to Flowers Foods prior to the spin-off. As a result of these transfers, Flowers Foods will consist of the traditional bakery businesses owned and operated by Flowers Industries.

ALLOCATION OF LIABILITIES. Following the spinoff, Flowers Foods' liabilities, which, except as described below, are not presently quantifiable or known, will consist primarily of:

- long-term debt of approximately \$250.0 million assumed from Flowers Industries;
- current liabilities associated with the Flowers Bakeries and Mrs. Smith's businesses of approximately \$225.0 million; and
- the indemnification obligations to Flowers Industries and Kellogg as set forth in the distribution agreement and employee benefits agreement discussed below.

Following the spin-off, Flowers Industries' liabilities will consist of approximately \$625.0 million of debt, some or all of which will be paid off at the closing of the Flowers Industries/Kellogg merger. Additional liabilities of Flowers Industries are presently not determinable.

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

INDEMNIFICATION OBLIGATIONS. Flowers Industries (which will then be a wholly-owned subsidiary of Kellogg) will generally be responsible for, and has agreed to indemnify Flowers Foods, its affiliates and their respective officers, directors, employees, successors

21

30

and assigns from and against, the following liabilities whether arising before or after the spin-off:

- any debt retained by Flowers Industries (except liabilities arising from the decision to pursue the transactions contemplated by the merger agreement and related agreements or the treatment in the transactions of any third party debt); and
- certain legal, accounting and financial advisory fees payable in connection with the merger and spin-off, not to exceed \$16.0 million.

Except for the liabilities retained by Flowers Industries, Flowers Foods will be generally responsible for, and has agreed to indemnify Flowers Industries, its affiliates (including Kellogg) and their respective officers, directors, employees, successors and assigns from and against, all liabilities whether arising before, at or after the spin-off, of or relating to Flowers Industries, Flowers Foods or any subsidiary of Flowers Foods, whether arising from the conduct of or relating to the business of Flowers Foods, discontinued or divested businesses or operations of Flowers Industries or Flowers Foods or otherwise. Included are the following which, except as described below, are not presently quantifiable or known:

- liabilities (including tax liabilities) of Flowers Industries or any subsidiary to the extent arising from the conduct of, in connection with or relating to, any of Flowers Foods' assets or bakery businesses or the ownership or use thereof or any business or operations which Flowers Industries or Flowers Foods has discontinued or divested prior to the spin-off;
- any environmental liabilities of or relating to Flowers Industries, Flowers Foods or any business or operations which Flowers Industries or Flowers Foods has discontinued or divested prior to the spin-off;
- the debt to be assumed by Flowers Foods, which is anticipated to total approximately \$250.0 million;
- legal, accounting and financial advisory fees payable in connection with the merger and spin-off in excess of \$16.0 million, the excess of which we expect to total approximately \$21.0 million;
- litigation matters in which Flowers Industries or its officers, directors or employees are defendants;
- taxes, as discussed below; and
- employee benefits related liabilities allocated to Flowers Foods in the employee benefits agreement referred to below.

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

In addition, Flowers Foods has agreed to indemnify Kellogg, its affiliates (including Flowers Industries) and their respective directors, officers, employees, controlling persons, agents and representatives and their successors and assigns, from and against all liabilities arising out of, or relating to or resulting from the breach or failure of any representation, warranty, obligation or agreement of Flowers Industries contained in the agreement and plan of restructuring and merger to be true and correct when made or at the closing of the merger.

TAXES. Flowers Foods will be responsible for filing consolidated federal and consolidated, combined or unitary state tax returns that include Flowers Industries for

22

31

periods through completion of the spin-off and paying the related taxes to the Internal Revenue Service or other relevant taxing authority. Flowers Industries shall be responsible for filing consolidated federal and consolidated, combined or unitary state tax returns with respect to Flowers Industries for periods following the spin-off and paying the related taxes to the Internal Revenue Service or other relevant taxing authority.

In addition, the distribution agreement specifies the tax liabilities against which each of Flowers Industries and Flowers Foods will indemnify the other. In general, Flowers Foods will indemnify Flowers Industries against:

- any tax liabilities attributable to Flowers Industries for periods ending on or prior to the spin-off;
- any tax liabilities relating to or resulting from the spin-off; and
- any tax liabilities resulting from the breach by Flowers Foods of its obligations under the distribution agreement.

In general, Flowers Industries will indemnify Flowers Foods for tax liabilities attributable to Flowers Industries for periods beginning after completion of the spin-off, except for any tax liabilities relating to the spin-off or to Flowers Foods and its businesses.

TRADEMARKS; TRADENAMES. The distribution agreement provides in general that, when the spin-off is completed, Flowers Industries and its affiliates will not use the name "Flowers," marks or names derived therefrom or other specified marks and names.

CONDITIONS TO THE SPIN-OFF. The spin-off will not occur unless the following conditions are satisfied or waived:

- effectiveness of Flowers Foods' registration statement on Form 10, of which this information statement is a part;
- mailing of this information statement to Flowers Industries shareholders;
- approval to list Flowers Foods' common stock on the New York Stock Exchange;

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

- effectiveness of our restated articles of incorporation;
- execution and delivery of the employee benefits agreement referred to below;
- effectiveness of the contribution of the Flowers Bakeries and Mrs. Smith's Bakeries capital stock to Flowers Foods and the assumption of the liabilities set forth above by Flowers Foods; and
- the conditions to the Flowers Industries/Kellogg merger shall have been satisfied or waived.

EMPLOYEE BENEFITS AGREEMENT

Below is a summary of material terms and conditions of the employee benefits agreement entered into between Flowers Industries and Flowers Foods on October 26, 2000.

Although the employment of all employees at Flowers Industries will be terminated by Flowers Industries at the completion of the spin-off, the employee benefits agreement

23

32

provides that Flowers Foods will offer employment to substantially all of the people who were employees of Flowers Industries immediately prior to the spin-off. Flowers Foods will be responsible for all obligations to employees arising out of or related to their employment with Flowers Industries, including as a result of the spin-off and any liabilities arising from an employee's acceptance or rejection of an offer of employment from Flowers Foods.

Following the completion of the spin-off, Flowers Foods will assume sponsorship of certain employee benefit plans of Flowers Industries. In addition, Flowers Foods will be responsible for any liabilities of Flowers Industries under the three multiemployer pension plans currently covering employees of affiliates of Flowers Industries other than liabilities relating to the employees of Keebler and its subsidiaries.

The agreement provides that all share equivalents held by employees that have been issued under the Flowers Industries 1982 Incentive Stock Option Plan and the Flowers Industries 1989 Executive Stock Incentive Plan, whether vested or non-vested, shall remain outstanding according to their terms and be unaffected by the spin-off. All outstanding share equivalents will be cancelled at or immediately prior to the effective time of the merger and none will be outstanding following the merger. Flowers will pay, for each cancelled share equivalent issued under the 1989 Executive Stock Incentive Plan, an amount determined as set forth in the agreement and plan of restructuring and merger between Flowers Industries and Kellogg and will deduct that amount from the merger consideration to be received by Flowers Industries shareholders.

24

CAPITALIZATION

The following table sets forth the consolidated debt and capitalization at

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

October 7, 2000 of Flowers Industries on a historical basis and of Flowers Foods on a pro forma basis to give effect to the spin-off and the merger. You should read this table in conjunction with the information under the heading "Pro Forma Financial Data" and the consolidated financial statements of Flowers Industries and the related notes. You should not construe this pro forma information to be indicative of our capitalization at the time of the spin-off and the merger. This pro forma information also does not project the capitalization for any future period or date.

SELECTED HISTORICAL FINANCIAL DATA
(IN THOUSANDS, EXCEPT PER SHARE DATA)

The following table sets forth selected historical financial data of Flowers Industries, the predecessor of Flowers Foods. The selected historical financial data as of and for the 52 weeks ended January 1, 2000 and January 2, 1999, the 27 week transition period ended January 3, 1998 and the 52 weeks ended June 28, 1997, June 29, 1996 and July 1, 1995 have been derived from the consolidated financial statements of Flowers Industries, which have been audited by PricewaterhouseCoopers, LLP, independent accountants. The selected historical financial data as of and for the 40 weeks ended October 7, 2000 and October 9, 1999 are derived from the unaudited consolidated financial statements of Flowers Industries, which, in the opinion of management, include all adjustments necessary for a fair presentation. Operating results for the 40 weeks ended October 7, 2000 are not necessarily indicative of the results that may be achieved for the year ending December 30, 2000.

The selected historical statement of income data set forth below do not reflect the many significant changes that will occur in the operations and capitalization of our company as a result of the spin-off and the merger. Before the spin-off, we operated as part of Flowers Industries. Because the data reflect periods during which we did not operate as an independent company, the data may not reflect the results of operations or the financial position that would have resulted if we had operated as a separate, independent company during the periods shown. In addition, the data may not necessarily be indicative of our future results of operations or financial position. Such historical data should be read in conjunction with Flowers Industries' "Management's Discussion and Analysis of Financial Condition and Results of Operations" and Flowers Industries' consolidated financial statements and the related notes thereto, which are incorporated by reference herein and portions of which have been filed as exhibits to Flowers Foods' registration statement on Form 10, of which this information statement is a part.

PRO FORMA FINANCIAL DATA

The following unaudited pro forma condensed consolidated balance sheet as of October 7, 2000 presents our combined financial position assuming the transactions contemplated by the spin-off and merger had been completed on that date. The following unaudited pro forma condensed consolidated income statement for the 52 weeks ended January 1, 2000 and the 40 weeks ended October 7, 2000 presents our combined results of operations assuming that the transactions contemplated by the spin-off and merger had been completed on January 3, 1999. In the opinion of management, these statements include all material adjustments necessary to reflect, on a pro forma basis, the impact of the transaction contemplated by the spin-off and the merger on the historical financial information of Flowers Industries. The adjustments are described in the Notes to Unaudited Pro Forma Condensed Consolidated Financial Information and are set forth in the "Pro Forma Adjustments" column.

Following the spin-off, Flowers Foods will consist of the traditional bakery businesses of Flowers Industries. For accounting purposes, we will treat the transactions as a disposition of Keebler. Consequently, the financial statements of Flowers Foods will consist of the historical financial statements of Flowers Industries, with Keebler presented as a discontinued operation. Accordingly, the following unaudited pro forma financial information reflects the exclusion of the assets and liabilities and the results of operations of Keebler. The pro forma financial information for the 52 weeks ended January 1, 2000 and the 40 weeks ended October 7, 2000 also reflect the estimated reduction in interest expense and amortization of intangibles that would have occurred had the transaction occurred on January 3, 1999. As described in the notes to the unaudited pro forma financial information, certain costs related to the transaction will be charged to the operations of Flowers Foods. Since these costs will be reimbursed by Kellogg or deducted from the proceeds to Flowers Industries' shareholders, the costs charged to operations will be credited to capital in excess of par value.

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

In addition, the unaudited pro forma condensed consolidated statement of income of Flowers Foods for the 52 weeks ended January 2, 1999, the 27-week transition period ended January 3, 1998 and the 52 weeks ended June 28, 1997 is based on the historical consolidated statement of income of Flowers Industries adjusted to reflect the disposition of Keebler. The unaudited pro forma condensed consolidated statement of income for each such period differs from the unaudited pro forma condensed consolidated statement of income for the 52 weeks ended January 1, 2000 and the 40 weeks ended October 7, 2000 in that it does not give effect to the reduction of debt and therefore to the decreased interest expense which will result from the transaction since such interest expense will not be included in discontinued operations.

Our unaudited pro forma condensed consolidated financial information should be read in conjunction with the selected condensed consolidated historical financial data of Flowers Industries and the related notes. The unaudited pro forma condensed consolidated financial information has been presented for informational purposes only and does not reflect the results of operations or financial position of Flowers Foods that would have existed had we operated as a separate, independent company for the periods presented and should not be relied upon as being indicative of our future results after the spin-off and merger.

UNAUDITED PRO FORMA CONDENSED CONSOLIDATED STATEMENT OF INCOME
(IN THOUSANDS, EXCEPT PER SHARE DATA)

The table below shows the unaudited pro forma condensed consolidated statement of income of Flowers Foods for the 52 weeks ended January 1, 2000 and

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

the 40 weeks ended October 7, 2000. This statement of income is based on the historical consolidated statement of income of Flowers Industries and assumes that the spin-off and the merger occurred on January 3, 1999. It is intended to show you what Flowers Foods' business would have looked like had the spin-off and merger already occurred. Weighted average shares outstanding used to calculate diluted net income or loss from continuing operations per common share included in the unaudited pro forma condensed consolidated statement of income gives effect to the issuance of one share of Flowers Foods common stock for every five shares of Flowers Industries common stock outstanding. Flowers Industries' historical weighted average shares outstanding for the respective periods have been adjusted accordingly.

It is important that you read this unaudited pro forma condensed consolidated statement of income together with Flowers Industries' historical financial data and the related notes, which are incorporated by reference herein and have been filed as exhibits to Flowers Foods' registration statement on Form 10, of which this information statement is a part. You should not rely on this statement of income as being indicative of the historical results that Flowers Foods would have experienced if the spin-off and merger had already occurred, or the results that Flowers Foods will experience after the spin-off and the merger.

OF INCOME -- (CONTINUED)
(IN THOUSANDS, EXCEPT PER SHARE DATA)

The table below shows the unaudited pro forma condensed consolidated statement of income of Flowers Foods for the 52 weeks ended January 2, 1999, the 27 week transition period ended January 3, 1998 and the 52 weeks ended June 28, 1997. This statement of income is based on the historical consolidated statement of income of Flowers Industries adjusted to reflect the disposition of Keebler. It assumes Keebler is accounted for as a discontinued operation from June 30, 1996. This unaudited pro forma condensed consolidated statement of income also differs from the unaudited pro forma condensed consolidated statement of income on the preceding pages in that it does not give effect to the reduction of debt and accordingly to the decreased interest expense, which will result from the transaction since such interest expense will not be included in discontinued operations. Weighted average shares outstanding used to calculate diluted net income or loss from continuing operations per common share included in this unaudited pro forma condensed consolidated statement of income gives effect to the issuance of one share of Flowers Foods common stock for every five shares of Flowers Industries common stock outstanding. Flowers Industries' historical weighted average shares outstanding for the respective periods have been adjusted accordingly.

It is important that you read this pro forma condensed consolidated statement of income together with Flowers Industries' historical financial data and the related notes, which have been filed as exhibits to Flowers Foods' registration statement on Form 10, of which this information statement is a part. You should not rely on this statement of income as being indicative of the historical results that would actually have resulted for Flowers Foods had the spin-off and the merger occurred at the beginning of the respective periods.

NOTES TO UNAUDITED PRO FORMA CONDENSED CONSOLIDATED BALANCE
SHEET AND STATEMENTS OF INCOME
(IN THOUSANDS, EXCEPT PER SHARE DATA)

- (a) Reflects the separation of the assets and liabilities of Keebler that are included in Flowers Industries' consolidated balance sheet as of October 7, 2000. Amounts have been derived from the Keebler unaudited interim financial statements as of October 7, 2000 filed with the Securities and Exchange

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

Commission on Form 10-Q on November 21, 2000 and Flowers Industries' unaudited interim financial statements as of October 7, 2000, each of which is filed as an exhibit to Flowers Foods' registration statement on Form 10, of which this information statement is a part, and such material is incorporated herein by reference.

- (b) Reflects the elimination of (i) cost in excess of Keebler net tangible assets acquired, (ii) Flowers Industries' minority interest in Keebler and (iii) deferred taxes provided on (a) unremitted earnings prior to consolidation by Flowers Industries and (b) Keebler stock transactions, as follows:

	DR/ (CR)
Goodwill and other intangible assets.....	\$ (272,652)
Minority interest.....	236,483
Deferred taxes.....	8,197

Capital in excess of par value.....	\$ 27,972
	=====

- (c) Reflects the elimination of \$625.0 million of debt to be retained by Flowers Industries as follows:

	DR/ (CR)
Long-term debt.....	\$ 625,000

Capital in excess of par value.....	\$ (625,000)

At the effective date of the spin-off and merger, Flowers Foods' liabilities will include approximately \$250.0 million of debt. In order to achieve this debt level, we estimate that Flowers Industries will retain approximately \$625.0 million of debt.

- (d) In connection with the spin-off and merger, various separation agreements and other employee costs will be incurred by Flowers Industries. These costs will reduce the proceeds received by Flowers Industries shareholders and include the \$25.5 million in payments to Flowers Industries' executive officers as well as payments to non-executive officers and employees. The estimated payments expected to be made are as follows:

Separation agreements.....	\$13,583
Other contractual payments under benefit programs.....	28,919*

Total estimated cash payments.....	\$42,502

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

=====

 * Based on an estimated Flowers Industries stock price of \$16.6875 per share.

38

47

Of the total estimated cash payments, \$10.2 million is already accrued in Flowers Industries' liabilities and \$3.8 million reflects equity compensation in the form of value of stock options which has no effect on the results of operations, as follows:

Total estimated cash payments.....	\$ 42,502
Amount accrued.....	(10,187)
Equity compensation.....	(3,793)

	\$ 28,522**
	=====

 ** The \$28.5 million will be charged to income from continuing operations in the Flowers Foods statement of income when a measurement date is reached under discontinued operations accounting.

Accordingly, \$28.5 million is reflected as a decrease in retained earnings in the unaudited pro forma condensed consolidated balance sheet. The \$28.5 million is not reflected in the unaudited pro forma condensed consolidated statement of income because it is of a non-recurring nature. The pro forma entry is outlined as follows:

	DR/ (CR)

Decrease in retained earnings.....	\$ 28,522
Decrease in other liabilities.....	10,187
Stock compensation adjustments.....	(13,900)

Net increase in capital in excess of par value.....	\$(24,809)
	=====

Stock compensation adjustments represent the termination of the 1989 Flowers Industries Executive Stock Incentive Plan as follows:

Reversal of notes receivable to capital in excess of par value.....	\$10,102
Accelerated vesting of restricted stock awards.....	3,798+

	\$13,900

=====

+ Accelerated vesting of restricted stock awards is included in the \$28.5 million decrease in retained earnings.

- (e) In connection with the spin-off and merger, various transaction and other costs of approximately \$41.0 million will be incurred by Flowers Industries and approximately \$10.0 million will be incurred by Keebler. Of the \$41.0 million incurred by Flowers Industries, \$16.0 million will be borne by Kellogg and the balance will reduce the proceeds received by Flowers Industries' shareholders. Estimated costs reflected on the unaudited pro forma condensed consolidated balance sheet are outlined as follows:

Investment banking fees.....	\$32,000
Legal and accounting.....	5,000
Debt prepayment penalty.....	4,000
55% of Keebler transaction fees*.....	5,500

	\$46,500
	=====

This \$46.5 million will be included in discontinued operations when a measurement date is reached.

* Represents Flowers Industries' year to date weighted average ownership interest in Keebler.

- (f) Represents necessary adjustments to par value and capital in excess of par value to (i) reflect the retirement of Flowers Industries' treasury stock upon completion of the merger and (ii) give effect to the issuance of one share of Flowers Foods common stock for every five shares of Flowers Industries common stock outstanding by adjusting Flowers Industries \$0.625 par value common stock to newly issued Flowers Foods \$0.01 par value common stock as follows:

	DR/ (CR)

(i) Retained earnings.....	\$ 6,686
Capital in excess of par value.....	1,303
Common stock.....	283

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

Treasury stock.....	\$ (8,272)	=====
(ii) Common stock.....	\$ 62,346	-----
Capital in excess of par value.....	\$(62,346)	-----

- (g) Represents the exclusion of the results of operations of Keebler that are included in Flowers Industries' consolidated statements of income for the periods presented.
- (h) Reflects the change in amortization expense resulting from the elimination of intangible assets related to the acquisition of Keebler. As a result of Flowers Industries' acquisition of Keebler, Flowers Industries recorded cost in excess of net tangible assets of approximately \$272.7 million which was being amortized over 40 years.
- (i) Reflects the change in interest expense resulting from the elimination of \$625.0 million of debt as described in (c) above. The change in interest expense for the respective periods is based on the average debt outstanding after reflecting the reduction of \$625.0 million, using interest rates in effect during the applicable periods.

Flowers Industries anticipates that Flowers Foods will assume all of Flowers Industries' rights and obligations under the Indenture, dated as of April 27, 1998, relating to its \$200 million 7.15% Debentures due 2028, or the Debentures, through the execution of a supplemental indenture. In the event that a supplemental indenture is not executed prior to the closing of the merger, the Debentures will remain obligations of Flowers Industries, not Flowers Foods, and Flowers Foods anticipates that it will assume certain other debts amounting to approximately \$200 million which it would otherwise not assume, such that the cash payable to Flowers Industries shareholders as a result of the merger would not change. Flowers Foods would incur additional interest expense of approximately \$1.4 million per year, on a pro forma basis as a result of this debt assumption. The aggregate principal amount of debt to be retained by Flowers Industries would not change. See note (c). Flowers Industries and Flowers Foods have filed a Petition for Declaratory Judgement and Ancillary Equitable Relief seeking a declaration of Flowers Industries' and Flowers Foods' rights under the Indenture. For more detailed information see "Business -- Legal Proceedings."

40

49

A 1/8% change in the interest rates used to calculate the change in interest expense in the respective pro forma condensed consolidated statements of income would yield the following pro forma net loss from continuing operations:

	INCREASE 1/8%	DECREASE 1/8%
	-----	-----
52 weeks ended January 1, 2000.....	\$(9,270)	\$(9,084)
40 weeks ended October 7, 2000.....	\$(1,270)	\$ (68)

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

- (j) Represents the tax effect of the adjustments in (g), (h) and (i).
- (k) Represents elimination of the results of operations of Keebler included in the consolidated statements of income prior to acquisition by Flowers Industries of a controlling ownership interest in Keebler, which occurred on February 3, 1998.

41

50

BUSINESS

OUR COMPANY

Flowers Foods is one of the largest producers and marketers of frozen and non-frozen bakery and dessert products in the United States. Flowers Foods consists of the following businesses:

- Flowers Bakeries; and
- Mrs. Smith's Bakeries.

Our core strategy is to be the country's leading producer and marketer of a full line of frozen and non-frozen bakery and dessert products serving all categories of customers through all channels of distribution. Our strategy focuses on responding to current market trends for our products and changing consumer preferences, which increasingly favor purchases of ready-made convenience food products as opposed to traditional foods to be prepared at home. To assist in accomplishing our core strategy, we have aggressively invested capital to modernize and expand our production and distribution capacity and have expanded a nationally branded business which complements our traditional strengths. We have established a presence in all distribution channels where bakery and dessert products are sold, including traditional supermarkets and their in-store deli/bakeries, foodservice distributors, convenience stores, mass merchandisers, club stores, wholesalers, restaurants, fast food outlets, schools, hospitals and vending machines.

Our Flowers Bakeries business focuses on the production and marketing of bakery products to customers in the super-regional 16 state area in and surrounding the southeastern United States. We have devoted significant resources to modernizing production facilities, improving our distribution capabilities and enhancing our information technology. We have acquired numerous local bakery operations which are generally within or contiguous to our existing region and which can be served with our extensive direct store door delivery system. Our strategy is to continue to better serve new and existing customers, principally by using information technology to enhance the productivity and efficiency of our production facilities and by extending our direct store door delivery system. This system utilizes approximately 3,300 independent distributors who own the right to sell our bakery products within their respective territories.

Our Mrs. Smith's Bakeries business produces and markets frozen desserts as well as bread, rolls and buns for sale to retail and foodservice customers. Traditionally, retail frozen pie sales are heavily concentrated in the year-end holiday season. In an effort to enhance sales outside of the holiday season, we launched "Operation 365," a strategy aimed at significantly expanding non-seasonal sales in the frozen dessert product line by extending the well-recognized Mrs. Smith's brand name to existing and related retail and foodservice products. Examples of significant product line extensions include the introduction of Mrs. Smith's Restaurant Classics and Mrs. Smith's Cookies

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

and Cream frozen pies in the retail channel and Grand Finales frozen pies in the foodservice channel.

42

51

We have a leading presence in each of the major product categories in which we compete. Our Flowers Bakeries brands rank first in branded sales measured in dollars and units in the 22 major metropolitan markets we serve. Our Mrs. Smith's Bakeries business is one of the leading frozen dessert producers and marketers in the United States, and our Mrs. Smith's pies are the leading national brand of frozen pies sold at retail. Our major branded products include, among others, the following:

FLOWERS BAKERIES	MRS. SMITH'S BAKERIES
Flowers	Mrs. Smith's
Nature's Own	Mrs. Freshley's
Cobblestone Mill	Oregon Farms
BlueBird	European Bakers
ButterKrust	Stilwell
REGIONAL FRANCHISED BRANDS:	Our Special Touch
Sunbeam	Danish Kitchen
Roman Meal	Pour a Quiche
Evangeline Maid	Grand Finales
Bunny	Pet-Ritz
	Oronoque Orchard

We are committed to producing high quality products at the lowest price in all of our operations, and we have made significant capital investments in recent years to modernize, automate and expand our production and distribution capabilities and enhance our information technology. Capital spending has been primarily directed toward expanding and modernizing existing production facilities. The most recent production facility expenditure in our Flowers Bakeries business was the installation of a fully automated wrapping system for three production lines in a new 6,000 square foot facility in Goldsboro, North Carolina. Production capabilities at our Mrs. Smith's Bakeries business were significantly realigned at an approximate cost of \$230.0 million. This realignment included the relocation and upgrading of 25 production lines at seven of our 10 operating facilities, which offers us significantly more capacity at fewer locations. We believe these facilities will give us the ability to exploit many opportunities in the foodservice segment and continue our growth in the retail market.

In order to provide prompt and responsive service to customers, we tailor our distribution systems to the marketing and production aspects of our major product lines. Flowers Bakeries distributes its baked foods through an extensive direct store door delivery system of approximately 3,300 independent distributors who, as owners of their territories, are motivated to maintain and build retail brand shelf space and to monitor product freshness, which is essential in the marketing of short shelf life products such as fresh bread, rolls and buns. Mrs. Smith's Bakeries frozen foods are distributed through our two strategically-located frozen distribution facilities, as well as through additional commercial frozen warehouse space throughout the United States in

order to accommodate demands in the retail channel for seasonal products and to provide staging to expedite distribution throughout the year.

43

52

INDUSTRY OVERVIEW

The United States food industry is comprised of a number of distinct product lines and distribution channels for frozen and non-frozen bakery products and desserts. Changes in consumer preferences have shifted food purchases away from the traditional grocery store aisles for home preparation and consumption and toward home meal replacement purchases, either in supermarket in-store deli/bakeries or in non-supermarket channels, such as mass merchandisers, convenience stores, club stores, restaurants and other convenience channels. Non-supermarket channels of distribution are extremely important throughout the food industry.

NON-FROZEN AND FROZEN BAKERY PRODUCTS

Retail sales of bakery products continue to experience modest growth, with expansion within the category occurring in a variety of premium and specialty breads. However, foodservice sales of bakery products continue to grow at a rate faster than retail sales as consumers who demand convenience increasingly are purchasing food products from non-retail distribution channels. In addition to Flowers Foods, several large baking and diversified food companies market bakery products in the United States. Competitors in this category include Interstate, Earthgrains, Bestfoods and Pepperidge Farm. There are also a number of smaller, regional companies. We believe that the larger companies enjoy several competitive advantages over smaller operations due principally to economies of scale in areas such as information technology, purchasing, production, advertising, marketing and distribution, as well as through greater brand awareness.

A significant trend in the baking industry over the last several years has been the consolidation of smaller bakeries into larger baking businesses. Consolidation continues to be driven by factors such as capital constraints on smaller companies that limit their ability to avoid technological obsolescence, to increase productivity or to develop new products, generational changes at family-owned businesses, and the need to serve the consolidated retail customers and the foodservice channel. We believe that the consolidation trend in the baking, food retailing and foodservice industries will continue to present opportunities for strategic acquisitions that complement our existing businesses and that extend our super-regional presence.

FROZEN DESSERT PRODUCTS

Sales of frozen desserts to foodservice institutions and other distribution channels, including restaurants and in-store bakeries, have grown at a rate faster than sales to retail channels. We are a preferred supplier of frozen dessert products to the leading foodservice distributors in the United States. While retail sales of frozen desserts have experienced declining sales, Mrs. Smith's remains the leading brand in the frozen pie category. Primary competitors in the frozen dessert market include Sara Lee, Pepperidge Farm, Edwards and Pillsbury. We believe the increase in foodservice sales in the frozen dessert industry will provide us with additional revenue opportunities.

STRATEGY

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

Our core strategy is to be the country's leading producer and marketer of a full line of frozen and non-frozen bakery and dessert products serving all categories of customers through all channels of distribution. Our Flowers Bakeries and Mrs. Smith's Bakeries

44

53

businesses each develop strategies based on the production, distribution and marketing requirements of their particular food categories. We employ the following five overall strategies:

- STRONG BRAND RECOGNITION. We intend to capitalize on the success of our well-recognized brand names, which communicate product consistency and quality, by extending those brand names to additional products and channels of distribution. Many of our brands, including Nature's Own bread and Mrs. Smith's retail frozen baked pies, are the top-selling brands in their categories.
- EFFICIENT PRODUCTION AND DISTRIBUTION FACILITIES. We intend to maintain a continuing level of capital improvements that, while substantially lower than our level of capital improvements in recent years, will permit us to fulfill our commitment to remaining among the most modern and efficient frozen and non-frozen bakery and dessert producers in the United States.
- CUSTOMER SERVICE-ORIENTED DISTRIBUTION. We intend to expand and refine our distribution systems to respond quickly and efficiently to changing customer service needs, consumer preferences and seasonal demands. We have distribution systems that are tailored to the nature of each of our food product categories and are designed to provide the highest levels of service to our retail and foodservice customers. We have developed a direct store door delivery network of approximately 3,300 independent distributors for our Flowers Bakeries bakery products. Our Mrs. Smith's Bakeries business utilizes a network of strategically located storage and distribution facilities for our frozen bakery and dessert products and a centralized distribution facility for our snack cake products.
- BROAD RANGE OF PRODUCTS SOLD THROUGH MULTIPLE DISTRIBUTION CHANNELS. Recognizing that consumers are increasingly seeking home meal replacements and other convenience food products, we intend to continue to emphasize expansion of our product lines and distribution channels to meet those preferences. Our product lines now include virtually every category of fresh and frozen bakery and dessert products. These products generally can be found in traditional supermarkets and their in-store deli/bakeries, convenience stores, mass merchandisers, club stores, wholesalers, restaurants, fast food outlets, schools, hospitals and vending machines.
- STRATEGIC ACQUISITIONS. We have consistently pursued growth in sales, geographic markets and products through strategic acquisitions. We intend to pursue growth through strategic acquisitions and investments that will complement and expand our existing markets, product lines and product categories.

PRODUCTS

We produce packaged bakery, frozen dessert and frozen bakery products.

FLOWERS BAKERIES

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

We market our packaged bakery products in the super-regional 16 state area in and surrounding the southeastern United States under numerous brand names, including Nature's Own and Cobblestone Mill. We also market fresh bread under regional franchised brands such as Sunbeam, Roman Meal, Evangeline Maid and Bunny. Nature's Own is the best selling brand by volume of soft variety bread in the United States, despite being marketed solely in the super-regional 16 state area in and surrounding the southeastern United States. Pastries, doughnuts, bakery snacks, cakes and english muffins are sold

45

54

through our direct store door distribution system primarily under the BlueBird brand, as well as under the ButterKrust, Sunbeam and Holsum trademarks. Our branded products account for approximately 65% of sales by Flowers Bakeries.

In addition to our branded products, we also produce and distribute packaged bakery products under private labels for such retailers as Winn-Dixie and Kroger. While private label products carry lower margins than our branded products, we use our private label offerings to expand our total shelf space and to effectively utilize production and distribution capacity.

We utilize our direct store door distribution system to supply foodservice companies, including Burger King, Krystal, Arby's, Hardees, Whataburger and Outback Steakhouse, with bakery products. In addition, we supply frozen bakery products to Wendy's.

MRS. SMITH'S BAKERIES

Mrs. Smith's frozen desserts are marketed throughout the United States, and our frozen pies were the number one retail frozen pie brand in the United States for 2000.

Mrs. Smith's frozen desserts are sold at retail under the Mrs. Smith's, Pet-Ritz, Oregon Farms and Oronoque Orchard brand names. Frozen desserts in the foodservice channel are sold under the Grand Finales brand and under private labels for foodservice customers, such as Sysco.

We produce and distribute frozen bakery products such as bread, rolls and buns for sale to foodservice customers. We also produce packaged bakery products for distribution by Flowers Bakeries direct store door distribution network under the BlueBird brand. In addition, we produce packaged bakery products under the Mrs. Freshley's brand for sale to the vending channel and under various private labels for sale through the retail channel.

PRODUCTION AND DISTRIBUTION

We design our production facilities and distribution systems to meet the marketing and production demands of our major product lines. Through a significant program of capital improvements and careful planning of plant locations, which, among other things, allows us to establish reciprocal baking, or product transfer arrangements among our bakeries, we seek to remain a low cost producer and marketer of a full line of frozen and non-frozen bakery and dessert products on a national and super-regional basis. In addition to the independent distributor system for our fresh baked products, we also use both owned and public warehouses and distribution centers in central locations for the distribution of certain of our Mrs. Smith's products.

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

FLOWERS BAKERIES

We operate 27 packaged bakery product facilities in 10 states. We have invested approximately \$130.0 million over the past three years, primarily to build new state-of-the-art baking facilities and to significantly upgrade existing facilities. During this period, we also added 13 new highly-automated production lines in eight of our facilities, and a fully automated wrapping system for three production lines was installed in our new 6,000 square foot facility in Goldsboro, North Carolina. We believe that these investments will make us the most efficient major producer of packaged bakery products in the United States. We believe that our capital investment yields long-term benefits in the form of

46

55

more consistent product quality, highly sanitary processes, and greater production volume at a lower cost per unit. While our major capital improvement program is largely complete, we intend to continue to invest in our production facilities and equipment to maintain high levels of efficiency.

Distribution of packaged bakery products involves determining appropriate order levels, delivering the product from the plant to the independent distributor for direct store door delivery to the customer, stocking the product on the shelves, visiting the customer daily to ensure that inventory levels remain adequate, and removing stale goods. We utilize a network of approximately 3,300 independent distributors who own the rights to distribute our packaged bakery products in their geographic territory. Distributor purchase arrangements generally are made directly with a financial institution, and, pursuant to an agreement, we manage and service these arrangements.

The distributors lease hand-held computers from us, which contain our proprietary software. The software permits distributors to track and communicate inventory data to the production facilities and to calculate recommended order levels based on historical sales data and recent trends. These orders are electronically transmitted to the appropriate production facility on a nightly basis. This system, which we believe is more sophisticated than comparable tracking programs currently used in the industry, is designed to ensure that adequate product, and the right mix of products, are available to meet the retail and foodservice customers' immediate needs. We believe our system minimizes returns of unsold goods. In addition to the hand-held distributor units, our main computer system permits tracking of sales, product returns and profitability by customer location, plant, day and other bases. Managers receive sales and profitability reports on a weekly basis, allowing prompt operational adjustments when appropriate.

We believe the independent distributor system is unique in the industry as to its size, with approximately 3,300 distributors, and with respect to its geographic coverage. The program is designed to provide retail customers with superior service because distributors, highly motivated by route ownership, strive to increase sales by maximizing service. In turn, distributors have the opportunity to benefit directly from the enhanced value of their routes resulting from higher sales volume.

MRS. SMITH'S BAKERIES

We operate 10 production facilities with 43 production lines for our frozen desserts, frozen bakery products and packaged bakery products. We significantly realigned our production capabilities over the last three years, spending approximately \$230.0 million. This realignment included the relocation and upgrading of 25 production lines at seven of our 10 operating facilities, which

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

offers us significantly more capacity at fewer locations. We believe product realignment will give us the ability to exploit many opportunities in the retail and foodservice channels.

Our distribution facilities are strategically located near our production facilities to simplify distribution logistics. Our plant in Stilwell, Oklahoma was the focus of a \$60.0 million capital spending project in 1999 to add production capacity and will be the primary producer of frozen fruit and custard pies. This facility also serves as a principal point of distribution for our frozen desserts. Our Suwanee, Georgia facility is located on a major interstate corridor near four of our frozen dessert production facilities. This facility contains such innovations as five 78-foot tall, laser-guided cranes specifically designed for the facility, a six million cubic foot freezer, and computer-controlled bar-coding and

47

56

inventorying. The automation of this facility enables us to move extremely large volumes of product without a significant labor component and enables the facility to operate with extremely cold temperatures that preserve high product quality. These features allow our Suwanee facility to better serve customers by processing customer orders much more quickly than conventional freezer facilities. Production capacity was added to this facility as part of the overall realignment project, enhancing operating efficiencies by having contiguous production and frozen storage and distribution.

In addition to our two strategically-located freezer and distribution facilities in Suwanee and Stilwell, we own and lease additional freezer and distribution facilities throughout the United States to facilitate distribution of our products nationwide. These owned and leased facilities allow us to build and store necessary inventory of raw materials and finished dessert products and to expedite the national distribution of both our seasonal and non-seasonal products.

We distribute our packaged bakery products from a centralized distribution facility located near Knoxville, Tennessee. Centralized distribution allows us to achieve both production and distributing efficiencies. The production facilities are able to operate longer, more efficient production runs of a single product, which are then shipped to the centralized distribution facility. Products coming from different production facilities are then cross-docked and shipped directly to customer warehouses.

CUSTOMERS

Our top 10 customers in 1999 accounted for 41.0% of Flowers Foods sales. Winn-Dixie accounted for approximately 10.2% of sales during 1999. Pursuant to an agreement with Winn-Dixie, which is terminable at the option of either party, we are the exclusive supplier of its private label fresh bakery products and are afforded preferred supplier status and preferential space allocation in Winn-Dixie store locations.

FLOWERS BAKERIES

Our fresh baked foods have a highly diversified customer base, which includes grocery retailers, restaurants, fast-food chains, food wholesalers, institutions and vending companies. We also sell returned and surplus product

through a system of thrift outlets.

We supply numerous restaurants, institutions and foodservice companies with bakery products, including buns for fast-food outlets such as Burger King, Wendy's, Krystal, Hardees, Whataburger, Arby's and Outback Steakhouse. We also sell packaged bakery products to wholesale distributors for ultimate sale to a wide variety of food outlets.

MRS. SMITH'S BAKERIES

Our frozen desserts are marketed to traditional retail outlets, such as grocery stores, as well as non-traditional outlets, ranging from club stores and mass merchandisers to wholesalers, foodservice distributors and restaurants. Our branded frozen desserts are sold primarily through grocery retailers. Our frozen bakery products are sold to foodservice distributors, institutions, retail in-store bakeries and restaurants.

Our packaged bakery products under the Mrs. Freshley's brand are sold primarily through vending outlets. We produce packaged bakery products for our own distribution

48

57

under our BlueBird brand. In certain circumstances, we enter into co-packing arrangements with some of our competitors. Through co-packing, we have produced packaged bakery products for popular brands such as Weight Watchers, Stouffer, Lance, Pepperidge Farm and Little Debbie.

MARKETING

Our marketing and advertising campaigns are conducted through targeted television and radio advertising and coupons placed in printed media. We also incorporate promotional tie-ins with other sponsors, on-package promotional offers and sweepstakes into our marketing efforts. Additionally, we focus our marketing and advertising campaigns on specific products throughout the year, such as buns for Memorial Day, Independence Day and Labor Day and fruit cakes and pies during the Thanksgiving and Christmas holiday season.

COMPETITION

FLOWERS BAKERIES

The United States packaged bakery category is intensely competitive and is comprised of large food companies, large independent bakeries with national distribution, and smaller regional and local bakeries. Primary national competitors include Interstate, Earthgrains and Bestfoods. We also face competition from private label brands. Competition is based on product availability, product quality, brand loyalty, price effective promotions and the ability to target changing consumer preferences. Customer service, including frequent delivery and well-stocked shelves, is an increasingly important competitive factor. While we experience price pressure from time to time, primarily as a result of competitors' promotional efforts, we believe that our customer relationships and the consumer's brand loyalty, as well as our diversity within our region in terms of geographic markets, products, and sales channels, limit the effects of such competition. Recent consolidation in the industry has further enhanced the ability of the larger firms to compete with small regional bakeries. We believe we have significant competitive advantages over smaller regional bakeries due to economies of scale in areas such as information technology, purchasing, production, advertising, marketing and distribution as well as greater brand awareness.

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

MRS. SMITH'S BAKERIES

Mrs. Smith's Bakeries, Sara Lee, Pepperidge Farm and Pillsbury lead the frozen dessert category. Other significant competitors in the frozen baked dessert category include Edwards and private label brands. Competitors for packaged bakery products produced by Mrs. Smith's Bakeries include Interstate (Hostess) and McKee (Little Debbie).

Competition for frozen desserts depends primarily on brand recognition and loyalty, perceived product quality, effective promotions and, to a lesser extent, price. For the frozen bakery and packaged bakery products manufactured by Mrs. Smith's Bakeries, competition is based upon the ability to meet production and distribution demands of foodservice and vending customers at a competitive price.

INTELLECTUAL PROPERTY

We own a number of trademarks and trade names, as well as certain patents and licenses. Such trademarks and trade names are considered to be important to our business

49

58

since they have the effect of developing brand identification and maintaining consumer loyalty. We are not aware of any fact that would negatively impact the continuing use of any of our trademarks, trade names, patents or licenses. Following the spin-off we will have the exclusive use of the "Flowers" name and any trademark or tradename derived therefrom to the extent currently owned, licensed or sublicensed by Flowers Industries or its subsidiaries (including Flowers Foods) but excluding any intellectual property rights owned, licensed or sublicensed by Keebler. Flowers Industries will change its name, and is expected to be renamed Keebler Holding Corp.

RAW MATERIALS

Our primary baking ingredients are flour, sugar, shortening and fruit. We also use paper products, such as corrugated cardboard, aluminum products, such as pie plates, and films and plastics to package our baked foods. In addition, we are also dependent upon natural gas and propane as fuel for firing ovens as well as gasoline and diesel as fuel for distribution vehicles. On average, baking ingredients constitute approximately 10% to 15%, and packaging represents approximately 1% to 5% of the wholesale selling price of our baked foods. We maintain diversified sources for all of our baking ingredients and packaging products.

Commodities, such as our baking ingredients, periodically experience price fluctuations and, for that reason, the market for these commodities is continuously monitored. From time to time, we enter into forward purchase agreements and derivative financial instruments to reduce the impact of volatility in raw materials prices.

RESEARCH AND DEVELOPMENT

We engage in research and development activities that principally involve developing new products, improving the quality of existing products and improving and modernizing production processes. We also develop and evaluate new

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

processing techniques for both current and proposed product lines.

LEGAL PROCEEDINGS

We are engaged in various legal proceedings that arise in the ordinary course of our business. We believe that the amount of the ultimate liability with respect to those proceedings will not be material to our financial position or results of operations.

On February 5, 2001, Flowers Industries and Flowers Foods filed a Petition for Declaratory Judgment and Ancillary Equitable Relief, an Emergency Motion for Expedited Relief, a Motion for Interlocutory Injunction and supporting documents with the Superior Court of Fulton County, Georgia (No. 2001 CV 33653). The petition and related motions seek a declaration of Flowers Industries' and Flowers Foods' rights under the indenture between Flowers Industries and SunTrust Bank, Atlanta, governing Flowers Industries' debentures. Although Flowers Foods intends to replace Flowers Industries as sole obligor under the indenture upon the closing of this transaction, certain holders of the Debentures have objected and have indicated consideration of legal action to prevent the substitution of Flowers Foods for Flowers Industries under the indenture. Flowers Industries and Flowers Foods believe that Flowers Foods' proposed assumption of the obligations under the indenture is both valid and required under the terms of the indenture, and intend to pursue this matter vigorously.

50

59

REGULATION

As a producer and marketer of food items, our operations are subject to regulation by various federal governmental agencies, including the Food and Drug Administration, the Department of Agriculture, the Federal Trade Commission, the Environmental Protection Agency and the Department of Commerce, as well as various state agencies, with respect to production processes, product quality, packaging, labeling, storage and distribution. Under various statutes and regulations, such agencies prescribe requirements and establish standards for quality, purity, and labeling. The finding of a failure to comply with one or more regulatory requirements can result in a variety of sanctions, including monetary fines or compulsory withdrawal of products from store shelves.

In addition, advertising of our businesses is subject to regulation by the Federal Trade Commission, and we are subject to certain health and safety regulations, including those issued under the Occupational Safety and Health Act.

Our operations, like those of similar businesses, are subject to various federal, state, and local laws and regulations with respect to environmental matters, including air and water quality and underground fuel storage tanks, as well as other regulations intended to protect public health and the environment. Our operations and products also are subject to state and local regulation through such measures as licensing of plants, enforcement by state health agencies of various state standards and inspection of facilities. We believe that we are currently in material compliance with applicable laws and regulations.

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

PROPERTIES

Currently 30 of our production facilities are owned, four facilities are leased and two facilities are owned by local industrial development authorities under terms of industrial revenue bond financing agreements. The leased properties are leased for terms of 10 to 15 years with certain renewal options. Under the terms of the industrial revenue bond financing agreements, title to these properties pass to us at maturity for little or no consideration. We expect these bonds to be repaid in connection with the completion of the spin-off and merger, and title to the facilities will be conveyed to us. We consider that our properties are well maintained and sufficient for our present operations. Our production plant locations are:

MANAGEMENT

DIRECTORS AND EXECUTIVE OFFICERS

The following table sets forth certain information as of December 30, 2000 regarding the persons who are currently serving or will serve as the executive officers and directors of Flowers Foods after the spin-off. The proposed directors listed below are expected to begin serving as directors at the time the merger and the spin-off are completed, assuming approval of the merger by Flowers Industries shareholders. Our board of directors elects all executive officers for one-year terms with the exception of the positions of President and Chief Operating Officer, Flowers Bakeries and President and Chief Operating Officer, Mrs. Smith's Bakeries, which are appointed by the Chairman of the Board of Directors and Chief Executive Officer to serve until they resign or are removed.

NAME ----	AGE ---	POSITION -----
Amos R. McMullian.....	63	Chairman of the Board of Directors and Chief Executive Officer
Robert P. Crozer.....	53	Vice Chairman of the Board of Directors
G. Anthony Campbell.....	48	Director, Secretary and General Counsel
Jimmy M. Woodward.....	40	Vice President and Chief Financial Officer
Edward L. Baker.....	65	Proposed Director
Joe E. Beverly.....	59	Proposed Director
Franklin L. Burke.....	59	Proposed Director
Langdon S. Flowers.....	78	Proposed Director
Joseph L. Lanier, Jr.....	68	Proposed Director
J.V. Shields, Jr.....	62	Proposed Director
Jackie M. Ward.....	62	Proposed Director
C. Martin Wood, III.....	57	Proposed Director
George E. Deese.....	54	President and Chief Operating Officer, Flowers Bakeries
Gary L. Harrison.....	62	President and Chief Operating Officer, Mrs. Smith's Bakeries
Marta Jones Turner.....	46	Vice President of Communications and Investor Relations

AMOS R. MCMULLIAN is Chairman of the Board of Directors and Chief Executive Officer of Flowers Industries and Flowers Foods. Mr. McMullian has served in that capacity at Flowers Foods since November, 2000. He will cease to serve as Chairman of the Board and Chief Executive Officer of Flowers Industries upon

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

completion of the spin-off and merger. Mr. McMullian has served as Chairman of the Board of Flowers Industries since 1985 and as its Chief Executive Officer since 1981. He joined Flowers Industries in

53

62

1963. Mr. McMullian also has served as a director of Keebler since 1996 and will cease to serve as a director of Keebler upon the completion of the spin-off and merger. Mr. McMullian is a director of Lanier Worldwide, Inc. (NYSE).

ROBERT P. CROZER is the Vice Chairman of the Board of Directors of Flowers Industries and Flowers Foods. Mr. Crozer has served in that capacity at Flowers Foods since November, 2000. Mr. Crozer joined Flowers Industries in 1973 and became a director in 1979. He has served as Vice Chairman of the Board of Flowers Industries since 1989. Mr. Crozer will cease to serve as Vice Chairman of the Board of Flowers Industries and Flowers Foods upon completion of the spin-off and merger but will remain as a director of Flowers Foods. Mr. Crozer has served as a director of Keebler since 1996 and as Chairman of the Board of Keebler Foods Company since 1998 and will resign as Chairman of the Board of Keebler Foods Company upon completion of the spin-off and merger.

G. ANTHONY CAMPBELL joined Flowers Industries in 1983 and is currently General Counsel and Secretary of Flowers Industries and Flowers Foods. Mr. Campbell has served in that capacity at Flowers Industries since January, 1985 and at Flowers Foods since November, 2000. Mr. Campbell has served as a director of Keebler since 1998 and will resign as a director of Keebler upon the completion of the merger and spin-off. He has served as a director of Flowers Industries since 1991 and will cease to serve as Secretary and General Counsel and director of Flowers Industries upon completion of the spin-off and merger. Mr. Campbell has been a director of Flowers Foods since November, 2000.

JIMMY M. WOODWARD is Vice President and Chief Financial Officer of Flowers Industries and Flowers Foods. Mr. Woodward has served in that capacity at Flowers Industries since March, 2000 and at Flowers Foods since November, 2000. He will cease to serve as Vice President and Chief Financial Officer of Flowers Industries upon completion of the spin-off and merger. Mr. Woodward previously served as Treasurer and Chief Accounting Officer of Flowers Industries from October, 1997 to March, 2000 and Assistant Treasurer of Flowers Industries for more than five years prior to that time. He joined Flowers Industries in 1985. Mr. Woodward also has served as a director of Keebler since 1998 and will cease to serve as a director of Keebler upon completion of the spin-off and merger. Mr. Woodward also serves as a director of Integrity, Inc. (Nasdaq).

EDWARD L. BAKER has served as Chairman of the Board of Directors of Florida Rock Industries, Inc. (NYSE) since 1989. He has also served as Chairman of the Board of Directors of Patriot Transportation Holding, Inc. (OTC) (formerly FRP Properties, Inc.) since 1989. He has served as a director of Flowers Industries since 1992 and will cease to serve as a director of Flowers Industries upon completion of the spin-off and merger.

JOE E. BEVERLY has been Chairman of the Board of Commercial Bank in Thomasville, Georgia, a wholly-owned subsidiary of Synovus Financial Corp. (NYSE) since 1989. He is also the former Vice Chairman of the Board of Synovus Financial Corp, and a director of Synovus Financial Corp. He was President of Commercial Bank from 1973 to 1989. Mr. Beverly has served as a director of Flowers Industries since August 1996 and will cease to serve as a director of Flowers Industries upon completion of the spin-off and merger.

FRANKLIN L. BURKE, a private investor since 1991, is the former Senior

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

Executive Vice President and Chief Operating Officer of Bank South Corp., Atlanta, Georgia, and the former Chairman and Chief Executive Officer of Bank South, N.A., the principal

54

63

subsidiary of Bank South Corp. Mr. Burke has served as a director of Keebler since 1998 and will cease to serve as a director of Keebler upon completion of the merger and spin-off. He has served as a director of Flowers Industries since 1994 and will cease to serve as a director of Flowers Industries upon completion of the spin-off and merger.

LANGDON S. FLOWERS retired as Chairman of the Board of Directors of Flowers Industries in 1985. He has served as a director of Flowers Industries since 1968 and will cease to serve as a director of Flowers Industries upon completion of the spin-off and merger.

JOSEPH L. LANIER, JR. has been Chairman of the Board of Directors and Chief Executive Officer of Dan River Inc. (NYSE), Danville, Virginia, a textile company, since 1989. He is also a director of Dimon, Inc. (NYSE), SunTrust Banks, Inc. (NYSE), Torchmark Corp. (NYSE) and Waddell & Reed Financial, Inc. (NYSE). Mr. Lanier has served as a director of Flowers Industries since 1977 and will cease to serve as a director of Flowers Industries upon completion of the spin-off and merger.

J.V. SHIELDS, JR. has been Chairman of the Board of Directors and Chief Executive Officer of Shields & Company, New York, New York, a diversified financial services company and member of the New York Stock Exchange, Inc. since 1982. Mr. Shields also is the Chairman of the Board of Directors and Chief Executive Officer of Capital Management Associates, Inc., a registered investment advisor, and the Chairman of the Board of Trustees of The 59 Wall Street Trust, the Brown Brothers Harriman mutual funds group. He has served as a director of Flowers Industries since 1989 and will cease to serve as a director of Flowers Industries upon completion of the spin-off and merger.

JACKIE M. WARD has been Chairman of the Board of Directors of Computer Generation Incorporated, a telecommunications company based in Atlanta, Georgia since 1968. She is also a director of Bank of America Corporation (NYSE), Equifax, Inc. (NYSE), Matria Healthcare, Inc. (Nasdaq), PTEK Holdings, Inc. (Nasdaq), Profit Recovery Group International, Inc. (Nasdaq), SCI Systems, Inc. (NYSE), and Trigon Healthcare, Inc. (NYSE). She has served as a director of Flowers Industries since March 1999 and will cease to serve as a director of Flowers Industries upon completion of the spin-off and merger.

C. MARTIN WOOD III retired as Senior Vice President and Chief Financial Officer of Flowers Industries on January 1, 2000 a position that he had held since 1978. Mr. Wood has continued to serve on Flowers Industries Board of Directors, to which he was elected in 1975 and will cease to serve as a director of Flowers Industries upon completion of the spin-off and merger. Mr. Wood also has served as a director of Keebler since 1996 and will cease to serve as a director of Keebler upon the completion of the spin-off and merger.

GEORGE E. DEESE has been President and Chief Operating Officer of Flowers Bakeries since January, 1997. He previously served as President and Chief Operating Officer, Baked Products Group of Flowers Industries from 1983 to January, 1997, Regional Vice President, Baked Products Group of Flowers Industries from 1981 to 1983 and President of Atlanta Baking Company from 1980 to 1981. Mr. Deese joined Flowers Industries in 1964.

GARY L. HARRISON has been President and Chief Operating Officer of Mrs. Smith's Bakeries since January, 1997. He previously served as President and

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

Chief Operating Officer, Specialty Foods Group of Flowers Industries from 1989 to January, 1997, Executive Vice President, Baked Products Group of Flowers Industries from 1987 to 1989, Regional Vice President, Baked Products Group of Flowers Industries from 1977 to 1987

55

64

and President of Flowers Baking Company of Thomasville from 1976 to 1977. Mr. Harrison joined Flowers Industries in 1954.

MARTA JONES TURNER is Vice President of Communications and Investor Relations of Flowers Industries and Flowers Foods. Ms. Turner has served in that capacity at Flowers Industries since January, 2000 and at Flowers Foods since November, 2000. She will cease to serve as Vice President of Communications and Investor Relations of Flowers Industries upon completion of the spin-off and merger. She previously served as Vice President of Public Affairs of Flowers Industries from September, 1997 until January, 2000 and Director of Public Affairs of Flowers Industries for more than five years prior to that time. She joined Flowers Industries in 1978.

Robert P. Crozer, J.V. Shields, Jr. and C. Martin Wood III are married to sisters, all of whom are nieces of Langdon S. Flowers.

BOARD OF DIRECTORS

The Flowers Foods Board of Directors currently has three members. Prior to the spin-off, Flowers Foods will change the size and composition of the Flowers Foods Board of Directors, and committees of the Board of Directors will be established. At that time, it is expected that the eight proposed directors listed above, each of whom currently is a director of Flowers Industries, will join the Flowers Foods Board of Directors, and we will have eleven directors.

The Flowers Foods Board intends to hold four regularly scheduled meetings each year.

COMMITTEES OF THE BOARD OF DIRECTORS

The Flowers Foods Board of Directors is expected to establish certain standing committees, which include the audit, nominating and compensation committees. The functions and responsibilities of the standing committees of our Board of Directors are expected to be as described below.

The functions of the audit committee shall be: (a) recommending to the Board of Directors the engagement or discharge of independent auditors; (b) reviewing investigations into matters relating to audit functions; (c) reviewing with independent auditors the plan for and results of the audit engagement; (d) reviewing the scope and results of our internal auditing procedures; (e) reviewing the independence of the auditors; (f) considering the range of audit and non-audit fees; and (g) reviewing the adequacy of our system of internal accounting controls.

The functions of the nominating committee shall be: (a) selecting or recommending to the Board of Directors nominees for election as directors; and (b) considering the performance of incumbent directors in determining whether to nominate them for re-election.

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

The functions of the compensation committee shall be: (a) approving or recommending to the Board of Directors approval of compensation plans for officers and directors; (b) approving, or recommending to the Board of Directors approval of, remuneration arrangements for directors and senior management; and (c) granting benefits under compensation plans.

56

65

DIRECTORS' FEES

Flowers Foods was formed in October, 2000. None of the directors of Flowers Foods has received compensation from Flowers Foods since it was formed. Once the Board has been expanded after the spin-off, each non-employee member of our Board of Directors is expected to receive payments pursuant to a standard arrangement. Flowers Foods expects to adopt compensation arrangements for its directors prior to the spin-off.

2001 EQUITY AND PERFORMANCE INCENTIVE PLAN

Flowers Foods intends to establish an equity performance and incentive plan in order to encourage ownership of Flowers Foods common stock by its executives and to more closely align the interests of our executives with those of Flowers Foods' shareholders. A summary of the plan is set forth below.

Certain key employees and officers of Flowers Foods and any of its subsidiaries who are selected by the Board and the nonemployee directors of Flowers Foods are expected to be eligible to receive awards under the plan.

PRINCIPAL FEATURES OF THE PLAN

GENERAL. Under the plan, Flowers Foods' Board will be authorized to make awards of (1) options to purchase shares of Flowers Foods' common stock, (2) performance stock and performance units, (3) restricted stock and (4) deferred stock. Flowers Foods' compensation committee will be authorized to oversee the plan and to make awards and grants under the plan.

SHARES AVAILABLE UNDER THE PLAN. The number of shares of Flowers Foods common stock that may be issued or transferred (1) upon the exercise of options, (2) as restricted stock and released from all substantial risks of forfeiture, (3) as deferred stock, (4) in payment of performance stock or performance units that have been earned, (5) in payment of dividend equivalents paid with respect to awards made under the plan, or (6) in payment of appreciation rights, are not expected to exceed a total of 2,000,000, subject to some adjustments pursuant to the terms of the plan. These shares of common stock may be original issue or treasury shares or a combination of both.

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

ELIGIBILITY. Officers, key employees and nonemployee directors of Flowers Foods, as well as any person who has agreed to begin serving in such capacity within 30 days of the date of the grant will be eligible to be selected by Flowers Foods' Board to receive benefits under the plan. Flowers Foods' compensation committee will select those who will receive grants on the basis of management objectives.

OPTIONS. Options will entitle the optionee to purchase shares of Flowers Foods common stock at a predetermined price per share (which may not be less than the market value at the date of grant). Each grant will specify whether the option price will be payable (1) in cash at the time of exercise, (2) by the transfer to Flowers Foods of shares of common stock owned by the optionee for at least six months, having a value at the time of exercise equal to the option price, (3) if authorized by Flowers Foods' Board or its compensation committee, the delivery of shares of restricted stock or other forfeitable shares, deferred stock, performance stock, other vested options, or performance units, or (4) a combination of those payment methods. Grants may provide for deferred payment of

57

66

the option price from the proceeds of sale through a broker on the date of exercise of some or all of the shares of Flowers Foods' common stock to which the exercise relates.

No options will be exercisable more than ten years from the date of grant. Each grant must specify the period of continuous employment with Flowers Foods that is required before the options become exercisable. Grants may provide for earlier exercise of an option in the event of retirement, disability, death or a "change in control" of Flowers Foods or other similar transactions or events. Grants may also specify management objectives that must be achieved as a condition to the exercise of the option. Successive grants may be made to the same optionee whether or not previously granted options remain unexercised.

RESTRICTED STOCK. An award of restricted stock will involve the immediate transfer of ownership of a specific number of shares of Flowers Foods common stock by Flowers Foods to a participant in consideration of the performance of services. The participant will be immediately entitled to voting, dividend and other ownership rights in such shares. The transfer or later elimination of restrictions may be made without additional consideration or in consideration of a payment by the participant that is less than current market value, as Flowers Foods' Board may determine. Flowers Foods' Board may condition the award on the achievement of specified management objectives.

Restricted stock must be subject to a "substantial risk of forfeiture" within the meaning of Section 83 of the Internal Revenue Code for a period to be determined by Flowers Foods' Board in order for the award to avoid immediate taxation. An example would be a provision that the restricted stock would be forfeited if the participant ceased to serve as an officer or key employee of Flowers Foods during a specified period of years. If service alone is the criterion for non-forfeiture, the period of service must be at least three

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

years; if other management objectives are included, non-forfeiture may occur one year from the date of grant. In order to enforce these forfeiture provisions, the transferability of restricted stock will be prohibited or restricted in a manner and to the extent prescribed by Flowers Foods' Board for the period during which the forfeiture provisions are to continue. Flowers Foods' Board may provide for a shorter period during which the forfeiture provisions are to apply in the event of retirement, disability, death or a change in control of Flowers Foods or other similar transaction or event.

DEFERRED STOCK. An award of deferred stock will constitute an agreement by Flowers Foods to deliver shares of its common stock to the participant in the future in consideration of the performance of services. However, the deferred stock award may be subject to the fulfillment of certain conditions, such as management objectives, during the deferral period specified by Flowers Foods' Board. During the deferral period, the participant cannot transfer any rights in the award and has no right to vote the shares of deferred stock, but Flowers Foods' Board may, on or after the date of the award, authorize the payment of dividend equivalents on such shares on a current, deferred or contingent basis, either in cash or in additional shares of Flowers Foods common stock. Awards of deferred stock can be made without additional consideration or in consideration of a payment by the participant that is less than the market value per share on the date of award. Deferred stock must be subject to performance of services for at least three years; provided that if management objectives are included, the performance of services must be for at least one year. Flowers Foods' Board will determine the deferral period at the date of the award, and may provide for a deferral period of less than three years in the event of retirement, disability, death or a change in control of Flowers Foods or other similar transaction or event.

58

67

PERFORMANCE STOCK AND PERFORMANCE UNITS. Performance stock and performance units will involve awards that become payable upon the achievement of specified management objectives during a designated performance period. This performance period may be subject to early termination in the event of retirement, disability or death or a change in control of Flowers Foods or other similar transaction or event. A minimum level of acceptable achievement may also be established by Flowers Foods' Board. If, by the end of the performance period, the participant has achieved the specified management objectives, the participant will be deemed to have fully earned the performance stock and/or performance units. If the participant has not achieved the management objectives, but has attained or exceeded the predetermined minimum, the participant will be deemed to have partly earned the performance stock and/or performance units (such part to be determined in accordance with a formula). To the extent earned, the performance stock and/or performance units will be paid to the participant at the time and in the manner determined by Flowers Foods' Board in cash, shares of Flowers Foods common stock or in any combination of those methods. Each award of performance stock or performance units may be subject to adjustment to reflect changes in compensation or other factors, so long as no adjustment would result in the loss of an available exemption for the award under Section 162(m) of the Internal Revenue Code. Flowers Foods' Board or its compensation committee may provide for the payment of dividend equivalents to the holder on a current, deferred or contingent basis, either in cash or in additional Flowers Foods common stock.

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

MANAGEMENT OBJECTIVES. Under the plan, Flowers Foods' Board will be required to establish performance goals for purposes of performance stock and performance units. In addition, if Flowers Foods' Board so chooses, options, restricted stock and deferred stock may also specify management objectives. Management objectives may be described either in terms of firm-wide objectives, individual participant objectives, or objectives related to performance of the division, subsidiary, department or function within Flowers Foods in which the participant is employed. Management objectives applicable to any award may include specified levels of and/or growth in (1) cash flow, (2) earnings per share, (3) earnings before interest and taxes, (4) earnings per share growth, (5) net income, (6) return on assets, (7) return on assets employed, (8) return on equity, (9) return on invested capital, (10) return on total capital, (11) revenue growth, (12) stock price, (13) total return to shareholders, (14) economic value added, (15) operating profit growth, or any combination of those methods. If Flowers Foods' Board determines that a change in the business, operations, corporate structure or capital structure of Flowers Foods, or the manner in which it conducts its business, or other events or circumstances render the management objectives unsuitable, Flowers Foods' Board may modify the performance goals or the related minimum acceptable level of achievement, in whole or in part, as Flowers Foods' Board deems appropriate and equitable, unless the result would be to make an award otherwise eligible for an exemption under Section 162(m) of the Internal Revenue Code ineligible for such an exemption.

TRANSFERABILITY. Except as otherwise determined by Flowers Foods' Board, no option or other award under the plan will be transferable by a participant other than by will or the laws of descent and distribution, or (except for incentive stock options) to the participant's immediate family or trusts established solely for the benefit of one or more members of the immediate family. Except as otherwise determined by Flowers Foods' Board, options are exercisable during the optionee's lifetime only by him or her.

The Board of Directors may specify at the date of grant that part or all of the shares of Flowers Foods common stock that are (1) to be issued or transferred by Flowers Foods

upon exercise of options, upon termination of the deferral period applicable to deferred stock or upon payment under any grant of performance stock or performance units or (2) no longer subject to the substantial risk of forfeiture and restrictions on transfer referred to in the plan, shall be subject to further restrictions on transfer.

ADJUSTMENTS. The plan will provide that the number of shares available for awards will be adjusted to account for (a) shares relating to awards that expire or are forfeited under the plan, or (b) shares that are transferred, surrendered or relinquished in payment of the option exercise price for satisfaction of withholding rules for the exercise or receipt of awards under the plan. This will permit the grant of additional awards equal to the number of shares turned in by award recipients. The maximum number of shares of Flowers Foods common stock covered by outstanding options, deferred stock, performance stock and restricted stock granted under the plan, and the prices per share applicable to

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

those shares, will be subject to adjustment in the event of stock dividends, stock splits, combinations of shares, recapitalizations, mergers, consolidations, spin-offs, reorganizations, liquidations, issuances of rights or warrants, and similar events. In the event of any such transaction, Flowers Foods' Board will be given discretion to provide a substitution of alternative consideration for any or all outstanding awards under the plan, as it in good faith determines to be equitable under the circumstances, and may require the surrender of all awards so replaced. Flowers Foods' Board may also make or provide for adjustments in the numerical limitations under the plan as Flowers Foods' Board may determine appropriate to reflect any of the foregoing transactions or events.

Flowers Foods' Board will be authorized to interpret the plan and related agreements and other documents. Flowers Foods' Board may make awards to employees under any or a combination of all of the various categories of awards that are authorized under the plan, or in its discretion, make no awards. The plan may be amended from time to time by Flowers Foods' Board. However, any amendment that must be approved by the shareholders of Flowers Foods in order to comply with applicable law or the rules of the principal national securities exchange or quotation system upon which Flowers Foods common stock is traded or quoted will not be effective unless and until such approval has been obtained in compliance with those applicable laws or rules. These amendments would include any increase in the number of shares issued or certain other increases in awards available under the plan (except for increases caused by adjustments made pursuant to the plan). Presentation of the plan or any amendment of the plan for shareholder approval is not to be construed to limit Flowers Foods' authority to offer similar or dissimilar benefits through plans that are not subject to shareholder approval.

Flowers Foods' Board may provide for special terms for awards to participants who are foreign nationals or who are employed by Flowers Foods outside the United States of America as Flowers Foods' Board may consider necessary or appropriate to accommodate differences in local law, tax policy or custom.

The plan will provide that awards representing no more than 3% of the shares available under the plan may not be required to meet certain restrictions otherwise applicable to restricted stock, deferred stock and performance stock awards under the plans.

Flowers Foods' Board may not, without further approval of its shareholders, authorize the amendment of any outstanding option to reduce the option price. Furthermore, no option may be canceled and replaced with awards having a lower option price without

further approval of the shareholders of Flowers Foods. The plan will not confer on any participant a right to continued employment with Flowers Foods.

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

SEVERANCE POLICY

We intend to adopt a severance policy which would pay one year's compensation to any employee (including those who are members of a collective bargaining unit and bargain to be included in the policy) who is actually or constructively terminated, other than for good cause, following a change in control, as defined in our benefit plans.

RETIREMENT PLAN

We expect to adopt the Flowers Foods Retirement Plan No. 1, which provides a pension benefit upon retirement on or after age 65 to qualified employees of our adopting subsidiaries but not to employees of Flowers Foods. However, the plan will credit all employees who were eligible under the Flowers Industries Retirement Plan No. 1 prior to the spin-off for each year of service with Flowers Industries. The pension will be the sum of annual credits earned during employment. The basic annual credit is expected to be 1.35 percent of the first \$10,000 of W-2 earnings, subject to certain exclusions, for each year of service and 2 percent of W-2 earnings, subject to certain exclusions, in excess of \$10,000 each year for each year of service. Certain additional credits will also be provided for a limited group of participants in the retirement plan. The table below includes the estimated amounts which would be payable to the persons indicated upon their retirement at age 65 under the provisions of the retirement plan and assuming that payment is made in the form of a 50% joint and survivor annuity. Effective as of the spin-off, the individuals listed in the table below have accrued certain benefits under Retirement Plan No. 1 but will not earn additional benefits.

SEPARATION AGREEMENTS

We expect to enter into separation agreements with certain of our executive officers to provide certain additional benefits in the event of termination of employment following a change of control. Our Board of Directors has not yet determined which executives will be offered such separation agreements or the

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

proposed terms and conditions of any such agreements.

EXECUTIVE COMPENSATION

We were formed in October, 2000 and none of our executive officers has received compensation or been granted stock options or otherwise awarded securities by Flowers Foods since our formation. Accordingly, the information in this section relates to compensation paid by Flowers Industries to certain of its executive officers for the periods presented. Compensation of executive officers of Flowers Foods for the periods following the spin-off will be determined by Flowers Foods' Board of Directors or compensation committee thereof and can be expected to take into account factors such as the size and operating performance of Flowers Foods.

The following table provides certain summary information for the periods indicated concerning compensation of the Chief Executive Officer and each of the four other most highly compensated executive officers of Flowers Industries.

(1) Reflects dollar value of restricted stock awards at the date of grant and options to acquire that number of shares of Flowers Industries common stock

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

granted pursuant to Flowers Industries 1989 Executive Stock Incentive Plan. No Flowers Industries options will be outstanding following the Flowers Industries/Kellogg merger.

The individuals set forth in the table above held the following aggregate number of restricted shares under the Flowers Industries 1989 Executive Stock Incentive Plan, subject to the restrictions of each grant, and which are valued at the 2000 fiscal year end closing market price (\$15.75) of Flowers Industries common stock, less the price required to be paid by the individual at the time the restrictions lapse: Messrs. McMullian 140,782 shares, \$810,332; Crozer 70,794 shares, \$393,148; Woodward 14,457 shares, \$77,373;

62

71

Deese 134,096 shares, \$567,753; and Harrison 134,096 shares, \$567,753. The shares are entitled to receive any dividends paid on Flowers Industries common stock.

The following table sets forth the options granted to the Flowers Industries executive officers included in the summary compensation table above during fiscal year 2000.

OPTION GRANTS IN LAST FISCAL YEAR

NAME	NUMBER OF SECURITIES UNDERLYING OPTIONS (#)	% OF TOTAL OPTIONS GRANTED TO EMPLOYEES IN FISCAL YEAR	EXERCISE PRICE (\$/SHARE) (1)	EXPIRATION DATE (2)	GRANT D PRESENT (\$ (3)
-----	-----	-----	-----	-----	-----
Amos R. McMullian.....	198,000	16.67%	20.00	6/30/10	1,686,
Robert P. Crozer.....	146,000	12.29%	20.00	6/30/10	1,243,
Jimmy M. Woodward.....	28,000	2.36%	20.00	6/30/10	238,
George E. Deese.....	47,500	4.00%	20.00	6/30/10	404,
Gary L. Harrison.....	47,200	4.00%	20.00	6/30/10	404,

(1) The exercise price is equal to the fair market value on the date of the grant.

(2) Options have a ten-year term and become exercisable on the fourth anniversary of the grant date.

(3) In accordance with the SEC rules, the Black-Scholes option pricing model was used to estimate the Grant Date Present Value assuming: (i) an expected volatility of 39.14%; (ii) an expected dividend yield of 2.67%; (iii) a risk-free interest rate of 6.22%; (iv) an option term of ten years; and (v) no discounts for non-transferability or risk of forfeiture.

The following table provides information on option exercises of Flowers

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Under the terms of an agreement between Flowers Industries and Merrily Plantation, Inc., Flowers Industries was granted the use of approximately 6,000 acres of land owned by Merrily, together with the use of lodging, dining, and conference room facilities located thereon. The facilities were used primarily for the entertainment of customers. During fiscal 2000, Flowers Industries paid Merrily \$91,579. Flowers Foods expects to assume the agreement and continue with those arrangements. We have surveyed facilities comparable to Merrily to assess the relative quality and cost of such facilities and have determined that the amount paid to Merrily for the use of its facilities is competitive with that charged for the use of comparable facilities. We have further determined that the use of the Merrily facilities in the past has been beneficial to the business of Flowers Industries, that it will be beneficial to our business and that its continued use for the entertainment of customers is in our best interest. All of the outstanding capital stock of Merrily is owned by the spouses of J. V. Shields, Jr., who is a proposed director of Flowers Foods, Robert P. Crozer, who is currently the Vice Chairman of the Board of Directors of Flowers Foods, C. Martin Wood III, who is a proposed director of Flowers Foods, and by the Fontaine Flowers McFadden Trust, a trust formed for the benefit of Ms. McFadden's descendants. The spouses of Messrs. Shields, Crozer and Wood are the nieces of Langdon S. Flowers, who is a proposed director of Flowers Foods.

64

73

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

All of the Flowers Foods common stock is currently owned by Flowers Industries and thus none of the executive officers, directors or director nominees of Flowers Foods will own any Flowers Foods common stock prior to the

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

spin-off. To the extent executive officers, directors and proposed directors of Flowers Foods own shares of Flowers Industries common stock at the time of the spin-off, they will receive shares of Flowers Foods common stock in the spin-off on the same basis as all other holders of Flowers Industries common stock. The following table sets forth the number of shares of Flowers Industries common stock beneficially owned by each director, proposed director and each executive officer of Flowers Foods and by all directors, proposed directors and executive officers as a group, consisting of 15 persons, as of December 30, 2000. Any options to acquire shares of Flowers Industries stock that are unexercised at the time of the Flowers Industries/Kellogg merger will not represent the right to acquire shares of Flowers Foods stock after the spin-off.

- (11) Includes unexercised stock options for 16,353 shares. Also includes: (i) 2,132,999 shares held by investment advisory clients of Capital Management Associates, Inc., of which Mr. Shields is chairman of the board of directors and chief executive officer, and (ii) 3,231,503 shares owned by the spouse of Mr. Shields, as to which Mr. Shields disclaims beneficial ownership. Mr. Shields' business address is Shields & Company, 140 Broadway, New York, NY 10005.
- (12) Includes restricted stock awards of 2,952 shares, all of which are subject to forfeiture.
- (13) Includes: (i) restricted stock awards of 8,818 shares, all of which are subject to forfeiture; and (ii) unexercised stock options for 28,000 shares. Also includes the following shares, as to which Mr. Wood disclaims beneficial ownership: (i) 51,300 shares held by a trust of which Mr. Wood is co-trustee; (ii) 5,591 shares held by a trust for which Mr. Wood serves as a trustee; (iii) 2,877,696 shares owned by the spouse of Mr. Wood; and (iv) 25,650 shares held by Mr. Wood as custodian for his nephew.
- (14) Includes restricted stock awards of 14,457 shares, all of which are subject to forfeiture.
- (15) Includes restricted stock awards of 527,112 shares, all of which are subject to forfeiture, and unexercised stock options for 473,402 shares.

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

DESCRIPTION OF CAPITAL STOCK

The following discussion of our articles of incorporation, bylaws, rights agreement and Georgia law is a summary of the material terms thereof and is qualified in its entirety by the actual terms of such documents and Georgia law. Copies of our restated articles of incorporation, restated bylaws and rights agreement have been filed with the Securities and Exchange Commission as exhibits to the registration statement on Form 10 of which this information statement is a part.

INTRODUCTION

Our articles of incorporation provide that the authorized capital of Flowers Foods consists of 100,000,000 shares of common stock having a par value of \$.01 per share and 1,000,000 shares of preferred stock, of which (a) 100,000 shares have been designated by our Board of Directors as Series A Junior Participating Preferred Stock, having a par value per share of \$100 and (b) 900,000 shares of preferred stock, having a par value per share of \$.01, have not been designated by the Board of Directors.

If the spin-off had occurred on January 30, 2001 approximately 20,061,064 million shares of Flowers Foods common stock would have been outstanding and held by approximately 7,741 holders of record. No shares of preferred stock have been issued by Flowers Foods and no shares of preferred stock will be issued in the spin-off.

COMMON STOCK

The holders of Flowers Foods common stock are entitled to one vote for each share held of record on all matters submitted to a vote of shareholders. Subject to preferential rights of any issued and outstanding preferred stock, including the Series A Preferred Stock, holders of Flowers Foods common stock are entitled to receive ratably such dividends, if any, as may be declared by our Board of Directors out of funds legally available therefor. In the event of a liquidation, dissolution or winding-up of Flowers Foods, holders of Flowers Foods common stock are entitled to share ratably in all assets of Flowers Foods, if any, remaining after payment of liabilities and the liquidation preferences of any issued and outstanding preferred stock, including the Series A Preferred Stock. Holders of Flowers Foods common stock have no preemptive rights, no cumulative voting rights and no rights to convert their shares of Flowers Foods common stock into any other securities of Flowers Foods or any other person.

PREFERRED STOCK

Our Board of Directors has the authority to issue up to 1,000,000 shares of preferred stock in one or more series and to fix the designations, relative powers, preferences, rights, qualifications, limitations and restrictions of all shares of each such series, including without limitation, dividend rates, conversion rights, voting rights, redemption and sinking fund provisions, liquidation preferences and the number of shares constituting each such series, without any further vote or action by the holders of Flowers Foods common stock. Pursuant to such authority, the board of directors has designated 100,000 shares of preferred stock as Series A Junior Participating Preferred Stock in connection with the adoption of our rights agreement. Although our Board of Directors does not presently intend to do so, it could issue from the 900,000 undesignated preferred shares, additional series of preferred stock, with rights that could adversely affect the voting power and other

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

rights of holders of Flowers Foods common stock without obtaining the approval of Flowers Foods shareholders. In addition, the issuance of preferred shares could delay or prevent a change in control of Flowers Foods without further action by its shareholders.

ANTITAKEOVER EFFECTS OF GEORGIA LAW PROVISIONS

We have elected in our bylaws to be subject to the fair price provisions of the Georgia Business Corporation Code, referred to in this information statement as the GBCC. These provisions require that, in addition to any vote otherwise required by law or our articles of incorporation, unless certain fair price provisions are satisfied, a business combination must be:

- unanimously approved by continuing directors, if such continuing directors constitute at least three members of the board of directors at the time of the approval; or
- recommended by at least two-thirds of the continuing directors and approved by a majority of the votes entitled to be cast by holders of voting shares, other than voting shares beneficially owned by the interested shareholder, unless fair price criteria are met.

INTERESTED SHAREHOLDERS UNDER THE FAIR PRICE PROVISIONS

An interested shareholder is defined by the GBCC to include any person other than Flowers Foods or our subsidiaries that:

- with its affiliates, beneficially owns or has the right to own 10% or more of the outstanding voting power of Flowers Foods; or
- is an affiliate of Flowers Foods and has, at any time within the preceding two-year period, been the beneficial owner of 10% or more of the voting power of Flowers Foods.

For purposes of determining whether a person is an interested shareholder, the number of voting shares deemed to be outstanding shall not include any unissued voting shares that may be issuable pursuant to any agreement, arrangement or understanding or upon exercise of conversion rights, warrants or options or otherwise.

CONTINUING DIRECTORS UNDER THE FAIR PRICE PROVISIONS

A continuing director means:

- any director who is not an affiliate or associate of an interested shareholder or its affiliates other than Flowers Foods or our subsidiaries and who was a director prior to the date the shareholder became an interested shareholder, called the determination date; and
- any successor to that director who is not an affiliate or associate of an interested shareholder or its affiliates other than Flowers Foods or our subsidiaries and who is recommended or elected by a majority of all the continuing directors.

BUSINESS COMBINATIONS UNDER THE FAIR PRICE PROVISIONS

For the purposes of these provisions, a business combination includes:

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

- any merger of Flowers Foods or our subsidiaries with an interested shareholder or any other corporation that is, or after the merger would be, an affiliate of an interested shareholder that was an interested shareholder prior to the completion of the transaction;
- any share exchange with an interested shareholder or any other corporation that is, or after the merger would be, an affiliate of an interested shareholder that was an interested shareholder prior to the completion of the transaction;
- any sale, lease, transfer or other disposition of assets by us or any of our subsidiaries to any interested shareholder or any affiliate of any interested shareholder (other than Flowers Foods or any of our subsidiaries) in a transaction or series of transactions occurring within a twelve-month period and having an aggregate book value equal to 10% or more of our net assets;
- the issuance or transfer by us or any of our subsidiaries of any equity securities of Flowers Foods or any subsidiary in a transaction or series of transactions occurring within a twelve-month period to any interested shareholder or any affiliate of any interested shareholder (other than Flowers Foods or any of our subsidiaries) and having an aggregate market value of 5% or more of the total market value of our outstanding stock, except through the exercise of warrants or rights offered pro-rata to all holders of our voting securities;
- the adoption of any plan or proposal for our liquidation or dissolution in which anything other than cash will be received by an interested shareholder or its affiliates; and
- any reclassification of securities or merger or share exchange with any subsidiary, which has the effect, in a transaction or series of transactions occurring within a twelve-month period, of increasing by 5% or more the proportionate amount of the outstanding shares of any class or series of equity securities of Flowers Foods or any of our subsidiaries that is beneficially owned by an interested shareholder or its affiliates.

WHEN THE FAIR PRICE PROVISIONS DO NOT APPLY

The fair price provisions do not restrict a business combination if:

- the aggregate amount of the cash, and fair market value of any non-cash property, to be received per share by the shareholders in the business combination is at least equal to the highest of:
 - the highest per share price, including brokerage commissions, transfer taxes and soliciting dealers' fees, paid by the interested shareholder for any shares of the same class or series acquired by it within two years before the public announcement of the business combination, referred to as the announcement date, or in the transaction in which it became an interested shareholder, whichever is higher;

- the higher of the fair market value per share as determined on the announcement date or the determination date; or
- in the case of shares other than common shares, the highest amount per share to which holders of such shares are entitled in the event of liquidation, dissolution or winding up of the corporation, but only if

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

the interested shareholder acquired like shares within the two-year period immediately before the announcement date;

- shareholders receive cash or the form of consideration used by the interested shareholder to purchase the largest number of shares of the same class or series previously acquired by such interested shareholder.
- during the period after the shareholder became an interested shareholder and before the consummation of the business combination, without the approval of a majority of the continuing directors, there generally shall have been:
 - no failure to declare and pay, at the regular date therefor, any full periodic dividends on Flowers Foods' outstanding preferred shares unless (i) the interested shareholder or its affiliate or associate did not vote as a director in a manner inconsistent with this requirement, and (ii) the interested shareholder notified the Board of Directors in writing within ten days of such action or failure to act that it disapproves of the action and that it requests the Board to rectify such act or failure to act;
 - no reduction in the annual rate of dividends paid on common shares, except to reflect any subdivision of the shares unless (i) the interested shareholder or its affiliate or associate did not vote as a director in a manner inconsistent with this requirement, and (ii) the interested shareholder notified the Board of Directors in writing within ten days of such action or failure to act that it disapproves of the action and that it requests the Board to rectify such act or failure to act;
 - an increase the annual rate of dividends to reflect any reclassification of shares which has the effect of reducing the number of outstanding shares; and
 - no increase by more than 1% in the interested shareholder's ownership of any class or series of Flowers Foods' shares in any twelve-month period;
- the interested shareholder has not received a direct or indirect benefit, except proportionately as a shareholder, of any loans, advances, guarantees, pledges or other financial assistance or any tax credits or other tax advantages provided by the corporation or its subsidiaries.

The fair price provisions do not apply if the shareholder has been an interested shareholder continuously and has not increased its percentage interest in any class or series of Flowers Foods shares by more than 1% in any twelve-month period, for the three year period immediately preceding consummation of the business combination.

Repeal of the bylaw subjecting Flowers Foods to the fair price provisions of the GBCC requires the affirmative vote of: (i) at least 2/3 of the continuing directors, (ii) a majority of the shares of Flowers Foods other than shares beneficially owned by any interested shareholder and affiliates and associates of any interested shareholder, and (iii) 66 2/3% of the voting power of the then outstanding shares of Flowers Foods common

stock and preferred stock voting together, to the extent shares of preferred stock have been afforded voting rights.

BUSINESS COMBINATION PROVISIONS

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

We have also elected in our bylaws to be subject to the business combination provisions of the GBCC. These provisions prohibit business combinations between a Georgia corporation with at least 100 beneficial owners in Georgia and that meets other criteria and an interested shareholder or its affiliates for a period of five years after the shareholder becomes an interested shareholder of the corporation. During that five-year period, these provisions prohibit any business combination with an interested shareholder unless:

- prior to such time, the board of directors approved either the business combination or the transaction in which the shareholder became an interested shareholder;
- in the transaction that resulted in the shareholder becoming an interested shareholder, the interested shareholder became the beneficial owner of at least 90% of the outstanding voting stock of the corporation which was not held by directors, officers, their affiliates, subsidiaries or specified employee stock plans of the corporation; or
- after becoming an interested shareholder, that shareholder acquired additional shares resulting in that shareholder owning at least 90% of the outstanding voting stock of the corporation, excluding shares held by directors, officers, their affiliates, subsidiaries or specified employee stock plans of the corporation, and the business combination was approved by a majority of voting stock not held by the interested shareholder, directors, officers, their affiliates, subsidiaries or specified employee stock plans of the corporation.

BUSINESS COMBINATIONS

For the purposes of these provisions, a business combination includes:

- any merger or consolidation of Flowers Foods or any of our subsidiaries with an interested shareholder or any other corporation that is, or after the merger or consolidation would be, an affiliate of an interested shareholder that was an interested shareholder prior to consummation of the transaction other than as a result of its ownership of Flowers Foods stock;
- any sale, lease, transfer or other disposition of our assets or those of any of our subsidiaries to an interested shareholder or its affiliates or associates other than Flowers Foods or our subsidiaries in a transaction or series of transactions having an aggregate book value of 10% or more of our net assets;
- the issuance or transfer by us or any of our subsidiaries of any of our or their equity securities to an interested shareholder or its affiliates or associates other than Flowers Foods or our subsidiaries in a transaction or series of transactions having an aggregate market value of 5% or more of the total market value of our outstanding stock, except through the exercise of warrants or rights offered pro rata to all holders of voting securities, or the exercise or conversion of securities outstanding before the shareholder became an interested shareholder;

- the adoption of any plan or proposal for our liquidation or dissolution;
- any reclassification of securities or merger of Flowers Foods with our subsidiaries that has the effect of increasing by 5% or more the

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

proportionate amount of shares of any class or series of our equity securities that is beneficially owned by the interested shareholder or its affiliates;

- other than in the ordinary course of business, the receipt by an interested shareholder, except proportionally as a shareholder, of any benefit from any loan, advance, guarantee, pledge, financial benefit, tax credit or tax advantage from us; and
- any share exchange with an interested shareholder or any other corporation that is, or after the share exchange would be, an affiliate of an interested shareholder that was an interested shareholder prior to consummation of the transaction.

WHEN THE BUSINESS COMBINATION PROVISIONS DO NOT APPLY

The restrictions on business combinations do not apply to:

- any person who was an interested shareholder before the adoption of the bylaw that made the provisions applicable to the corporation; or
- any person who becomes an interested shareholder inadvertently, subsequently divests as soon as practicable sufficient shares so that the shareholder ceases to be an interested shareholder and would not, at any time within the five-year period immediately before the business combination, have been an interested shareholder but for the inadvertent acquisition.

Repeal of the bylaw subjecting Flowers Foods to the business combination provisions of the GBCC requires the affirmative vote of: (i) at least 2/3 of the continuing directors, (ii) a majority of the shares of Flowers Foods other than shares beneficially owned by any interested shareholder and affiliates and associates of any interested shareholder, and (iii) 66 2/3% of the voting power of the then outstanding shares of Flowers Foods common stock and preferred stock voting together, to the extent shares of preferred stock have been afforded voting rights. However, any such repeal would not be effective until 18 months after the shareholder vote to effect such repeal and would not exempt any business combination with an interested shareholder who became an interested shareholder prior to such repeal.

FLOWERS FOODS RIGHTS AGREEMENT

Our Board of Directors has determined that a dividend of one right will be paid in respect of each outstanding share of Flowers Foods common stock to the record holder of such share as of the record date of the spin-off. Pursuant to the rights agreement, each right entitles the registered holder thereof to purchase from Flowers Foods one thousandth of a share of series A preferred stock, par value \$100 per share, of Flowers Foods at a price of \$45.00 per one thousandth of a preferred share, subject to adjustment.

Under the rights agreement, the rights will be evidenced by the certificates evidencing Flowers Foods common stock until the distribution date, which is the earlier of: (i) the close of business on the tenth calendar day following the first date of public announcement

that a person or group (other than Flowers Foods, a subsidiary or employee benefit or stock ownership plan of Flowers Foods or any of its affiliates or

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

associates), together with its affiliates and associates, has acquired beneficial ownership of 15% or more of the outstanding Flowers Foods common stock (any such person or group being hereinafter called an acquiring person) or (ii) the close of business on the tenth business day (or such later date as may be specified by the directors) following the commencement of a tender offer or exchange offer by a person (other than Flowers Foods, a subsidiary or employee benefit or stock ownership plan of Flowers Foods or any of its affiliates or associates), the consummation of which would result in beneficial ownership by such person of 15% or more of the outstanding Flowers Foods common stock.

The rights agreement provides that, until the distribution date, the rights may be transferred with and only with the Flowers Foods common stock. Until the distribution date (or earlier redemption, exchange or expiration of the rights), any certificate evidencing Flowers Foods common stock issued upon transfer or new issuance of the Flowers Foods common stock will contain a notation incorporating the rights agreement by reference. Until the distribution date (or earlier redemption, exchange or expiration of the rights), the surrender for transfer of any certificates evidencing Flowers Foods common stock will also constitute the transfer of the rights associated with such certificates. As soon as practicable following the distribution date, separate certificates evidencing the rights will be mailed to holders of record of Flowers Foods common stock as of the close of business on the distribution date and such separate right certificates alone will evidence the rights. No right is exercisable at any time prior to the distribution date. The rights will expire on the tenth anniversary of the record date unless earlier redeemed, exchanged or amended by Flowers Foods as described below. Until a right is exercised, the holder thereof, as such, will have no rights as a shareholder of Flowers Foods, including the right to vote or to receive dividends.

The purchase price payable, and the number of the series A preferred stock or other securities issuable, upon exercise of the rights will be subject to adjustment from time to time to prevent dilution (i) in the event of a stock dividend on, or a subdivision, combination or reclassification of, the preferred shares, (ii) upon the grant to holders of series A preferred stock of certain rights or warrants to subscribe for or purchase the series A preferred stock at a price, or securities convertible into the series A preferred stock with a conversion price, less than the then-current market price of the series A preferred stock, or (iii) upon the distribution to holders of the series A preferred stock of evidences of indebtedness, cash (excluding regular periodic cash dividends), assets, stock (excluding dividends payable on the series A preferred stock) or subscription rights or warrants (other than those referred to above). The number of outstanding rights and the number of one thousandths of the series A preferred stock issuable upon exercise of each right will be subject to adjustment in the event of a stock dividend on the Flowers Foods common stock payable in Flowers Foods common stock or a subdivision, combination or reclassification of Flowers Foods common stock occurring, in any such case, prior to the distribution date.

Rights will be exercisable to purchase series A preferred stock only after the distribution date occurs and prior to the occurrence of a flip-in event as described below. A distribution date resulting from the commencement of a tender offer or exchange offer described in clause (ii) of the second paragraph of this summary could precede the occurrence of a flip-in event and thus result in the rights being exercisable to purchase series A preferred stock. A distribution date resulting from any occurrence described in clause (i) of the second paragraph of this summary would necessarily follow the

occurrence of a flip-in event and thus result in the rights being exercisable to purchase Flowers Foods common stock or other securities as described below.

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

Under the rights agreement, in the event, referred to as a flip-in event, that (i) any person or group, together with its affiliates and associates, becomes an acquiring person, (ii) any acquiring person or any affiliate or associate thereof merges into or combines with Flowers Foods and Flowers Foods is the surviving corporation, (iii) any acquiring person or any affiliate or associate thereof effects certain other transactions with Flowers Foods, or (iv) during such time as there is an acquiring person, Flowers Foods effects certain transactions, in each case as described in the rights agreement, then, in each such case, proper provision will be made so that, from and after the latest of the share acquisition date, the distribution date and the date of the occurrence of such flip-in event, each holder of a right, other than rights that are or were owned beneficially by an acquiring person (which, from and after the date of a flip-in event, will be void), will have the right to receive, upon exercise thereof at the then-current exercise price of the right, that number of shares of Flowers Foods common stock (or, under certain circumstances, an economically equivalent security or securities of Flowers Foods) that at the time of such flip-in event has a market value of two times the exercise price of the right.

In the event referred to as a flip-over event, that, at any time after a person has become an acquiring person, (i) Flowers Foods merges with or into any person and Flowers Foods is not the surviving corporation, (ii) any person merges with or into Flowers Foods and Flowers Foods is the surviving corporation, but all or part of the Flowers Foods common stock is changed or exchanged for stock or other securities of any other person or cash or any other property, or (iii) 50% or more of our assets or earning power, including securities creating obligations of Flowers Foods, are sold, in each case as described in the rights agreement, then, and in each such case, proper provision will be made so that from and after the latest of the share acquisition date, the distribution date and the date of the occurrence of such flip-over event, each holder of a right, other than rights which have become void, will thereafter have the right to receive, upon the exercise thereof at the then-current exercise price of the right, that number of shares of Flowers Foods common stock (or, under certain circumstances, an economically equivalent security or securities) of such other person that at the time of such flip-over event has a market value of two times the exercise price of the right.

From and after the later of the first date of public announcement that a person or group has acquired beneficial ownership of 15% or more of the outstanding shares of Flowers Foods common stock, which is called the share acquisition date and the distribution date, rights (other than any rights that have become void) will be exercisable as described above, upon payment of the aggregate exercise price in cash. In addition, at any time after the later of the share acquisition date and the distribution date and prior to the acquisition by any person or group of affiliated or associated persons of 50% or more of the outstanding Flowers Foods common stock, we may exchange the rights (other than any rights that have become void), in whole or in part, at an exchange ratio of one share of Flowers Foods common stock per right (subject to adjustment). Notwithstanding the foregoing, a majority of the continuing directors on the Board (defined to include incumbent directors of Flowers Foods and their successors who are nominated for election by a majority of the incumbent directors, but specifically excluding representatives of acquiring persons) must concur with the exchange of any of the rights on or following the date (i) a person becomes an acquiring person as defined in the rights agreement, or (ii) a

majority of the Board is replaced due to the actions of any person or persons who may become an acquiring person or who may cause a flip-in event or flip-over event.

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

With certain exceptions, no adjustment in the purchase price will be required until cumulative adjustments require an adjustment in the purchase price of at least 1%. We will not be required to issue fractional shares of series A preferred stock (other than fractions that are integral multiples of one thousandth of a share of series A preferred stock, which may, at our option, be evidenced by depositary receipts) or fractional shares of Flowers Foods common stock or other securities issuable upon the exercise of rights. In lieu of issuing such securities, we may make a cash payment, as provided in the rights agreement.

We may, at our option, redeem the rights in whole, but not in part, at a price of \$.01 per right, subject to adjustment, at any time prior to the close of business on the later of the distribution date and the share acquisition date. Immediately upon any redemption of the rights, the right to exercise the rights will terminate and the only right of the holders of rights will be to receive the redemption price. Notwithstanding the foregoing, a majority of the continuing directors on the Board (defined to include incumbent directors of Flowers Foods and their successors who are nominated for election by a majority of the incumbent directors, but specifically excluding representatives of acquiring persons) must concur with the redemption of the rights on or following the date (i) a person becomes an acquiring person or (ii) a majority of the board is replaced due to the actions of any person or persons who may become an acquiring person or who may cause a flip-in event or flip-over event.

The rights agreement may be amended in certain instances so long as there are continuing directors and a majority of such continuing directors votes in favor of the proposed amendment. The rights agreement may be amended without the approval of any holders of rights certificates, including amendments that increase or decrease the purchase price, that add other events requiring adjustment to the purchase price payable and the number of shares of series A preferred stock or other securities issuable upon the exercise of the rights or that modify procedures relating to the redemption of the rights, except that no amendment may be made that decreases the stated redemption price to an amount less than \$.01 per right.

Our directors will have the exclusive power and authority to administer the rights agreement and to exercise all rights and powers specifically granted to the directors or to Flowers Foods therein, or as may be necessary or advisable in the administration of the rights agreement, including without limitation, the right and power to interpret the provisions of the rights agreement and to make all determinations deemed necessary or advisable for the administration of the rights agreement (including any determination to redeem or not redeem the rights or to amend or not amend the rights agreement). All such actions, calculations, interpretations and determinations (including any omission with respect to any of the foregoing) which are done or made by the directors in good faith will be final, conclusive and binding on Flowers Foods, the rights agent, the holders of the rights and all other parties and will not subject the directors to any liability to any person, including without limitation, the rights agent and the holders of the rights.

ANTITAKEOVER EFFECTS OF THE PROVISIONS OF OUR ARTICLES AND BYLAWS

Our articles of incorporation and bylaws contain a number of provisions relating to corporate governance and the rights of shareholders that could have a potential anti-takeover effect. These provisions may delay or prevent a change of control of Flowers Foods. These provisions include:

- the classification of our Board of Directors into three classes, each

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

- class serving for a staggered three-year term;
- the requirement that shareholders may remove directors only for cause and only by the affirmative vote of at least 66 2/3% of our outstanding voting stock;
 - the authority of our Board of Directors to issue series of preferred stock with voting rights and other provisions as the Board of Directors may determine;
 - the requirement that shareholder action can be taken only at an annual or special meeting of shareholders or by written consent of holders of at least 75% of the common stock;
 - an advance notice procedure in order for shareholders to nominate candidates for election as directors;
 - the power of the Board of Directors to consider constituencies other than Flowers Foods shareholders in discharging their duties;
 - the requirement that a special shareholders' meeting may only be called by the chairman of the board or at the direction of the majority of the Board of Directors, and not by shareholders; and
 - a requirement that a vote of at least 66 2/3% of our voting stock is required to amend provisions of the articles of incorporation and bylaws relating to:
 - the classification of the Board of Directors and removal of directors;
 - special meetings of shareholders and the order of business of shareholder meetings;
 - nominations of directors to fill vacancies or newly created directorships;
 - the election to be subject to the fair price and business combination provisions of the GBCC; or
 - the power of the Board of Directors to make, amend or repeal bylaws.

These provisions have some anti-takeover effects and may discourage proposals that could be viewed as favorable to shareholders. The description above is intended only as a summary of the material provisions. You should refer to our articles of incorporation and bylaws, which have been filed as exhibits to the registration statement on Form 10 of which this information statement is a part, for a more complete description.

LIMITED LIABILITY AND INDEMNIFICATION PROVISIONS

LIMITATION ON LIABILITY

Our articles of incorporation provide that a director of Flowers Foods shall not be liable to Flowers Foods or its shareholders for or with respect to any acts or omissions in the performance of his duties as a director, except to the extent such exemption from liability or limitation thereof is not permitted under the GBCC as currently in effect or as the same may be amended or under any other applicable law.

Edgar Filing: FLOWERS FOODS INC - Form 10-12B/A

INDEMNIFICATION OF DIRECTORS AND OFFICERS

Our articles of incorporation and bylaws provide that each person who is or was or had agreed to become a director or officer of Flowers Foods, or each such person who is or was serving or who had agreed to serve at the request of the Board of Directors or an officer as an employee or agent of Flowers Foods or as a director, officer, employee or agent of another entity, shall be indemnified by us to the fullest extent permitted by the GBCB or any other applicable law as presently or hereafter in effect. This right of indemnification includes the advancement of expenses incurred in defending a proceeding. We may, by action of the Board of Directors, provide indemnification to other employees and agents of Flowers Foods with the same scope and effect as the foregoing indemnification of our directors and officers.

TRANSFER AGENT AND REGISTRAR

The transfer agent and registrar for Flowers Foods common stock will be First Union National Bank.

WHERE YOU CAN FIND ADDITIONAL INFORMATION

We have filed a registration statement on Form 10 to register our shares being issued to you in the spin-off. This information statement is a part of that registration statement and, as allowed by Securities and Exchange Commission rules, does not include all of the information you can find in the registration statement or the exhibits to the registration statement. For additional information relating to us and the spin-off, reference is made to the registration statement and the exhibits to the registration statement. Statements contained in this information statement as to the contents of any contract or document referred to are not necessarily complete and in each instance, if the contract or document is filed as an exhibit to the registration statement, reference is made to the copy of the contract or other document filed as an exhibit to the registration statement. Each statement is qualified in all respects by the relevant reference.

After the spin-off, we will file annual, quarterly and special reports, proxy statements and other information with the Securities and Exchange Commission. We intend to furnish our shareholders with annual reports containing consolidated financial statements certified by an independent public accounting firm. The registration statement is, and any of these future filings with the Securities and Exchange Commission will be, available to the public over the Internet at the Securities and Exchange Commission's website at <http://www.sec.gov>. You may read and copy any filed document at the Securities and Exchange Commission's public reference rooms in Washington, D.C. at 450 Fifth Street, N.W., Judiciary Plaza, Washington, D. C. 20549, and at the Securities and Exchange
