Report of Independent Registered Public Accounting Firm

The Participants and the 1165(e) Retirement Plan Committee of Oriental Group
Oriental Bank & Trust Cash or Deferred Arrangement Profit Sharing Plan:

We have audited the accompanying statements of net assets available for benefits of Oriental Bank & Trust Cash or Deferred Arrangement Profit Sharing Plan (the Plan) as of December 31, 2006 and 2005, and the related statement of changes in net assets available for benefits for the year ended December 31, 2006. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with Standards of Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2006 and 2005, and the changes in net assets available for benefits for the year ended December 31, 2006 in conformity with U.S. generally accepted accounting principles.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information included in Schedule H, Line 4i Schedule of Assets (Held at End of Year) at December 31, 2006 and Schedule H, Line 4j Schedule of Reportable Transactions for the year ended December 31, 2006, required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended, is presented for the purpose of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The supplemental information included in Schedule H, line 4i Schedule of Assets (Held at End of Year) as of December 31, 2006 and in Schedule H, line 4j Schedule of Reportable Transactions for the year ended December 31, 2006 that accompany the Plan's financial statements does not disclose the historical cost of nonparticipant directed plan assets held by the Plan trustee at year end nor the historical cost of nonparticipant directed plan assets sold within the Plan year. Disclosure of this information is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Table of Contents

**ORIENTAL BANK & TRUST CASH OR DEFERRED ARRANGEMENT PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2006 AND 2005**

(1) Description of the Plan

The following description of Oriental Bank & Trust Cash or Deferred Arrangement Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan was organized on January 1, 1992 as a defined contribution plan originally maintained by Oriental Bank & Trust for the benefit of its employees and those of its affiliated companies, who are residents of Puerto Rico, have completed six-months of service and are age 21 or older. It contains a cash or deferred arrangement qualifying under Section 1165(e) of the Puerto Rico Internal Revenue Code of 1994, as amended (PRIRC), and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective January 1, 2005, the Plan was amended and restated in its entirety due to the acquisition of Caribbean Pensions Consultants, Inc., a U.S.-based affiliated company. Effective on said date, Oriental Financial Group Inc. (the Employer) became the sponsor of the Plan. In addition, effective January 1, 2005, the Plan is intended to be a qualified plan pursuant to Section 401(a) and (k) of the U.S. Internal Revenue Code of 1986, as amended (U.S. Code). Effective October 1, 2005, the Plan appointed a new custodian.

(b) Contributions

Each year, participants may contribute up to 10% of pretax annual compensation, as defined in the Plan, not exceeding the maximum deferral amount specified by the Puerto Rico and U.S. tax laws. Participants may also contribute amounts representing distributions from other Puerto Rico and U.S. qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 17 mutual funds, a fund that invests in Oriental Bank & Trust time deposits, and a fund that invests in common stock of the employer as investment options for participants. The Employer currently contributes 80% of the first \$1,040 of the participant's contributions as discretionary matching contributions. The Employer's matching contributions are invested directly in the Employer common stock. Contributions are subject to certain limitations. During 2006, the Bank made an additional contribution amounting to \$58,756 to the Plan for a market value allocation related to benefits paid during the years 1998 to 2002.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. The Employer's contribution portion of their accounts plus actual earnings thereon vest upon the occurrence of any of the following events: completion of three years of credited service; attaining age 65; total disability while employed by the Employer; or death while employed by the Employer.

(e) Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive the value of the vested interest in his or her account in either a lump-sum distribution or a fixed period that may not exceed the participant's life expectancy. For termination of service for other

Table of Contents

reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

(f) Loans to Participants

Effective January 1, 2005, the Plan was amended to allow loans to participants. Participants may borrow up to the lesser of 50% of the present value of nonforfeited accrued benefit of the Participant under the Plan or \$50,000, reduced by the difference between the participant's highest loan balance during the previous 12-month period and current outstanding balance, if any. Loan repayments may be scheduled for up to five years (or reasonable period of time to be determined at the time the loan is made for a home purchase). The plan administrator determines a reasonable rate of interest for each loan by identifying rates charged by institutions in the business of making similar loans. The specific terms and conditions of such loans are also established by the plan administrator. No loans to participants were outstanding as of December 31, 2006 or 2005.

(g) Forfeited Accounts

Employer contributions that are not vested upon termination of employment are forfeited and may be used to reduce future contributions to the Plan by the Employer. For the year ended December 31, 2006, forfeitures totaling \$7,257 were used to offset Employer contributions for 2006.

(h) Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their Employer contributions.

(2) Summary of Significant Accounting Policies

Following are the significant accounting policies followed by the Plan:

(a) Basis of Presentation

The accompanying financial statements have been prepared under the accrual method of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Risks and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

(d) Investments Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of mutual funds and common stock are valued at quoted closing market prices, which, for mutual funds, represent the Net Asset Value (NAV) of shares held by the Plan at year-end. Money market funds and time deposits are stated at fair value, which approximates cost plus accumulated interest earnings less distributions to date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(e) Payments of Benefits

Benefits are recorded when paid.

Table of Contents

(f) Plan Expenses

All mutual funds incur expenses that reduce earnings in the fund and are reflected in the daily NAV. The amount of these expenses, stated as a percentage of assets, is called an expense ratio. The NAVs for the mutual funds are listed publicly and the same NAV applies whether the mutual fund is purchased on the open market or through the Plan. Expense ratios charged by mutual funds cover costs relating to investing, such as the mutual fund managers' asset management fees and cost related to administration of the fund. Examples of administrative costs include issuing quarterly statements, operating a service center, and having toll-free numbers available for the participants. Expenses incurred by the mutual funds are netted against earnings of the respective funds in the accompanying statements of changes in net assets available for benefits.

Administrative expenses, including trustee, legal, auditing, and other fees, may be paid out of the invested assets unless paid by the Employer. Expenses paid and absorbed by the Employer during the year ended December 31, 2006 amounted to approximately \$18,000.

(g) Change in Method of Quantifying Financial Statements Misstatements

The Plan changed the process to quantify financial statement misstatements to a dual method approach as required by the SEC Staff Accounting Bulletin No. 108 (SAB 108), *Considering the Effects of Prior Year Misstatements when Quantifying Misstatements in Current Year Financial Statements*. It requires the use of two different approaches to quantifying misstatements: (1) the rollover approach and (2) the iron curtain approach when assessing whether such a misstatement is material to the current period financial statements. The rollover approach focuses on the impact on the income statement of a misstatement originating in the current reporting period. The iron curtain approach focuses on the cumulative effect on the balance sheet as of the end of the current reporting period of uncorrected misstatements regardless of when they originated. If a material misstatement is quantified under either approach, after considering quantitative and qualitative factors, the financial statements would require adjustment.

Under this approach, depending on the magnitude of the correction with respect to the current period financial statements, changes to financial statements for prior periods could result.

The Plan had two unrecorded accounting adjustments that were considered in the SAB 108 analysis. The Plan historically recorded dividends as received instead of earned, the unrecorded amount at December 31, 2005 was \$27,940. The second accounting adjustment is the reversal of a prior year accrual for benefits to be paid of \$11,966. As of December 31, 2005, utilizing the prior method to evaluate differences, the Plan decided not to correct \$39,906 related to such differences. These differences were corrected as of January 1, 2006 as a credit to beginning net assets available for benefits at that date.

After considering all of the quantitative and qualitative factors, the Plan determined that these accounting adjustments had not previously been material to prior periods when measured using the prior method. Given that the effect of correcting these misstatements during 2006 would be material to the Plan's 2006 financial statements using this dual method, the Plan concluded that the cumulative effect adjustment method of initially applying the guidance in SAB 108 was appropriate.

Table of Contents**(3) Investments**

The following presents investments as of December 31, 2006 and 2005 that represent 5% or more of the Plan's net assets.

	2006	2005
Nonparticipant-directed investments:		
Oriental Financial Group Inc. common stock; 192,254 and 199,568 shares, respectively	\$2,489,689	2,466,661
Participant-directed investments:		
Fidelity Advisor Growth Opportunities Fund Class T; 15,323 and 22,948 units, respectively	532,182	759,812
Fidelity Advisor Equity Growth Fund Class T; 11,190 and 13,707 units, respectively	572,184	659,027
Fidelity Advisor Government Investment Fund Class T; 40,343 and 39,700, respectively	405,452	395,415
U.S. Treasury Money Fund of America	652,383	478,097
During 2006, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:		
Oriental Financial Group Inc. common stock	\$ 95,282	
Mutual funds	192,023	
Total	\$ 287,305	

Certain plan assets are invested in shares of mutual funds as directed by participants. Oriental Bank & Trust (the Bank), the Trustee of the Plan, accumulates all investment income (interest and dividends) together with the appreciation in fair value of the fund investments and reports the accumulation in the single unit value of each share. Since the amount of investment income is not significant, separate disclosure of investment income and appreciation in fair value of the fund investments is not presented for the mutual funds.

(4) Nonparticipant-Directed Investments

Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant-directed investment (that are invested in Employer's common stock) is as follows:

Net assets at December 31, 2005, Oriental Financial Group Inc. common stock of 199,568 shares	\$ 2,466,661
Changes in net assets during the year:	
Contributions	262,032
Dividends	99,832
Net appreciation	95,282
Benefits paid to participants	(434,118)
Net increase in net assets	23,028

Net assets at December 31, 2006, Oriental Financial Group Inc. common stock of 192,254 shares	\$ 2,489,689
--------------------------------------------------------------------------------------------------	--------------

Table of Contents

(5) Related-Party Transactions

Certain Plan investments are shares of the Employer's common stock. The Employer is the Plan sponsor and, therefore, qualifies as a party-in-interest. At December 31, 2006 and 2005, the Plan held an investment of 192,254 and 199,568 shares of Oriental Financial Group Inc. common stock, respectively. The fair value of the common stock at December 31, 2006 and 2005 was \$2,489,689 and \$2,466,661, respectively.

The Plan has a money market account amounting to \$4,998 at December 31, 2006 (\$16,453 at December 31, 2005), which consists of a time deposit at the Bank, earning interest at 4.23% at December 31, 2006 (3.08% at December 31, 2005). The Bank, who is also the Trustee, is a subsidiary of the Plan sponsor and, therefore, qualifies as a party-in-interest.

(6) Income Taxes

The Plan is intended to be exempt from Puerto Rico and U.S. income taxes under the PRIRC and the U.S. Code. The Plan is required to operate in conformity with the PRIRC and the U.S. Code to maintain its qualification.

The Puerto Rico Treasury Department has determined and informed the Employer by a letter dated April 26, 1993 that effective January 1, 1992, the Plan and the related trust are qualified in accordance with the applicable sections of the PRIRC. The Plan was amended and restated effective January 1, 2005. The Plan is in the process of obtaining a determination letter from the Puerto Rico Treasury Department and the Internal Revenue Service. It is the Employer's legal counselor's position that, to the extent the Employer complies with the qualification procedures of the PRIRC, such amendment and restatement will not affect the Puerto Rico and U.S. tax-exempt status of the Plan.

(7) Other

Income taxes were erroneously withheld on dividends paid to participants during the year 2006 and the years 1994 through 2003. The balance of taxes withheld totals \$77,375 and \$66,193 as of December 31, 2006 and 2005, respectively, and has been recorded as other receivables in the accompanying statements of net assets available for benefits. No interest has been reimbursed to the Plan.

On June 28, 2007, the Bank remitted to the Plan the amount erroneously withheld on dividends paid.
