This Proxy Statement and the accompanying materials are first being sent or given to our stockholders on or about April 25, 2008.

Table of Contents

INFORMATION ABOUT THE MEETING

What is the purpose of the meeting?

At the meeting, our stockholders will vote on proposals:

1. To elect the eight director nominees described in this Proxy Statement; and
2. To ratify the selection of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2008.

In addition, our management will report on our performance at the meeting and respond to appropriate questions from stockholders.

Who is entitled to vote?

The record date for the meeting is April 1, 2008. Only stockholders of record at the close of business on April 1, 2008 are entitled to receive notice of the meeting and to vote at the meeting the shares of our common stock that they held of record on that date. Each outstanding share of common stock entitles its holder to one vote on each matter voted on at the meeting. At the close of business on March 31, 2008, there were outstanding and entitled to vote 66,364,324 shares of common stock.

Am I entitled to vote if my shares are held in street name ?

If you are the beneficial owner of shares held in street name by a brokerage firm, bank, or other nominee, such entity is required to vote the shares in accordance with your instructions. If you do not give instructions to your nominee, it will nevertheless be entitled to vote your shares on discretionary items but will not be permitted to do so on non-discretionary items. We have been informed that Proposal 1 (election of directors) and Proposal 2 (ratification of auditors) are discretionary items on which your nominee will be entitled to vote your shares even in the absence of instructions from you.

How many shares must be present to conduct business at the meeting?

A quorum must be present at the meeting in order for any business to be conducted. The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of common stock outstanding on the record date 33,182,163 shares will constitute a quorum. Abstentions and broker non-votes will be included in the number of shares considered present at the meeting for the purpose of determining whether there is a quorum.

What happens if a quorum is not present at the meeting?

If a quorum is not present at the scheduled time of the meeting, the holders of a majority of the shares present in person or represented by proxy at the meeting may adjourn the meeting to another place, date, or time until a quorum is present. The place, date, and time of the adjourned meeting will be announced when the adjournment is taken, and no other notice will be given unless the adjournment is to a date more than 120 days after the original record date or if, after the adjournment, a new record date is fixed for the adjourned meeting.

How do I vote my shares?

If your shares are held in street name, you may be eligible to provide voting instructions to your nominee by telephone or on the Internet. If you are a beneficial owner of shares held in street name (*i.e.*, your shares are held in the name of a brokerage firm, bank, or other nominee), you may be eligible to provide voting instructions to your nominee by telephone or on the Internet. A large number of brokerage firms, banks, and other nominees participate in a program provided through ADP Investor Communications Services that offers telephone and Internet voting options. If your shares are held in street name by a brokerage firm, bank, or other nominee that participates in the ADP program, you may provide voting instructions to your nominee by telephone or on the Internet by following the instructions set forth on the voting instruction form provided to you.

Table of Contents

You may vote by mail. If you are a registered stockholder, you may vote by properly completing, signing, dating, and returning the accompanying proxy card. The enclosed postage-paid envelope requires no additional postage if it is mailed in the United States or Canada. If you are a beneficial owner of shares held in street name, you may provide voting instructions to the brokerage firm, bank, or other nominee that holds your shares by properly completing, signing, dating, and returning the voting instruction form provided to you by your nominee.

You may vote in person at the meeting. If you are a registered stockholder and attend the meeting, you may deliver your completed proxy card in person. In addition, we will pass out written ballots to registered stockholders who wish to vote in person at the meeting. If you are a beneficial owner of shares held in street name and wish to vote at the meeting, you will need to obtain a proxy form from the brokerage firm, bank, or other nominee that holds your shares that authorizes you to vote those shares.

Can I change my vote after I submit my proxy?

Yes, you may revoke your proxy and change your vote at any time before the polls are closed at the meeting in any of the following ways: (1) by properly completing, signing, dating, and returning another proxy card with a later date; (2) if you are a registered stockholder, by voting in person at the meeting; (3) if you are a registered stockholder, by giving written notice of such revocation to our Secretary prior to or at the meeting; or (4) if you are a beneficial owner of shares held in street name, by following the instructions given by the brokerage firm, bank, or other nominee that holds your shares. Your attendance at the meeting itself will not revoke your proxy.

How does the Board of Directors recommend that I vote on the proposals?

Your Board of Directors recommends that you vote FOR the following proposals:

1. The election of the eight nominees to the Board of Directors; and
2. The ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2008.

What happens if I do not specify on my proxy how my shares are to be voted?

If you submit a proxy but do not indicate any voting instructions, your shares will be voted FOR each of the proposals.

Will any other business be conducted at the meeting?

As of the date hereof, the Board of Directors knows of no business that will be presented at the meeting other than the proposals described in this Proxy Statement. However, if any other proposal properly comes before the stockholders for a vote at the meeting, the proxy holders will vote the shares represented by your proxy in accordance with their best judgment.

How many votes are required for action to be taken on each proposal?

Election of Directors. The eight director nominees will be elected to serve on the Board of Directors if they receive a plurality of the votes of the shares present in person or represented by proxy at the meeting and entitled to vote on the subject matter. This means that the eight director nominees will be elected if they receive more votes than any other person receiving votes. If you vote to Withhold Authority with respect to the election of one or more director nominees, your shares will not be voted with respect to the person or persons indicated, although they will be counted for the purpose of determining whether there is a quorum at the meeting.

Ratification of Independent Auditors. KPMG LLP's appointment as our registered independent public accounting firm will be ratified if this proposal receives a majority of the votes of the shares present in person or represented by proxy at the meeting and entitled to vote on the subject matter.

Table of Contents

How will abstentions be treated?

You do not have the option of abstaining from voting on Proposal 1 (election of directors), but you may abstain from voting on Proposal 2 (ratification of the Company's auditors). With respect to Proposals 2, an abstention will have the effect of a vote against the proposal.

How will broker non-votes be treated?

Broker non-votes will not have any effect on Proposal 1 (election of directors) or Proposal 2 (ratification of our auditors).

**CERTAIN INFORMATION REGARDING
OUR BOARD OF DIRECTORS**

The Board of Directors consists of eight directors. Our current directors are Edward K. Aldag, Jr., Virginia A. Clarke, G. Steven Dawson, R. Steven Hamner, Robert E. Holmes, Ph.D., Sherry A. Kellett, William G. McKenzie, and L. Glenn Orr, Jr. The directors are elected at each annual meeting of stockholders and serve until the next annual meeting of stockholders and until their respective successors are elected and qualified, subject to their prior death, resignation, retirement, disqualification, or removal from office.

It is the policy of the Board of Directors that a majority of the directors be independent as defined in the listing standards of the New York Stock Exchange (the NYSE). The Board of Directors has determined that five directors Virginia A. Clarke, G. Steven Dawson, Robert E. Holmes, Ph.D., Sherry A. Kellett, and L. Glenn Orr, Jr. are independent under the NYSE's listing standards.

The Board of Directors holds regular meetings on a quarterly basis and on other occasions as necessary or appropriate. The Board of Directors met 10 times in 2007. The Board of Directors has four standing committees: the Audit Committee, the Compensation Committee, the Ethics, Nominating, and Corporate Governance Committee, and the Investment Committee. The Audit Committee met five times in 2007; the Ethics, Nominating, and Corporate Governance Committee met one time; the Compensation Committee met four times; and the Investment Committee met at each meeting of the Board of Directors. All directors attended at least 75% of the total number of meetings of the Board of Directors and of the committees on which he or she served in 2007.

In connection with its regular meetings, the Board of Directors meets in executive session in which management directors are not present. Mr. Holmes has been designated as the lead independent director and in that capacity presides at these executive sessions. The directors of the Company are encouraged to attend our annual meeting of stockholders absent cause. Seven directors of the Company attended the 2007 annual meeting of stockholders.

Committees of the Board of Directors

The Board of Directors delegates certain of its functions to its standing Audit Committee, Compensation Committee, Ethics, Nominating, and Corporate Governance Committee, and Investment Committee.

The Audit Committee is comprised of three independent directors, Messrs. Dawson and Orr and Ms. Kellett. Mr. Dawson serves as chairman. The Board of Directors has determined that each member of the Audit Committee is financially literate and satisfies the additional independence requirements for audit committee members, and that Mr. Dawson and Ms. Kellett each qualifies as an audit committee financial expert under current Securities and Exchange Commission (the SEC) regulations. The Board of Directors has also determined that Mr. Dawson's service on two other public companies' audit committees has not impaired his ability to effectively serve on our Audit Committee.

The Audit Committee oversees (i) our accounting and financial reporting processes, (ii) the integrity and audits of our financial statements, (iii) our compliance with legal and regulatory requirements, (iv) the qualifications and independence of our independent auditors, and (v) the performance of our internal and independent auditors. The specific functions and responsibilities of the Audit Committee are set forth in the Audit Committee Charter, a copy of which is posted on our website at www.medicalpropertystrust.com. The information on our website is not part of this Proxy Statement. The report of the Audit Committee begins on page 12 of this Proxy Statement.

The Compensation Committee is comprised of three independent directors, Messrs. Orr and Holmes and Ms. Clarke. Mr. Orr serves as chairman of the Compensation Committee.

The principal functions of the Compensation Committee are to evaluate the performance of our executive officers; review and approve the compensation for our executive officers; review and make recommendations to the Board of Directors with respect to our incentive compensation plans and equity-based plans; and administer our equity incentive plan. The Compensation Committee also reviews and approves corporate goals and objectives relevant to the Chief Executive Officer's compensation, evaluates the Chief Executive Officer's performance in light of those goals and objectives, and establishes the Chief Executive Officer's compensation levels. The specific

Table of Contents

functions and responsibilities of the Compensation Committee are set forth in more detail in the Compensation Committee's Charter, a copy of which is posted on our website at www.medicalpropertiestrust.com. The report of the Compensation Committee begins on page 18 of this Proxy Statement.

The Compensation Committee makes all compensation decisions with respect to the Chief Executive Officer and all other executive officers. The Compensation Committee also reviews and makes recommendation to the full Board of Directors regarding the Company's incentive compensation plans and equity-based plans. In 2007 the Compensation Committee engaged SMG Advisory Group LLC, or SMG, a nationally recognized compensation consulting firm specializing in the real estate industry, to assist the committee in determining the amount and form of executive compensation and considered information presented by SMG when reviewing the appropriate types and levels for the Company's non-employee director compensation program. Information concerning the nature and scope of SMG's assignments and related disclosure is included in Compensation Discussion and Analysis beginning on page 14.

The Ethics, Nominating, and Corporate Governance Committee is comprised of three independent directors, Meses. Clarke and Kellett and Mr. Holmes. Mr. Holmes serves as chairman of the Committee. The Ethics, Nominating and Corporate Governance Committee is responsible for, among other things, recommending the nomination of qualified individuals to become directors; recommending the composition of committees of our Board of Directors; periodically reviewing the Board of Directors performance and effectiveness as a body; recommending proposed changes to the Board of Directors; and periodically reviewing our corporate governance guidelines and policies. The specific functions and duties of the Committee are set forth in its Charter, a copy of which is posted on our website at www.medicalpropertiestrust.com.

The Ethics, Nominating and Corporate Governance Committee will consider all potential candidates for nomination for election as directors who are recommended by the Company's stockholders, directors, officers, and employees. All director recommendations must be made during the time periods, and must provide the information, required by Article II, Section 2.03 of the Company's Amended and Restated Bylaws. All director recommendations should be sent to the Ethics, Nominating and Corporate Governance Committee, c/o Secretary, Medical Properties Trust, Inc., 1000 Urban Center Drive, Suite 501, Birmingham, Alabama 35242. The Committee will screen all potential director candidates in the same manner, regardless of the source of their recommendation. The Committee's review will typically be based on the written materials provided with respect to a potential director candidate. The Committee will evaluate and determine whether a potential candidate meets the Company's minimum qualifications and requirements, whether the candidate has the specific qualities and skills for directors, and whether requesting additional information or an interview is appropriate.

The Board of Directors has adopted the following minimum qualifications and specific qualities and skills for the Company's directors, which will serve as the basis upon which potential director candidates are evaluated by the Ethics, Nominating and Corporate Governance Committee: (i) directors should possess the highest personal and professional ethics, integrity, and values; (ii) directors should have, or demonstrate an ability and willingness to acquire in short order, a clear understanding of the fundamental aspects of the Company's business; (iii) directors should be committed to representing the long-term interests of our stockholders; (iv) directors should be willing to devote sufficient time to carry out their duties and responsibilities effectively and should be committed to serving on the Board of Directors for an extended period of time; and (v) directors should not serve on more than five boards of public companies in addition to our Board of Directors.

The Ethics, Nominating and Corporate Governance Committee has recommended the nomination of all eight of the incumbent directors for re-election. The entire Board has approved such recommendation.

The Investment Committee membership is comprised of all of our current directors. Mr. Aldag serves as chairman of the committee. The Investment Committee has the authority to, among other things, consider and take action with

respect to all acquisitions, developments, and leasing of healthcare facilities in which our aggregate investment will exceed \$10 million.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires that our directors and executive officers and the beneficial owners of more than 10% of our equity securities file with the SEC initial reports of, and subsequent reports of changes in, their beneficial ownership of our equity securities. Based solely on a review of the reports furnished to us with respect to fiscal year 2007, we believe that all SEC filing requirements applicable to our directors and executive officers were satisfied.

INDEPENDENT AUDITOR

The Audit Committee of the Board of Directors has selected KPMG LLP as the independent auditor to perform the audit of our consolidated financial statements for 2007. KPMG has audited our consolidated financial statements since 2003. KPMG is a registered independent public accounting firm.

Representatives of KPMG are expected to be present at the meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions from our stockholders.

Audit and Non-Audit Services

The Audit Committee is directly responsible for the appointment, compensation, and oversight of our independent auditor. In addition to retaining KPMG to audit our consolidated financial statements for 2007, the Audit Committee retained KPMG to provide other auditing services in 2007. The Audit Committee understands the need for KPMG to maintain objectivity and independence in its audits of our financial statements. The Audit Committee has reviewed all non-audit services provided by KPMG in 2007 and has concluded that the provision of such services was compatible with maintaining KPMG's independence in the conduct of its auditing functions.

To help ensure the independence of the independent auditor, the Audit Committee has adopted a policy for the pre-approval of all audit and non-audit services to be performed by its independent auditor. Pursuant to this policy, all audit and non-audit services to be performed by the independent auditor must be approved in advance by the Audit Committee.

Table of Contents

The table below sets forth the aggregate fees billed by KPMG for audit and non-audit services for the 2007 and 2006 financial statements.

Fees	2007	2006
Audit Fees	\$ 367,342	\$ 410,513
Audit-Related Fees	-0-	-0-
Tax Fees	69,560	48,740
All Other Fees	-0-	-0-
Total	\$ 436,902	\$ 459,253

In the above table, in accordance with the SEC's definitions and rules, "audit fees" are fees for professional services for the audit of a company's financial statements included in the annual report on Form 10-K, for the review of a company's financial statements included in the quarterly reports on Form 10-Q, and for services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements; "audit-related fees" are fees for assurance and related services that are reasonably related to the performance of the audit or review of a company's financial statements; "tax fees" are fees for tax compliance, tax advice, and tax planning; and "all other fees" are fees for any services not included in the first three categories.

Audit Committee Report

The Audit Committee is comprised of three independent directors and operates under a written charter adopted by the Board of Directors (a copy of which is available on our web site). The Board of Directors has determined that each committee member is independent within the meaning of the NYSE listing standards.

Management is responsible for the Company's accounting and financial reporting processes, including its internal control over financial reporting, and for preparing the Company's consolidated financial statements. KPMG LLP, the Company's independent auditor, is responsible for performing an audit of our consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board and for expressing an opinion on the conformity of the Company's audited consolidated financial statements to accounting principles generally accepted in the United States of America. In this context, the responsibility of the Audit Committee of the Board of Directors is to oversee the Company's accounting and financial reporting processes and the audits of the Company's consolidated financial statements.

In the performance of its oversight function, the Audit Committee reviewed and discussed with management and KPMG the Company's audited consolidated financial statements as of, and for the year ended, December 31, 2007. Management and KPMG represented to the Audit Committee that the Company's audited consolidated financial statements as of, and for the year ended, December 31, 2007, were prepared in accordance with accounting principles generally accepted in the United States of America. The Audit Committee also discussed with KPMG the matters required to be discussed by Statement on Auditing Standards (SAS) Nos. 89, 90, and 114 issued by the Auditing Standards Board of the American Institute of Certified Public Accountants. SAS Nos. 89, 90, and 114 set forth requirements pertaining to the independent auditor's communications with the Audit Committee regarding the conduct of the audit.

The Audit Committee received the written disclosures and the letter from KPMG required by Independence Standards Board (ISB) Standard No. 1, *Independence Discussions with Audit Committees*, as amended. ISB Standard No. 1

requires the independent auditor to disclose in writing to the Audit Committee all relationships between the auditor and the Company that, in the auditor's judgment, reasonably may be thought to bear on independence and to discuss the auditor's independence with the Audit Committee. The Audit Committee discussed with KPMG its independence and considered in advance whether the provision of any non-audit services by KPMG is compatible with maintaining their independence.

In addition, the Audit Committee obtained from KPMG a formal written statement, consistent with ISB Standard No. 1, describing all relationships between KPMG and the Company that might bear on KPMG's independence, discussed with KPMG any relationships that may impact their objectivity and independence, and satisfied itself as to their independence. When considering KPMG's independence, the committee considered

Table of Contents

whether their provision of services to the Company beyond those rendered in connection with their audit of the Company's consolidated financial statements and reviews of the Company's consolidated financial statements, including in the Quarterly Reports on Form 10-Q, were compatible with maintaining their independence. The Audit Committee also reviewed, among other things, the audit and non-audit services performed by, and the amount of fees paid for such services to, KPMG. The Audit Committee met five times in 2007.

The members of the Audit Committee are not professionally engaged in the practice of accounting or auditing and, as such, rely without independent verification on the information provided to them and on the representations made by management and KPMG. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting processes or appropriate internal controls and procedures designed to assure compliance with the accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's reviews and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the Company's audited consolidated financial statements are presented in accordance with generally accepted accounting principles, or that KPMG is, in fact, independent.

Based on the Audit Committee's review and the meetings described above, and subject to the limitations on its role and responsibilities described above and in the Audit Committee Charter, the Audit Committee recommended to the Board of Directors (and the Board of Directors approved) that the audited financial statements as of, and for the year ended, December 31, 2007 be included in our 2007 Annual Report on Form 10-K.

The foregoing report is provided by the undersigned members of the Audit Committee of the Board of Directors.

Compensation Discussion and Analysis

Objectives of Executive Compensation. The primary objective of our executive compensation program is to align the interests of management with the interests of our stockholders. The executive compensation program is also intended (i) to motivate the performance of management with clearly-defined goals and measures of achievement, and (ii) to attract, retain, and reward experienced, highly-motivated executives who are capable of leading us effectively and contributing to our long-term growth and profitability.

Total Compensation Package. We utilize a combination of cash and equity-based compensation to provide appropriate incentives for our executives. Executive officers are eligible to receive a combination of annual base salary, annual incentive bonuses, annual restricted stock and option grants, and multi-year awards of restricted stock and other equity instruments under our Second Amended and Restated 2004 Equity Incentive Plan (the "2004 Equity Incentive Plan").

The Compensation Committee's guiding principle is that the compensation of our officers should be set so that, if the Company continues to perform at its current level, the average total compensation (including the value of restricted shares and stock options) of officers is, in general, at approximately the 75th percentile of compensation paid to comparable officers at REITs that are approximately similar in size to the Company. In 2007, the Compensation Committee engaged the services of SMG Advisory Group LLC ("SMG"), a nationally recognized compensation consulting firm specializing in the real estate industry, and we continued to use the services of SMG in 2008. We did not have any prior relationship with SMG. In 2007, the Compensation Committee directed SMG to, among other things, (1) review and assist the Compensation Committee in evaluating the Compensation Committee's compensation philosophy for our executive officers, including the portion of total compensation that is awarded in the form of salary, bonus and equity based compensation, (2) provide market analysis of competitive pay practices and the adequacy and appropriateness of our compensation arrangements, (3) assist the Company in identifying the relevant peer group(s) for such comparative purposes, (4) recommend to the Compensation Committee any modifications or additions to the Company's compensation programs that it deems advisable, and (5) assist the Compensation Committee in setting executive compensation levels, including the portion of total compensation that is awarded in the form of salary, bonus, and equity-based compensation. In 2008, SMG continued to evaluate our executive and director compensation practices in light of evolving market conditions. As such, the compensation review in 2007 by SMG compared our executive pay practices against a peer group of the following REITs (the "Peer Group":)

Alexandria Real Estate Equities, Inc.

BioMed Realty Trust

Cogdell Spencer, Inc.

Colonial Properties Trust

Corporate Office Properties Trust Inc.

Digital Realty Trust, Inc.

First Potomac Realty Trust

Health Care REIT, Inc.

Healthcare Realty Trust

Kite Realty Group Trust

LTC Properties, Inc.

Maguire Properties, Inc.

¹ For Mr. McKenzie, the Vice Chairman of the Company, we used for comparison the following REITs with an executive that serves solely as the chairperson or vice chairman: Digital Realty Trust, Inc., Felcor Lodging Trust Incorporated, Glimcher Realty Trust, Host Hotels & Resorts, Inc., Kite Realty Group Trust, Maguire Properties, Inc., Shurgard Storage Centers, Inc., Trizec Properties, Inc., W.P. Carey & Co. LLC, and Weingarten Realty Investors.

Our current level of performance is consistent with our strategic business objectives of providing distributions to shareholders that are competitive with those of our peers (while maintaining or improving distribution pay-out ratios), developing and acquiring properties at above average yields, and achieving strong penetration in our chosen markets. Our total compensation is generally targeted at the 75th percentile to match the level of performance that we expect to achieve relative to our peer group and, in concert with our pay-for-performance model, is designed to attract and retain the best talent. In some cases the actual target for a particular officer could be more or less than the 75th percentile based on his individual performance, experience, tenure, or compensation relative to other officers. In order to set the appropriate level of compensation in accordance with this principle, the Compensation Committee has reviewed market compensation data provided by SMG.

The methodology that the Compensation Committee used in setting target compensation for 2008 was similar to what was done in 2007, which includes an analysis of the market data from the Peer Group, a review of performance goals, and a comparison of internal officer compensation.

Our compensation at the senior executive levels is established to ensure that our top officers' rewards are most focused on long-term goals, objectives, and achievements. The proportion of compensation for senior level officers is more heavily weighted in long-term equity. In accordance with SEC rules, the five named executive officers were identified based upon title (for CEO and CFO) and total compensation (as calculated in accordance with the Summary Compensation Table) of officers who are in charge of a principal function.

Base Salary. The Compensation Committee establishes the base salary levels on the basis of assigned responsibilities, executive's performance, and the performance of the Company as a whole. Base salary levels are reviewed annually to better align the Company with its peer group and any increases are also contingent upon the success of the executive in developing and executing the Company's strategic plan and the success in exercising leadership and creating stockholder value, with a minimum increase equal to the increase of the Consumer Price Index. The base salary paid to each of the named executive officers in 2007 is set forth in the Summary Compensation Table on page 21 of this Proxy Statement. For 2008, the Compensation Committee has determined that the following base salaries will be paid:

Mr. Aldag	\$ 510,000
Mr. McLean	\$ 345,000
Mr. Hamner	\$ 347,000
Mr. Stewart	\$ 286,275
Mr. McKenzie	\$ 198,831

Cash Bonus. During the first quarter of 2007, our Compensation Committee established criteria for determination of whether any annual cash bonuses would be paid to our executive officers for the 2007 calendar year. Officers are eligible for 100% of their respective Targeted Annual Cash Bonus if our Total Shareholder Return (TSR) for calendar 2007 is equal to or greater than the 67th percentile of all U.S. Equity REITs. For each percentile point greater or less than 67, the eligible bonus amount will be increased or reduced by 3.33%, the result of which is that if our TSR is less than the 33rd percentile, there will no eligible bonus, and if our TSR is greater than the 99th percentile, the eligible bonus will be 200% of the Targeted Annual Cash Bonus. Generally, the officers' Targeted Annual Cash Bonus was 100% of their respective base salaries.

Table of Contents

In 2007, virtually all equity REITs produced negative returns to shareholders due to substantial declines in share prices. Our share price was not excepted and the resulting Total Shareholder Return was below the 33rd percentile. Accordingly, despite the fact that we had strong relative and absolute 2007 operational performance and, other than stock price, the Company exceeded every goal set for 2007, our executive officers received no cash bonuses for 2007 performance. The Compensation Committee has established criteria for 2008 that relies more heavily on measureable and controllable operational performance than the completely market price performance that was used in 2007. Total shareholder return will still weigh heavily on the executives' long term compensation.

A bonus deferral option plan was established by the Compensation Committee in 2005, whereby each executive may elect to receive restricted common stock at a 26% discount to the market value in lieu of some or all of the annual incentive bonus. Restricted stock granted pursuant to the bonus deferral plan vests in three years, at the rate of 25% on the date of grant, and 37.5% on January 1 in each of the following two years. Shares of restricted stock granted under the bonus deferral option plan are equivalent to 135% of the amount of cash bonus which the executive would otherwise receive. The price per share is based on the average market price per share on the date of approval of the bonuses by the Compensation Committee. Subject to limited exceptions, if the executive's employment with the Company is terminated, the unvested portion of any restricted stock received pursuant to the bonus deferral plan would be forfeited.

Long-Term Incentive Awards. The Compensation Committee may grant long-term, equity-based incentive awards to our executive officers under the Equity Incentive Plan. Under the Equity Incentive Plan, the Compensation Committee may grant long-term, equity-based awards in the form of incentive stock options, nonqualified stock options, restricted common stock, restricted stock units, deferred stock units, stock appreciation rights, and performance share units. Based on an assessment of competitive factors and performance, the Compensation Committee determines an award that is sufficient to both properly reward, and provide future incentive for, each executive officer. The Compensation Committee intends to closely align the interests of the executive officers with those of the stockholders generally by making incentive awards in the form of restricted stock. Restricted stock granted under the Equity Incentive Plan are designed to provide long-term performance incentives and rewards tied to the price of our common stock. To encourage retention, restricted stock awards will generally vest over periods of three to five years, valued at the average price per share of common stock on the date of grant.

For 2007, the Compensation Committee considered the Company's performance, both in the absolute terms and relative to the Peer Group, FFO growth performance, which increased almost 24% per share, the effectiveness of management, and progress on various corporate initiatives. These initiatives included growth in assets, development of new tenant relationships, improvement of our portfolio credit profile, and strengthening our balance sheet.

Based on the achievement levels described above, the actual numbers of shares of restricted stock granted to the named executive officers in 2008, with respect to performance in 2007, are set forth in the table below. The dollar value for long-term incentive awards included in the Summary Compensation Table under the Stock Awards and Option Awards columns represent the financial statement (GAAP) expense that the Company recognized in 2007, based on specific accounting standards, while the Grants of Plan-Based Awards Table sets out under All Other Stock Awards, the number of shares of restricted stock granted to the named executive officers in 2007, with respect to performance in 2006. The following table sets out the number of shares of restricted stock granted to the named executive officers on February 14, 2008, with respect to performance in 2007.

Named Executive Officer	Number of Shares of Restricted Stock⁽¹⁾
Mr. Aldag	167,084

Mr. McLean	62,657
Mr. Hamner	83,542
Mr. Stewart	41,771
Mr. McKenzie	16,708

- (1) The shares of restricted stock set forth in this column were granted on February 14, 2008. The shares will vest ratably over a period of five years beginning on February 14, 2009, subject to accelerated vesting (in the case of termination of employment without cause, or upon death, disability, or retirement, or upon a change in control of the Company (as defined in the Equity Incentive Plan) or forfeiture of unvested shares (in the case of termination of employment for any other reason). Dividends are payable on all vested and non-vested shares at the same rate as dividends paid on all outstanding shares of the Company's common stock.

Table of Contents

The Compensation Committee approved on March 8, 2007, and the stockholders approved on May 30, 2007 the general terms of a multi-year incentive program (the 2007 Program) that is administered under our existing equity compensation plan. The 2007 Program is designed to motivate, retain, and reward the Company's senior executive officers based on the achievement of key business objectives while maintaining alignment of their interests with those of our stockholders. The 2007 Program replaced our previous long-term incentive compensation program for senior officers, although awards previously granted under existing plans remain outstanding.

The 2007 Program consists of three basic components: time-based restricted equity awards, core performance restricted equity awards, and superior performance awards. Time-based awards vest ratably over a seven-year period. Core performance awards vest over a seven-year period based on achievement by the Company of specific total return benchmarks. Cash dividends are paid on all award shares, including unvested portions.

Superior performance awards, which are intended to encourage management to create stockholder value in excess of industry expectations in a pay for performance structure, are earned based on achievement of the Company's certain stock price targets or specific total return benchmarks. If our average stock price (over 30 consecutive trading days) is equal to or greater than \$26 in 2009 or 2010, 100% of the superior performance award is earned. If our average stock price never attains \$20 in 2009 or 2010, one-third of the superior performance award is earned if our total stockholder return from March 1, 2007 through December 31, 2010 is at or above the 50th percentile of the total stockholder return of the REITs in the Morgan Stanley REIT Index. If our average stock price is between \$20 and \$26, between 33.334% and 75% of the superior performance award is earned. Once the superior performance award is earned based on our performance, it is subject to further time vesting. One-third of the superior performance awards vest on the fourth anniversary of grant and an additional third vest on each of the succeeding two anniversaries, based on continued employment. During the performance vesting period, cash dividends are paid with respect to the maximum shares or units that could be earned under the superior performance award at a rate equivalent to 20% of our normal dividend rate.

Some or all awards under the 2007 Program, at the election of the awardees, may be granted in the form of operating partnership profits interest units of MPT Operating Partnership, L.P., the entity through which the Company conducts substantially all of its business. Subject to vesting and the other terms of the applicable award, these profits interest units are exchangeable for shares of the Company's common stock or cash, at the Company's election. Distributions on the profits interest units equal the dividends paid on the Company's common stock on a per unit basis, subject to the terms of the applicable award.

All determinations, interpretations, and assumptions relating to the vesting and calculation of awards under the 2007 Program are made by the Compensation Committee. In the event of a change in control of the Company during the vesting period, all grants would become fully vested.

The following table sets out the awards to executives on August 17, 2007.

Practices with regard to dates and pricing of stock and option grants. The Compensation Committee determines the number of shares underlying options and shares of restricted stock to award to each officer and grants such awards. The date of the award is the date of the scheduled February meeting of the Compensation Committee at which the Compensation Committee votes to approve the option or the restricted share amount. The exercise price of each option granted is the closing price of our common stock on such date of grant.

In all cases, our options are dated (i) on the date of a scheduled Compensation Committee meeting at which the option amount is approved, (ii) on the date of a new hire's start with the Company as approved by the Chairman/CEO in advance of the start date, or (iii) on the date of a terminated senior executive's departure from the Company as set out in formal terms approved in advance. Option exercise prices are determined by the NYSE closing price of our common stock on such date of grant. Additionally, all officers must receive prior authorization for any purchase or sale of our common stock.

Section 162(m). The SEC requires that this report comment upon the Company's policy with respect to Section 162(m) of the Internal Revenue Code of 1986, as amended, which limits the deductibility on the Company's tax return of compensation over \$1 million to any of the named executive officers of the Company unless, in general, the compensation is paid pursuant to a plan which is performance-related, non-discretionary, and has been approved by the Company's stockholders. The Company believes that, because it qualifies as a REIT under the Code and pays dividends sufficient to minimize federal income taxes, the payment of compensation that does not satisfy the requirements of Section 162(m) will generally not affect the Company's net income. To the extent that compensation does not qualify for a deduction under Section 162(m), a larger portion of stockholder distributions may be subject to federal income taxation as dividend income rather than return of capital. The Company does not believe that Section 162(m) will materially affect the taxability of stockholder distributions, although no assurance can be given in this regard due to the variety of factors that affect the tax position of each stockholder. For these reasons, the Compensation Committee's compensation policy and practices are not directly guided by considerations relating to Section 162(m).

Compensation Committee Report

The Compensation Committee has reviewed and discussed with our management the Compensation Discussion and Analysis on page 14 of this Proxy Statement. Based on such review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement.

Compensation of Executive Officers

Summary Compensation Table. The following table sets forth the compensation paid for 2007 to the Chairman of the Board, the President and Chief Executive Officer, the Chief Financial Officer, and each of the three other named executive officers. We have employment agreements with each of the named executive officers. These employment agreements provide the following annual base salaries in 2007: Edward K. Aldag, Jr., \$485,000; Emmett E. McLean, \$330,000; R. Steven Hamner, \$330,000; Michael G. Stewart, \$275,000; and William G. McKenzie, \$191,000. On each January 1 hereafter, each of the executive officers is to receive a minimum increase in his base salary equal to the

increase in the Consumer Price Index. These agreements provide that the executive officers, other than Mr. McKenzie, agree to devote substantially all of their business time to our operation. The employment agreement for each of the named executive officers is for a three-year term which is automatically extended at the end of each year within such term for an additional one year period, unless either party gives notice of non-renewal as provided in the agreement.

Table of Contents

These employment agreements permit us to terminate each executive's employment with appropriate notice for or without cause, which includes (i) the conviction of the executive of, or the entry of a plea of guilty or nolo contendere by the executive to, a felony (exclusive of any felony relating to negligent operation of a motor vehicle and also exclusive of a conviction, plea of guilty or nolo contendere arising solely under a statutory provision imposing criminal liability upon the executive on a per se basis due to the Company offices held by the executive, so long as any act or omission of the executive with respect to such matter was not taken or omitted in contravention of any applicable policy or directive of the Board), (ii) a willful breach of his duty of loyalty which is materially detrimental to the Company, (iii) a willful failure to materially perform or materially adhere to explicitly stated duties that are consistent with the terms of his employment agreement, or the Company's reasonable and customary guidelines of employment or reasonable and customary corporate governance guidelines or policies, including, without limitation, any business code of ethics adopted by the Board, or to follow the lawful directives of the Board (provided such directives are consistent with the terms of his employment agreement), which, in any such case, continues for thirty (30) days after written notice from the Board to the executive, or (iv) gross negligence or willful misconduct in the material performance of the executive's duties.

Each of the named executive officers has the right under his employment agreement to resign for good reason, which includes (i) the employment agreement is not automatically renewed by the Company; (ii) the termination of certain incentive compensation programs; (iii) the termination or diminution of certain employee benefit plans, programs, or material fringe benefits (other than for Mr. McKenzie); (iv) the relocation of our principal office outside of a 100 mile radius of Birmingham, Alabama (in the case of Mr. Aldag); or (v) our breach of the employment agreement which continues uncured for 30 days. In addition, in the case of Mr. Aldag, the following constitute good reason: (i) his removal from the Board of Directors without cause or his failure to be nominated or elected to the Board of Directors; or (ii) any material reduction in duties, responsibilities, or reporting requirements, or the assignment of any duties, responsibilities, or reporting requirements that are inconsistent with his positions with us.

The executive employment agreements provide a monthly car allowance of \$1,000 for Mr. Aldag and \$750 for each of Messrs. McLean, Hamner, and Stewart. Messrs. Aldag, McLean, Hamner, and Stewart are also reimbursed for the cost of tax preparation and financial planning services, up to \$25,000 annually for Mr. Aldag and \$10,000 annually for each of Messrs. McLean, Hamner, and Stewart. We also reimburse each executive for the income tax he incurs on the receipt of these tax preparation and financial planning services. In addition, the employment agreements provide for annual paid vacation of six weeks for Mr. Aldag and four weeks for Messrs. McLean, Hamner, and Stewart and various other customary benefits. The employment agreements also provide that Mr. Aldag will receive up to \$22,148 per year in reimbursement for life insurance premiums, which amount is to increase annually based on the increase in the Consumer Price Index for such year, and that Messrs. McLean, Hamner, and Stewart will receive up to \$11,074 per year in reimbursement for life insurance premiums which amount is to increase annually based on the increase in the Consumer Price Index for such year. We also reimburse each executive for the income tax he incurs on the receipt of these premium reimbursements. Messrs. Aldag, McLean, Hamner, and Stewart are also reimbursed for the cost of their disability insurance premiums.

The employment agreements referred to above provide that the executive officers are eligible to receive the same benefits, including medical insurance coverage and retirement plan benefits in a 401(k) plan to the same extent as other similarly situated employees, and such other benefits as are commensurate with their position. Participation in employee benefit plans is subject to the terms of said benefit plans as in effect from time to time.

If the named executive officer's employment ends for any reason, we will pay accrued salary, bonuses, and incentive payments already determined, and other existing obligations. In addition, if we terminate the named executive officer's employment without cause, or if any of them terminates his employment for good reason, we will be obligated to pay (i) a lump sum payment of severance equal to the sum of (x) the product of three and the sum of the salary in effect at the time of termination plus the average cash bonus (or the highest cash bonus, in the case of Mr. Aldag) paid to such

executive during the preceding three years, grossed up for taxes in the case of Mr. Aldag, and (y) the incentive bonus prorated for the year in which the termination occurred; (ii) other than for Mr. McKenzie, the cost of the executive's continued participation in the company's benefit and welfare plans (other than the 401(k) plan) for a three-year period (or for a five-year period in the case of Mr. Aldag); and (iii) certain other benefits as provided for in the employment agreement. Additionally, in the event of a termination by us for any reason other

Table of Contents

than cause or by the executive for good reason, all of the options and restricted stock granted to the executive will become fully vested, and the executive will have whatever period remains under the options in which to exercise all vested options.

In the event of a termination of the employment of our executives as a result of death, then, in addition to the accrued salary, bonus, and incentive payments due to them, they shall become fully vested in their options and restricted stock, and their respective beneficiaries will have whatever period remains under the options to exercise such options. In addition, the executives would be entitled to their prorated incentive bonuses.

In the event the employment of our executives ends as a result of a termination by us for cause or by the executives without good reason, then in addition to the accrued salary, bonuses and incentive payments due to them, the executives would be entitled to exercise their vested stock options pursuant to the terms of the grant, but all other unvested options and restricted stock would be forfeited.

Upon a change of control, the named executive officers will become fully vested in their options and restricted stock and will have whatever period remains under the option in which to exercise their options. In addition, if any executive's employment is terminated by us for cause or by the executive without good reason in connection with a change of control, the executive will be entitled to receive an amount equal to the largest cash compensation paid to the executive for any twelve month period during his tenure multiplied by three.

If payments become due as a result of a change in control and the excise tax imposed by Code Section 4999 applies, the terms of the employment agreements require us to gross up the amount payable to the executive by the amount of this excise tax plus the amount of income and other taxes due as a result of the gross up payment.

For an 18-month period after termination of an executive's employment for any reason other than (i) termination by us without cause or (ii) termination by the executive for good reason, each of the executives under these employment agreements has agreed not to compete with us by working with or investing in, subject to certain limited exceptions, any enterprise engaged in a business substantially similar to our business as it was conducted during the period of the executive's employment with us.

The employment agreements provide that these named executive officers are eligible to participate in our equity incentive plan. The employment agreements also provide that the named executive officers are eligible to receive annual cash bonuses based on the bonus policy adopted by the Compensation Committee.

The following table sets forth the aggregate number of options to purchase shares of our common stock exercised by our named executive officers in 2007 and the aggregate number of shares of common stock that vested in 2007. The value realized on exercise is the product of (1) the fair market value of a share of common stock on the date of exercise minus the exercise price, multiplied by (2) the number of shares of common stock underlying exercised options. The value realized on vesting is the product of (1) the fair market value of a share of common stock on the vesting date, multiplied by (2) the number of shares vesting.

Compensation of Directors

As compensation for serving on our Board, each independent director received an annual fee of \$30,000 in 2007, plus \$1,000 for each Board of Directors meeting and each committee meeting attended as a member. Independent committee chairmen receive an additional \$5,000 per year, except for the Audit Committee chairman who receives an additional \$10,000 per year. We also reimburse our directors for reasonable expenses incurred in attending these meetings. Our Compensation Committee may change the compensation of our independent directors in its discretion. In 2007, the Compensation Committee engaged SMG Advisory Group LLC (SMG), an independent compensation consultant, to assist it in conducting a competitive review of the Company's non-employee director compensation program. More specifically, SMG reviewed (1) how the use of each component of total compensation (e.g., cash retainers, meeting fees, and equity awards) compared to market practice, and (2) how the total compensation for Board and committee members compared to market practice. SMG's report presented data comparing our director compensation to market levels using a group of 123 REITs. Taking into consideration all of SMG's findings and recommendations, the Compensation Committee increased the annual fee for independent directors to \$30,000 starting in 2007.

Directors who are also officers or employees receive no additional compensation for their service as directors.

Upon joining our Board of Directors, each of our current independent directors (other than Ms. Kellett) received a non-qualified option to purchase 20,000 shares of our common stock with an exercise price of \$10.00 per share. One-third of these options vested upon grant. One-half of the remaining options have vested on each of the first and second anniversaries of the date of the grant. In addition to these options to purchase stock, our current independent directors (other than Ms. Kellett) were each awarded 2,500 deferred stock units, which represent the right to receive 2,500 shares of common stock at no cost in March 2008 (in the case of Mr. Orr and Ms. Clarke) and in April 2007 (in the case of Mr. Holmes and Mr. Dawson). Each director (other than Ms. Kellett) also received a grant of 17,500 shares of restricted common stock and grants of 7,000 deferred stock units. The deferred stock units represent the right for each of the directors to receive 2,000 shares of common stock in October 2008 and 5,000 shares of common stock in May 2009. In lieu of cash dividends, deferred stock units entitle the holder to receive an equivalent number of additional deferred stock units equal to the cash dividends. The restricted shares vest over three years in equal quarterly amounts beginning October 1, 2005. Ms. Kellett joined our Board on February 15, 2007. Each director received a grant of 5,750 shares of restricted common stock in May 2007 (vesting in three equal annual installments beginning in May 2008).

In addition, no executive officer served during 2007 as a director or a member of the compensation committee of any entity that had an executive officer serving as a director or a member of the Compensation Committee of our Board of Directors.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

All related person transactions must be reviewed and approved by a majority of the disinterested directors on our Board of Directors in advance of us or any of our subsidiaries entering into the transaction; provided that, if we or any of our subsidiaries enter into a transaction without recognizing that such transaction constitutes a related party transaction, the approval requirement will be satisfied if such transaction is ratified by a majority of the disinterested

directors on the Board promptly after we recognize that such transaction constituted a related person transaction. Disinterested directors are directors that do not have a personal financial interest in the transaction that is adverse to our financial interest or that of our stockholders. The term related person transaction refers to a transaction required to be disclosed by us pursuant to Item 404 of Regulation S-K (or any successor provision) promulgated by the SEC. For purposes of determining whether such disclosure is required, a related person will not be deemed to have a direct or indirect material interest in any transaction that is deemed to be not material (or would be deemed not material if such related person was a director) for purposes of determining director independence pursuant to standards of director independence under the NYSE rules.
