## REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors  
The Lamson & Sessions Co.

We have audited the accompanying statements of net assets available for benefits - modified cash basis of The Lamson & Sessions Co. (the "Company") Deferred Savings Plan (the "Plan") as of December 31, 2004 and 2003 and the related statements of changes in net assets available for benefits - modified cash basis for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in Note B, these financial statements and supplemental schedule were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles in the United States.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of The Lamson & Sessions Co. Deferred Savings Plan as of December 31, 2004 and 2003 and changes in its net assets available for benefits for the years then ended in conformity

## Edgar Filing: LAMSON & SESSIONS CO - Form 11-K

with the modified cash basis of accounting.

Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule (modified cash basis) of assets held at end of year as of December 31, 2004 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements for the year ended December 31, 2004 and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

## THE LAMSON & SESSIONS CO. DEFERRED SAVINGS PLAN

### NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2004 AND 2003

#### NOTE A - DESCRIPTION OF PLAN

The following description of The Lamson & Sessions Co. (the "Company") Deferred Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

##### 1. GENERAL

The Plan is a defined contribution plan covering substantially all employees of the Company. Employees are eligible to participate in the Plan on the first day of the calendar quarter after which they have attained the age of 21 (age 18 for Pyramid Industries II, Inc. salaried and non-union hourly employees) and completed one-half (1/2) year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended. The Company is the Plan's administrator. The 401(k) Company is the Plan's record keeper. The Plan's custodian is the Pershing Division of Donaldson, Lufkin & Jenrette Securities Corporation ("Pershing").

##### 2. CONTRIBUTIONS

Each year, participants contribute 1% to 15% of their eligible compensation (pre-tax contributions), as defined in the Plan. The Company contributes a matching contribution equal to 50% of the participant's contribution, not to exceed 6% of the participant's compensation for any plan year. Effective January 1, 2005, participants can contribute 1% to 100% of their eligible compensation.

For each salaried participant for whom a salary reduction contribution has been made, the employer shall also contribute an additional matching contribution equal to 25% of such salary reduction contribution, up to the first 6% of the participant's contribution. This additional contribution is required to be contributed or initially invested in the Lamson & Sessions Stock Fund. Immediately following such contribution or initial investment in stock, the participant shall have the ongoing option to redirect the investment of such matching contributions among the investment options available under the Plan.

### NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2004 AND 2003

#### NOTE A - DESCRIPTION OF PLAN - CONTINUED

##### 2. CONTRIBUTIONS - CONTINUED

In addition, the Company can make discretionary matching contributions.

## Edgar Filing: LAMSON & SESSIONS CO - Form 11-K

Based on the Company's annual financial performance, the Company may make an additional matching contribution. This additional matching contribution, if any, will be a percentage as determined by the Board of Directors or its delegate and is initially invested in Lamson & Sessions stock. Participants are also eligible to receive an additional discretionary matching contribution if they were employed with the Company on the last day of the Plan year for which the contribution is made and they have completed one year of service during the Plan year.

### 3. PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's elective contributions, allocations of the Company's contributions and earnings on those contributions. Forfeitures due to the distribution of a participant's account before the participant has become fully vested reduce subsequent Company contributions. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### 4. VESTING

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portions of their accounts plus actual earnings thereon is based on Years of Service as defined by Plan provisions. A participant is fully vested after five years.

#### NOTE A - DESCRIPTION OF PLAN - CONTINUED

### 5. PARTICIPANT LOANS

Participants may borrow from their fund accounts a minimum of \$1,000 and a maximum equal to the lesser of \$50,000 or 50 percent of their vested balance in all their accounts reduced by their highest outstanding loan balance within the twelve (12) preceding months. Loan transactions are treated as transfers to (from) the investment fund from (to) the Participant Notes fund. A loan must be repaid through payroll withholding, the repayments must be periodic, and the term must not exceed five (5) years unless the proceeds are used to acquire a home. Such loans can be repaid over a maximum of fifteen (15) years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the trustees on the date the loan is made. Interest rates currently charged on outstanding balances range from 5.27 percent to 10.74 percent.

### 6. PAYMENT OF BENEFITS

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or in annual installments. Withdrawals from a participant's

## Edgar Filing: LAMSON & SESSIONS CO - Form 11-K

account may be made prior to termination, subject to certain restrictions as defined by the Plan.

### 7. PLAN EXPENSES

The Lamson & Sessions Co. absorbs substantially all costs to administer the Plan.

### 8. FORFEITURES

Forfeited non-vested accounts are used to reduce employer contributions. In 2004 and 2003, the amount of forfeited non-vested accounts which were applied to reduce such contributions were \$36,931 and \$62,179, respectively.

#### NOTE B - SUMMARY OF ACCOUNTING POLICIES

### 1. BASIS OF ACCOUNTING

The financial statements of the Plan are prepared under the modified cash basis of accounting. Under this basis, contributions which are withheld by the Plan sponsor but not allocated to participant accounts at year-end are recorded as a receivable. In addition pending trades and certain withholdings are included in accrued expenses.

### 2. INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are stated at fair value except for participant loans and life insurance contracts. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. The Company stock is valued at its quoted market price. Participant loans are valued at their

outstanding principal balance, which approximates fair value. Life insurance contracts are valued at cash surrender value.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded when received.

### 3. PAYMENT OF BENEFITS

Benefits are recorded when paid.

### 4. USE OF ESTIMATES

The preparation of financial statements, in conformity with the modified cash basis of accounting, requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
