## FORWARD-LOOKING STATEMENTS

In order to utilize the “Safe Harbor” provisions of the United States Private Securities Litigation Reform Act of 1995 (the “Reform Act”), Sappi Limited (the “Company”) is providing the following cautionary statement. Except for historical information contained herein, statements contained in this Report on Form 6-K may constitute “forward-looking statements” within the meaning of the Reform Act. The words “believe”, “anticipate”, “expect”, “intend”, “estimate”, “plan”, “assume”, “positioned”, “will”, “may”, “should”, “risk” and other similar expressions which are predictions of or indicate future events and future trends which do not relate to historical matters identify forward-looking statements. In addition, this Report on Form 6-K may include forward-looking statements relating to the Company’s potential exposure to various types of market risks, such as interest rate risk, foreign exchange rate risk and commodity price risk. Reliance should not be placed on forward-looking statements because they involve known and unknown risks, uncertainties and other factors which are in some cases beyond the control of the Company, together with its subsidiaries (the “Group”), and may cause the actual results, performance or achievements of the Group to differ materially from anticipated future results, performance or achievements expressed or implied by such forward-looking statements (and from past results, performance or achievements). Certain factors that may cause such differences include but are not limited to: the highly cyclical nature of the pulp and paper industry; pulp and paper production, production capacity, input costs including raw material, energy and employee costs, and pricing levels in North America, Europe, Asia and southern Africa; any major disruption in production at the Group’s key facilities; changes in environmental, tax and other laws and regulations; adverse changes in the markets for the Group’s products; any delays, unexpected costs or other problems experienced with any business acquired or to be acquired; consequences of the Group’s leverage; adverse changes in the South African political situation and economy or the effect of governmental efforts to address present or future economic or social problems; and the impact of future investments, acquisitions and dispositions (including the financing of investments and acquisitions) and any delays, unexpected costs or other problems experienced in connection with dispositions. These and other risks, uncertainties and factors are discussed in the Company’s Annual Report on Form 20-F and other filings with and submissions to the Securities and Exchange Commission, including this Report on Form 6-K. Shareholders and prospective investors are cautioned not to place undue reliance on these forward-looking statements. These forward-looking statements are made as of the date of the submission of this Report on Form 6-K and are not intended to give any assurance as to future results. The Company undertakes no obligation to publicly update or revise any of these forward-looking statements, whether to reflect new information or future events or circumstances or otherwise.

Bond Issue

Further to Sappi's announcement on Monday, 20 July 2009 in connection with debt refinancing and a bond issue, Sappi announced today that it had successfully priced its upsized bond offering to raise approximately US\$800 million equivalent of new senior secured notes due 2014. The new notes were in two tranches: a Euro tranche of €350 million (US\$497 million) and a US\$ tranche of US\$300 million. The tranches priced at issue prices of approximately 95% with coupons of 11.75% and 12% and yields of 13.125% and 13.375%, respectively.

The settlement date for the transaction is Wednesday, 29 July 2009 and is subject to customary closing conditions. The notes will be issued by PE Paper Escrow GmbH (the "issuer"), a special purpose Austrian limited liability company. The proceeds of the offering will be immediately placed into escrow by the issuer. The conditions to release the proceeds from escrow include the refinancing of Sappi's existing revolving credit facility and the establishment of a new revolving credit facility, the replacement of Sappi's existing OeKB term loan facility with a new OeKB term loan facility, the amendment of certain other debt facilities of Sappi, and other customary conditions. Upon satisfaction of the escrow conditions, the issuer will become an indirect wholly owned subsidiary of Sappi Limited and the notes will be guaranteed by Sappi Limited and certain of its subsidiaries and secured with, together with the new revolving credit facility, the new OeKB term loan facility and certain other indebtedness of Sappi, first-priority security interests over certain assets of Sappi Limited and its subsidiaries.

The bonds have been rated Ba2 (stable) (P) by Moody's and BB (stable) by Standard and Poors.

Sappi will use the proceeds to extend the maturity of debt by repaying shorter term debt. Sappi has an arrangement and currently intends to repurchase all or part of the €220 million vendor loan notes issued to M-real in connection with the acquisition of its coated graphic paper business (VLNs), at a discount of between 8.5% and 13.5%.

Ralph Boëttger, CEO of Sappi Limited, commented that the refinancing of the revolving credit facility and the OeKB loan was progressing well. He added :

"We are pleased with the outcome of the bond. The refinancings will take care of our significant debt maturities for the next three years. The repayment of all or part of the VLNs would also extend our debt maturities and remove costly debt at a discount."

Certain information regarding Sappi made available in connection with the bond offering has been submitted to the US Securities and Exchange Commission on Form 6-K, and is available on [www.sec.gov](http://www.sec.gov).

The notes are being offered to qualified institutional buyers in accordance with Rule 144A under the US Securities Act of 1933 (the “Securities Act” and outside the United States in accordance with Regulation S under the Securities Act. Any offers of the notes will be made only by means of a private offering memorandum. The notes have not been registered under the Securities Act or the securities laws of any other jurisdiction and may not be offered or sold in the United States absent registration or an applicable exemption from registration requirements. This notice does not constitute an offer to sell or the solicitation of an offer to buy securities.
