Section 1 – Conflict Minerals Disclosure

General

Section 1 – Conflict Minerals Disclosure

Item 1.01 Conflict Minerals Disclosure and Report

Conflict Minerals Disclosure.

NCR Corporation (“NCR” or “the Company”, also referred to as “we” or “our”) has reviewed its products and determined that materials, parts or components necessary to the functionality of certain of our products may include the minerals listed in Section 1502 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Act”), which as of the date of this filing, include columbite-tantalite (also known as coltan); cassiterite; gold; wolframite; or their derivatives, tantalum, tin and tungsten (“Conflict Minerals”). While we do not source such materials directly, we have conducted in good faith a reasonable country of origin inquiry regarding those Conflict Minerals to determine whether such Conflict Minerals originated in the Democratic Republic of the Congo or an adjoining country (“Covered Countries”), or are from recycled or scrap sources (as defined in the Act). Based on our reasonable country of origin inquiry, which is an element of our due diligence program, described in more detail in our Conflict Minerals Report, while the Company has not determined that any of the Conflict Minerals in our products originated in a Covered Country, we are unable to conclude with certainty at this time that none of the Conflict Minerals in our products originated in a Covered Country. Accordingly, we have undertaken additional due diligence procedures in keeping with the rules adopted by the Securities and Exchange Commission pursuant to the Act and as set forth in our Conflict Minerals Report (attached here as Exhibit 1.01).

A copy of the Company’s Conflict Minerals Disclosure and Report can also be found at our website at <http://www.ncr.com/about-ncr/corporate-responsibility/conflict-minerals>.
