THE STOCKHOLDER MEETING

Date, Time and Place

This proxy statement is being furnished to you in connection with the solicitation of proxies by the board of directors of E-Z-EM, Inc. from holders

Edgar Filing: EZ EM INC - Form DEF 14A

of E-Z-EM's common stock for use at the annual meeting of stockholders to be held at the Long Island Marriott, 101 James Doolittle Boulevard, Uniondale, New York, on October 21, 2003 at 9:30 a.m., local time, and at any adjournments or postponements of the annual meeting.

Proposals To Be Considered

At the annual meeting, we will ask holders of our common stock to consider and vote upon the following items:

Election of Directors

The election of three of the Company's nine directors. If elected, two of the board's nominees for Class I director, James L. Katz and Anthony A. Lombardo, will each serve until the 2006 annual meeting of stockholders or until their respective successors are duly elected and qualified. The remaining Class I director, Michael A. Davis, has indicated his intention to resign from the board of directors of the Company prior to the 2006 annual meeting of stockholders, but has agreed to remain a director until an appropriate successor has been found.

Ratification of Appointment of Independent Auditors

Ratification of the appointment of Grant Thornton LLP as the independent auditors for the Company for the fiscal year ending May 29, 2004.

Stockholder Proposal

A stockholder proposal to urge the board of directors to allow a stockholder vote regarding the establishment of a retroactive 18-year term limit for directors.

Record Date; Voting Securities

As of the close of business on September 12, 2003, there were 10,255,410 outstanding shares of the Company's common stock entitled to notice of and to vote at the annual meeting. Holders of our common stock have one vote per share on each matter to be acted upon. Only stockholders of record at the close of business on the record date for the annual meeting will be entitled to vote at the meeting and at any adjournment or postponement thereof. A majority of the outstanding shares of common stock present in person or by proxy is required to constitute a quorum at the meeting. For purposes of determining the presence of a quorum for transacting business at the annual meeting, abstentions and broker "non-votes" (proxies from brokers or nominees indicating that such persons have not received instructions from the beneficial owner or other persons entitled to vote shares on a particular matter with respect to which the brokers or nominees do not have discretionary power) will be treated as shares that are present but which have not been voted.

Votes Required

Election of Directors

The directors nominated for election will be elected by a plurality of the votes cast, in person or by proxy, at the annual meeting. Abstentions from voting and broker "non-votes" on the election of directors will have no effect since they will not represent votes cast at the annual meeting for the purpose of electing directors.

Ratification of the Appointment of Independent Auditors

Edgar Filing: EZ EM INC - Form DEF 14A

The proposal to ratify the board's appointment of Grant Thornton LLP as the Company's independent auditors for the fiscal year ending May 29, 2004 must be approved by the affirmative vote of a majority of the votes cast at the annual meeting. For the purposes of this vote, a vote to abstain and a broker non-vote will each have no effect since they will not represent votes cast at the annual meeting for the purpose of this proposal.

Stockholder Proposal

The stockholder proposal to urge the board of directors to allow a stockholder vote regarding the implementation of a retroactive 18-year term limit for directors must be approved by the affirmative vote of a majority of the votes cast at the annual meeting. For the purposes of this vote, a vote to abstain and a broker non-vote will each have no effect since they will not represent votes cast at the annual meeting for the purpose of this proposal.

Share Ownership of Management and Certain Stockholders

As of the record date, directors and executive officers of the Company beneficially owned (excluding currently exercisable options) an aggregate of approximately 3,413,924 shares of our common stock, representing 33.3% of the common stock issued and outstanding and 33.3% of the Company's voting power.

The Company's directors and executive officers have indicated that they intend to vote their shares FOR the election of the nominees for director, FOR the ratification of the appointment of Grant Thornton LLP as the Company's independent auditors for the 2004 fiscal year and AGAINST the stockholder proposal urging the board of directors to allow a stockholder vote regarding implementation of a retroactive 18-year term limit for directors.

Voting of Proxies

Shares of our common stock will be voted in accordance with the instructions contained therein. If no specification is indicated on the proxy, the shares of common stock represented thereby will be voted:

- o FOR the election as directors of the persons who have been nominated by the board of directors;

-2-

- o FOR the ratification of the appointment of Grant Thornton LLP as the Company's independent auditors for the fiscal year ending May 29, 2004;
- o AGAINST the stockholder proposal urging the board of directors to allow a stockholder vote regarding implementation of a retroactive 18-year term limit for directors; and
- o with respect to any other matter that may properly be brought before the annual meeting in accordance with the judgment of the person or persons voting. It is not expected that any matter other than as described in this proxy statement will be brought before the annual meeting.

Revocability of Proxies

The grant of a proxy on the enclosed proxy card does not preclude a

Edgar Filing: EZ EM INC - Form DEF 14A

stockholder from voting in person. You may revoke a proxy at any time prior to your proxy being voted at the annual meeting by:

- o delivering to the Secretary of the Company, prior to the annual meeting, a written notice of revocation bearing a later date or time than the proxy,
- o submitting another proxy by mail that is later dated and, if applicable, that is properly signed, or
- o attending the annual meeting and voting in person.

Attendance at the annual meeting will not by itself constitute revocation of a proxy. If an adjournment occurs, it will have no effect on the ability of stockholders of record as of the record date to exercise their voting rights or to revoke any previously delivered proxies. E-Z-EM does not expect to adjourn the annual meeting for a period of time long enough to require the setting of a new record date for such meeting.

Solicitation of Proxies

The cost of solicitation of proxies being solicited on behalf of the board of directors will be borne by the Company. In addition to the use of the mail, proxy solicitation may be made by telephone, facsimile and personal interview by officers, directors and employees of the Company. The Company will, upon request, reimburse brokerage houses and persons holding common stock in the names of their nominees for their reasonable expenses in sending soliciting material to their principals.

Stockholders should not send stock certificates with their proxy cards.

-3-

ELECTION OF DIRECTORS

Nominees

The Company's board of directors currently consists of nine directors. The board is classified into three classes, each of which has a staggered three-year term. At the annual meeting, the stockholders will elect three Class I directors. If elected, Michael A. Davis, James L. Katz and Anthony A. Lombardo will hold office until the annual meeting of stockholders to be held in 2006 and until their successors are duly elected and qualified. Michael A. Davis has indicated that he intends to resign from the board of directors of the Company prior to the 2006 annual meeting of stockholders, but will remain a director until an appropriate successor has been found. The Class II directors and Class III directors will continue in office during the terms indicated below. Unless otherwise specified, all proxies received will be voted in favor of the election of the nominees named below as directors of the Company. Directors will be elected by a plurality of the votes cast, in person or by proxy, at the annual meeting. Abstentions from voting and broker "non-votes" on the election of directors will have no effect since they will not represent votes cast at the annual meeting for the purpose of electing directors.

The term of each of the current Class I directors expires at the annual meeting when his respective successor is duly elected and qualified. Management has no reason to believe that any of the nominees will be unable or unwilling to serve as a director, if elected. Should any of the nominees not remain a candidate for election at the date of the annual meeting, the proxies will be voted in favor of the nominees who remain candidates and may be voted for

Long-Term Incentive Plan Awards Table and Defined Benefit or Actuarial Plan Table

The Company maintains no long-term incentive plans or defined benefit or actuarial plans.

Employment Contracts

See "Certain Relationships and Related Transactions" for a description of the consulting agreement between the Company and Howard S. Stern, the Chairman of the Company's board.

During 2000, the Company entered into an employment contract with Anthony A. Lombardo in his capacity as President and Chief Executive Officer. This employment contract provides for annual base salary at \$320,000. The contract is cancelable at any time by either the Company or Mr. Lombardo, but provides for severance pay of one year's base salary in the event of termination by the Company without cause, as defined in the contract.

Severance Arrangements

The Company has entered into severance agreements with certain named

Edgar Filing: EZ EM INC - Form DEF 14A

executive officers and certain other executive officers and key employees.

Each severance agreement provides certain security to the executive in connection with a change of control. A change of control is defined as the acquisition of 50% or more of the outstanding voting power of all capital stock of the Company; or the transfer of all or substantially all of the assets of either or both of the AngioDynamics or Contrast Systems (E-Z-EM) business segments. Upon a change of control, all outstanding stock options vest and remain exercisable until the original expiration date of such options without regard to the need to remain employed by the Company. The Company will provide the executive (or his estate) with an interest-free loan in the amount necessary to pay the exercise price and the income and employment taxes due as a result of the option exercise. The Company is currently reviewing these arrangements in light of the Sarbanes-Oxley Act of 2002.

If an executive's employment with the Company is terminated by the Company for good cause (as defined below), death or disability, or by the executive other than for good reason (as defined below), during the term of the severance agreement and within two years following a change of control, the executive shall be entitled to accrued but unpaid base salary.

A termination of employment is for good cause under the severance agreements if the basis of termination is (a) repeated acts or serious omissions constituting dishonesty, intentional breach of fiduciary obligation or intentional wrongdoing or malfeasance; (b) conviction of a crime involving fraud, dishonesty or moral turpitude; or (c) a material breach of the severance agreement or the conditions and requirements of employment.

Good reason exists under the severance agreements if there is (a) a significant reduction in the nature or the scope of the executive's authority and/or responsibility; (b) a material reduction in the executive's rate of base salary; (c) a significant reduction in employee benefits; or (d) a change in the principal location in which the executive is required to perform services, which significantly increases commuting distance.

-12-

If an executive's employment with the Company is terminated by the Company without good cause or by the executive for good reason, during the term of the severance agreement and within two years following a change of control, the executive shall be entitled to: (a) accrued but unpaid base salary; (b) a lump sum payment equal to between one and two times annual base salary, based upon years of service; (c) any benefits accrued under any incentive and retirement plans; (d) paid medical plan coverage until the earlier of 18 months from termination or the time when the executive obtains comparable coverage through a new employer; (e) a lump sum payment equal to the unvested portion, if any, of the executive's 401(k) plan; and (f) outplacement and career counseling services.

Each severance agreement provides that if any amounts due to an executive thereunder become subject to the "golden parachute" rules set forth in Section 4999 of the Internal Revenue Code, then such amounts will be reduced to the extent necessary to avoid the application of such rules.

Report on Repricing of Options / SARs

In 2003, the Company did not adjust or amend the exercise price of any stock options or SARs previously awarded to any of the Named Executive Officers.

Compensation Decisions

The following directors serve on the Company's Compensation Committee: James L. Katz, Donald A. Meyer and George P. Ward. None of these persons was an officer or employee of the Company or any of its subsidiaries during 2003, nor was formerly an officer or employee of the Company or any of its subsidiaries. None of such directors had any relationship requiring disclosure by the Company under Item 404 of Regulation S-K. Nevertheless, the Company has disclosed its consulting arrangement with Mr. Meyer under "Certain Relationships and Related Transactions".

Audit Committee Report

The audit committee of the board of directors is composed of three (3) directors and operates under a written charter. Each member of the audit committee is an independent director as such term is defined under the listing standards of The American Stock Exchange.

As set forth in more detail in the audit committee's charter, as previously filed with the SEC, management is responsible for the Company's internal controls and financial operating system. The independent auditors are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and issuing a report relating to this audit. The audit committee's responsibility is to monitor and oversee these processes. The audit committee's primary duties and responsibilities fall into three broad categories:

First, the audit committee will serve as an independent and objective party to monitor the Company's financial reporting process and internal control system;

Second, the audit committee is responsible for reviewing and appraising the audit efforts of the Company's independent auditors; this includes matters concerning the relationship between the Company and its independent auditors, including recommending their appointment or removal,

-13-

reviewing the scope of their audit services and related fees, as well as any other services being provided to the Company and determining whether the auditors are independent (based in part on the annual letter provided to the Company pursuant to Independence Standards Board Standard No. 1); and

Third, to provide an open avenue of communication among the independent auditors, financial and senior management and the board of directors.

The audit committee has implemented procedures to ensure that during the course of each fiscal year it devotes the attention that it deems necessary or appropriate to each of the matters assigned to it under the audit committee's charter. To carry out its responsibilities, the audit committee met four times during fiscal year 2003 and had several informal discussions.

In overseeing the preparation of the Company's financial statements, the audit committee met and held discussions with management and the independent auditors. Management advised the audit committee that all financial statements were prepared in accordance with generally accepted accounting principles. The audit committee discussed with the independent auditors the matters required to be discussed by the Statement on Auditing Standards ("SAS") No. 61, "Communications with Audit Committees" and SAS No. 90, "Audit Committee Communications."

Edgar Filing: EZ EM INC - Form DEF 14A

The Company's independent auditors also provided the audit committee with the written disclosures and the letter required by the Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees" and the audit committee has discussed with the independent auditors that firm's independence.

Based upon the reviews and discussions referred to above, the audit committee recommended to the board of directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended May 31, 2003 and be filed with the U.S. Securities and Exchange Commission.

This audit committee report shall not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933, as amended (the "Securities Act"), or the Securities Exchange Act of 1934, as amended (the "Exchange Act"), except to the extent that the Company specifically incorporates this report therein.

THE AUDIT COMMITTEE,
James L. Katz, Chairman
Paul S. Echenberg
George P. Ward

Principal Accountant Fees and Services

The following table presents fees for professional audit services rendered by the independent auditors, Grant Thornton LLP, for the audit of the Company's financial statements for the fiscal years ended May 31, 2003 and June 1, 2002, and fees billed for other services rendered by Grant Thornton LLP during those periods:

	2003	2002
	(in thousands)	
Audit Fees	\$343	\$309
Audit Related Fees(1)	71	38
Tax Fees(2)	53	104
All Other Fees(3)	98	-
	-----	-----
	\$565	\$451
	=====	=====

-
- (1) Audit related fees consist primarily of profit sharing and 401(k) plan audits, interpretation of accounting standards, procedures related to registration statement filings and an SEC comment letter review.
 - (2) Tax fees include all tax services relating to tax compliance, tax advice and tax planning.
 - (3) All other fees consist primarily of services in assisting with business modeling for a foreign subsidiary product line and the recruiting of non-managerial personnel for a subsidiary of the Company .

The audit committee understands the need for Grant Thornton LLP to maintain objectivity and independence in its audit of the Company's financial

Edgar Filing: EZ EM INC - Form DEF 14A

statements and has implemented procedures, including pre-approval of all non-audit services, to minimize any relationship with Grant Thornton LLP which could impair their independence. The committee has determined that the engagement of Grant Thornton LLP to provide non-audit services should only be used when the services offered by Grant Thornton LLP are more effective and economical than the services offered from other providers, and, to the extent possible, only after competitive bidding. The audit committee has considered the compatibility of the Audit Related Fees, Tax Fees and All Other Fees paid to Grant Thornton LLP in connection with Grant Thornton LLP's independence.

Compensation and Stock Option Committee Report on Executive Compensation

General

The compensation committee of the board of directors determines the cash and other incentive compensation, if any, to be paid to the Company's executive officers and key employees, and administers the Company's stock option plans. The compensation committee is currently composed of three non-employee directors: Donald A. Meyer, James L. Katz and George P. Ward.

Compensation Philosophy

The primary philosophy of the Company regarding compensation to executive officers is to offer a program which rewards each member of senior management commensurately with the Company's overall growth and financial performance, including each person's individual

-15-

performance during the previous fiscal year. The three primary components of executive compensation are base salary, annual performance bonus and stock option awards. The committee believes that this three-part approach enables the Company to remain competitive with its industry peers while ensuring that senior management are appropriately incentivised to deliver positive short-term results while creating sustainable long-term stockholder value.

The key elements of the compensation committee's executive compensation philosophy include (a) setting levels of compensation designed to attract and hold superior executives in a highly competitive business environment, (b) providing incentive compensation that varies directly with the Company's financial performance and individual initiative and achievement contributions to such performance, (c) linking compensation to elements which affect the Company's annual and long-term performance, (d) evaluating the competitiveness of executive compensation programs based upon information drawn from a variety of sources, and (e) establishing salary levels and bonuses intended to be consistent with competitive practice and level of responsibility, with salary increases and bonuses reflecting competitive trends, the overall financial performance of the Company, the performance of the individual executive and the contractual arrangements that may be in effect with the individual executive.

In determining each executive's overall compensation, the compensation committee has relied, in part, on executive compensation surveys, publicly available information, informal survey information obtained by management, and information known to various members of the board of directors. The committee has also periodically sought the assistance of independent executive compensation consultants who have provided information and data on the compensation levels and philosophies adopted by other companies in the same market for executive talent. In particular, the independent consultants have compared the Company's total compensation program, which includes base salary,

Edgar Filing: EZ EM INC - Form DEF 14A

annual bonus pay and stock option awards, with programs offered by other companies of comparable size in the medical and healthcare industries.

Internal Revenue Code Section 162(m) Considerations

Section 162(m) of the Internal Revenue Code prohibits a publicly held corporation, such as the Company, from claiming a deduction on its federal income tax return for compensation in excess of \$1 million paid for a given fiscal year to the chief executive officer (or person acting in that capacity) and to the four most highly compensated officers of the Company other than the chief executive officer as of the end of the corporation's fiscal year (the "Named Executive Officers"). The \$1 million compensation deduction limitation does not apply to "performance based compensation within the meaning of Section 162(m)." The Company believes that any compensation received by the Named Executive Officers in connection with the exercise of options granted under the 1983 Stock Option Plan will qualify as "performance based compensation", except for a certain de minimis option grant awarded in 1996. Stock options issued pursuant to the Company's AngioDynamics subsidiary 1997 Stock Option Plan will not qualify as "performance based compensation." The Company has not established a policy with respect to Section 162(m) of the Code because the Company has not paid, and does not currently anticipate paying, annual compensation in excess of \$1 million to any employee.

-16-

Base Salaries

Base salaries for the Company's executive officers are determined initially by evaluating the responsibilities of the position held and the experience of the individual, and by reference to the competitive marketplace for management talent, including a comparison of base salaries for comparable positions at comparable companies. Annual salary adjustments are determined consistent with the Company's compensation policy by evaluating the competitive marketplace, the performance of the Company, the performance of the executive - particularly with respect to the executive's ability to manage growth of the Company - and any increased responsibilities assumed by the executive.

Annual Incentive Compensation

The Company administers an Annual Incentive Bonus Plan ("AIP"), under which cash bonuses may be made to the CEO and President, other corporate officers, and certain other employees. At the beginning of each fiscal year, the goals for the Company and each individual are established. During each fiscal year, the level of bonus earned, if any, is dependent upon the Company's financial results as compared to budget and the individual's achievement of his or her personal goals. A bonus may be awarded if certain performance objectives, including corporate, business unit and departmental goals, have been met, as determined by the compensation committee. The Company awarded bonuses ranging up to 40.3% of base salary to corporate officers under the bonus plan for the 2003 fiscal year.

Stock Option Agreements

The compensation committee views stock options as an important long-term incentive vehicle for its executive officers. The use of stock options ensures that the interests of the Company's executive officers are tied to the interests of the Company's stockholders by making a portion of the executive's long-term compensation dependent upon the value created for stockholders. This promotes a continuing focus on the Company's profitability and stockholder value. The compensation committee may grant options under the Company's stockholder-approved stock option plans. Options are granted at an exercise

Edgar Filing: EZ EM INC - Form DEF 14A

price equal to the fair market value of the Company's common stock on the date of grant. Optionees can receive value from stock option grants only if the underlying common stock appreciates in the long-term. Generally, stock options utilize vesting periods ranging from two to nine years to encourage key executives to continue in the employ of the Company. In determining long-term incentive awards, the compensation committee considers the amount of stock options previously granted to each officer, the officer's responsibilities, as well as the officer's current performance and contribution to the Company.

Compensation of the Chief Executive Officer

The compensation committee has targeted Mr. Lombardo's total compensation, including compensation derived from awards of stock options, at a level it believes is competitive with the average amount paid by the Company's competitors and companies with which the Company competes for executive talent. During the 2003 fiscal year, Mr. Lombardo's base salary was increased to \$320,000. During the 2003 fiscal year, no options were granted to Mr. Lombardo and no options previously granted to Mr. Lombardo were exercised. Pursuant to the employment

-17-

contract between Mr. Lombardo and the Company, Mr. Lombardo participates in the Company's AIP program and received a bonus of \$46,560 for the 2003 fiscal year.

This compensation committee and stock option committee report shall not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act or the Exchange Act, except to the extent that the Company specifically incorporates this report therein.

and Class B common stock - were combined into a single class of common stock. The following graph compares the cumulative total stockholder return on the Company's common stock with returns on the AMEX Market Value (U.S. & Foreign) Index ("AMEX Composite") and the Standard and Poor's Healthcare Equipment (Supercap) Index ("S&P Healthcare Equipment (Supercap)") during the five-year period ended May 31, 2003. Since the Company's current single class of common stock did not commence trading until October 22, 2002, the graph below shows the total five-year return for the Company's common stock assuming (i) an initial \$100

investment in our previously outstanding Class A common stock on May 30, 1998 and (ii) an initial \$100 investment in our previously outstanding Class B common stock on May 30, 1998, in each case, assuming each share of Class A common stock or Class B common stock held was converted into one share of the current single class of common stock on the Recapitalization Date. Returns reflected in the graph below are therefore based on the performance of the Class A common stock or Class B common stock, as applicable, for periods prior to the Recapitalization Date and on the performance of the current single class of common stock for periods from and after the Recapitalization Date.

Certain Relationships and Related Transactions

During 2003, the Company leased a facility, located in Westbury, New York, that was owned approximately 33% by Howard S. Stern, approximately 31% by Betty K. Meyers, a principal stockholder, and David P. Meyers, a principal stockholder and director of the Company, approximately 2% by other employees of the Company and approximately 34% by unrelated parties, which included a 31% owner who managed the property. Aggregate rentals, including real estate tax payments, were \$143,000 during 2003. The lease was terminated in April 2003.

Two facilities of the Company's wholly-owned subsidiary located in Tokyo, Japan are owned by Tohru Nagami, the subsidiary's President, and his mother. Aggregate rentals were \$58,000 during 2003. The lease on one such facility was terminated in April 2003, while the lease term on the second facility expires in November 2003.

During 2003, the Company leased a facility, located in Old Westbury, New York, that is owned by Howard S. Stern. Aggregate rentals, including real estate tax payments, were \$36,000 during 2003. The lease was terminated in December 2002.

Edgar Filing: EZ EM INC - Form DEF 14A

The Company has split dollar life insurance arrangements ("arrangements") with Howard S. Stern (including his spouse), the Company's Chairman of the Board, and Betty K. Meyers, a principal shareholder, which were entered into on May 27, 1998 and May 25, 1998, respectively. The Betty Meyers policy is owned by the Betty Meyers Life Insurance Trust, the beneficiaries of which include David P. Meyers, a director. Annually, through fiscal 2002, the Company paid approximately \$100,000 toward the cost of each life insurance policy. Because of the uncertainty of the treatment of split dollar life insurance policies under The Sarbanes-Oxley Act of 2002, for fiscal 2003, the Company did not make any payments toward the cost of such policies. Through August 2000, payments made by the Company were subject to repayment with interest payable to the Company annually by the insureds. In August 2000, the arrangements were modified to conform to the Company's other split dollar life insurance arrangements, making subsequent payments non-interest bearing. In May 2002, the board of directors approved a resolution to forgive any unpaid interest.

As a result of the Company's not advancing the cost of the policies, Mr. Stern personally paid the premiums on his policy during fiscal 2003. The Meyers family did not make similar premium payments and, as a result, the insurance company charged the amount of the premium against the cash surrender value of the Meyers' policy. The aggregate amount of premiums paid by the Company for each policy is \$500,000, the proceeds of which, under collateral assignment agreements, will be first used to repay all payments made by the Company for that policy. Additionally, beneficiaries of each policy may not borrow against the amount paid by the Company. As a result of the insurance company charging the Meyers' policy for the amount of the unpaid premium, the cash surrender value of the Meyers' policy was reduced to \$486,000. Both Howard Stern (including his spouse) and Betty Meyers have committed to repay to the Company any shortfall between the cash surrender value of his or her policy and the aggregate amount of premiums paid by the Company. At May 31, 2003, the cash surrender value of such policies aggregated \$1,193,000 and the aggregate amount of advances made by the Company totaled \$1,000,000.

-24-

The Company has engaged Michael A. Davis, M.D., a director of the Company, for consulting services. Fees for such services were approximately \$133,000 during 2003.

The Company had engaged Donald A. Meyer, a director of the Company, for consulting services through October 31, 2002. Fees for such services were approximately \$13,000 during 2003. Mr. Meyer also serves as trustee for several of the Company's Profit-Sharing and 401(k) Plans. Fees for such services were approximately \$15,000 during 2003.

Effective January 1, 2002, the Company entered into an agreement with Howard S. Stern, the Chairman of the Company's board, pursuant to which Mr. Stern has agreed to provide certain services to the Company until December 31, 2004. The Company agreed to include Mr. Stern in its slate of directors for the 2002 annual meeting and to appoint Mr. Stern as Chairman of the Board for a one-year term beginning at the annual meeting. So long as Mr. Stern remains Chairman of the Company, he is entitled to receive twice the regular fees and other compensation (including cash, stock and options) paid to directors for service on the board. Under the terms of the agreement, Mr. Stern is entitled to receive 36 equal monthly payments of \$20,833.34, as well as certain bonus opportunities. Mr. Stern also receives other benefits and perquisites and, so long as he remains Chairman, an annual sum of up to \$80,000 for reimbursement of reasonable business expenses.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's executive officers and directors, and persons who own more than 10% of a registered class of the Company's equity securities, to file reports of initial ownership and changes in ownership with the Securities and Exchange Commission. Based solely on its review of copies of such forms received by the Company, or on written representations from certain reporting persons that no reports were required for such persons, the Company believes that, during the fiscal year ended May 31, 2003, all of the filing requirements applicable to its executive officers, directors and 10% shareholders were complied with, except as follows:

- o Robert M. Bloomfield filed a Form 4 that was four business days late, reporting the exercise of stock options and the sale of stock.
- o David P. Meyers filed a Form 5 on July 17, 2003 that was two business days late, reporting i) the Company's issuance of stock to Mr. Meyers on November 1, 2002 and ii) the Company's granting of stock options to Mr. Meyers on May 31, 2003, in each case, as compensation for services as a director of the Company. Mr. Meyers failed to report each of these two transactions on Form 4 within two business days of the applicable transaction date, as required by applicable regulations.
- o Each of Jonas I. Meyers and Stuart J. Meyers filed a Form 3 on July 31, 2003 that was required to be filed on or before June 19, 2002, the 10th day following the event that resulted in them each becoming a reporting person.
- o Each of Betty K. Meyers and The Meyers Family Limited Partnership filed a Form 3 on August 8, 2003 that was required to be filed on or before June 19, 2002, the 10th day following the event that resulted in them each becoming a reporting person.

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

General

The board of directors appointed Grant Thornton LLP, independent certified public accountants, who were the Company's independent auditors for the 2003 fiscal year, as the Company's independent auditors for the fiscal year ending May 29, 2004. Although the selection of auditors does not require ratification, the board of directors has directed that the appointment of Grant Thornton LLP be submitted to the stockholders for ratification due to the significance of their appointment to the Company.

The proposal to ratify the board's appointment of Grant Thornton LLP as the Company's independent auditors for the fiscal year ending May 29, 2004 must be approved by the affirmative vote of a majority of the votes cast at the annual meeting. For the purposes of this vote, a vote to abstain and a broker non-vote will each have no effect since they will not represent votes cast at the annual meeting for the purpose of this proposal.

A representative of Grant Thornton LLP is expected to be present at the

Edgar Filing: EZ EM INC - Form DEF 14A

annual meeting with the opportunity to make a statement and to respond to appropriate questions.

Recommendation of the Board of Directors

The board of directors of the Company recommends a vote for the ratification of the appointment of Grant Thornton LLP as the Company's independent auditors for the fiscal year ending May 29, 2004.

STOCKHOLDER PROPOSAL RELATING TO THE ESTABLISHMENT OF A RETROACTIVE 18-YEAR TERM LIMIT FOR DIRECTORS

Stockholder Proposal

Mr. Ira M. Albert has submitted the following stockholder proposal on behalf of Albert Investment Associates, LP, an investment fund of which Mr. Albert is the General Partner:

WHEREAS, Albert Investment Associates, LP (the "Shareholder") urges the board of directors of E-Z-EM, Inc. (the "Company") to support a resolution to adopt a retroactive maximum term of 18 years that any director may serve on the Company's board, because the Shareholder strongly believes that the Company's financial performance is closely linked to its corporate governance policies and procedures, and the level of management and board accountability they impose; and

WHEREAS, the Shareholder believes that the absence of term limits has reduced the accountability of management and the board, thereby negatively impacting the Company's financial and stock price performance for over a decade; and

-26-

WHEREAS, the Shareholder further believes that the Company's current board structure has been detrimental to stockholders' interests by reducing Management and Board accountability and thereby adversely affecting stockholder value; and

WHEREAS, the Shareholder believes that the Company's current Board structure has hindered the stock's liquidity and the creation of stockholder value, the Shareholder strongly believes that a term limit for Directors would create greater accountability and result in a higher price for the Company's common stock; and

WHEREAS, the Shareholder believes that the current Board and Management have little or no security ownership in the Company (other than shares issued upon exercise of options and the substantial ownership positions of the Company's two founding families) and that a change in Board composition that might result from implementation of this Proposal could result in a Board that is more closely aligned with stockholders' interests and more focused on creating stockholder value than the current Board.

NOW, THEREFORE, BE IT RESOLVED, that the Company's stockholders urge the Board of Directors to allow a vote by the Company's stockholders to institute a retroactive 18-year term limit for all Directors; provided, that the implementation of this Proposal shall not have the effect of shortening the term of any incumbent Director.

The Shareholder urges you to vote FOR this Proposal.

Edgar Filing: EZ EM INC - Form DEF 14A

The stockholder proposal to urge the board of directors to allow a stockholder vote regarding the implementation of a retroactive 18-year term limit for directors must be approved by the affirmative vote of a majority of the votes cast at the annual meeting. For the purposes of this vote, a vote to abstain and a broker non-vote will each have no effect since they will not represent votes cast at the annual meeting for the purpose of this proposal.

Recommendation of the Board of Directors

The board of directors of the Company urges you to vote AGAINST this proposal for the following reasons:

E-Z-EM's goal is to have the most competent, experienced and engaged board of directors possible in order to provide leadership to the Company and guidance to executive management. Because of the scope and complexity of the Company's business, we believe that directors continue to deepen their understanding of the Company's operations and the issues and challenges facing our business throughout their years of service on the board. We further believe that directors become increasingly effective as their knowledge of the Company's businesses and its officers and employees increases. An arbitrary term limit for directors would needlessly deprive the stockholders and the Company of the benefits of directors' experience and knowledge at a time in their tenure when they are becoming increasingly effective and productive and would remove directors from the board that have acquired valuable knowledge and insights about the Company and our industry.

-27-

Replacing directors solely because of their length of service could also dramatically reduce the board's effectiveness. Imposing an arbitrary limit on directors' terms of office could result in the Company losing the services of directors who have acquired a great deal of knowledge and perspective about the Company's operations and who may be in a position to make their most valuable contributions to E-Z-EM's business. We also believe that the accelerated turnover of directors that would result from the imposition of term limits would be disruptive and could significantly diminish the Company's ability to attract the most qualified candidates for board service.

We also believe that term limits for directors are not necessary to enhance director accountability. Approximately one-third of our directors stand for election each year, and stockholders may nominate their own candidates if they believe that the Company's slate of nominees is not adequate. Because adoption of this proposal would limit stockholder discretion in selecting the best candidates to lead the Company, we do not believe it is in our stockholders' best interests.

We believe that the proponent's term limits would deprive the Company of experienced oversight, promote excessive turnover of directors and weaken our system of governance.

We Recommend That You Vote
Against the Adoption of this Stockholder Proposal
