## Edgar Filing: HUANENG POWER INTERNATIONAL INC - Form 6-K

The adjustments of tariffs will result in an increase of overall average settled tariff, and will lead to certain increase of the annual income of the Company.

The Company develops, constructs, operates and manages large thermal power plants in China nationwide, with a total generation capacity of 15,736MW on an equity basis. The Company wholly owns 14 power plants, and has controlling interests in five power plants and minority interests in three power companies. Today, the Company is one of the largest independent power producers in China.
