Item 1.01 Entry into a Material Definitive Agreement

On February 25, 2005, the Board of Directors (the "Board") of Thermo
Electron Corporation (the "Company") and the Compensation Committee of the Board
(the "Compensation Committee") took the following actions relating to executive

and director compensation:

2004 Executive Compensation Matters

Annual Cash Incentive Plans - Approval of Payout of Cash Bonuses for 2004. The Compensation Committee approved the payout of cash bonuses for 2004 to the Company's executive officers under the Company's 2003 Annual Incentive Award Plan (the "162(m) Plan"), which was approved by the stockholders of the Company at its 2003 Annual Meeting of Stockholders. The Compensation Committee exercised its discretion to lower the amount of the cash bonuses payable under the 162(m) Plan based on its determinations as to the level of achievement of the applicable supplemental performance metrics for 2004 under the Company's annual cash incentive program, which operates in connection with the 162(m) Plan. The amount of cash bonuses approved by the Compensation Committee to be paid to the Company's "named executive officers" (as defined by Item 402(a)(3) of Regulation S-K) are set forth in the table below.

2005 Executive Compensation Matters

Annual Cash Incentive Plans - Establishment of Criteria for 2005 Bonus. The Compensation Committee established the performance goal under the 162(m) Plan for 2005 as earnings before interest, taxes and amortization, excluding the impact of charges for restructuring, discontinued operations, extraordinary items, other unusual or non-recurring items and cumulative effects of accounting changes ("Adjusted EBITA"); and determined the percentage of Adjusted EBITA that each of the Company's executive officers is entitled to receive as a cash bonus for 2005 under the 162(m) Plan, subject to the Compensation Committee's right to lower, but not raise, the actual cash bonus to be paid to such executive officer for the year. The Compensation Committee's determination as to whether to lower the actual cash bonus to be paid to executive officers is generally based on the results of its determinations under the Company's annual cash incentive program for that year (which is described in the next paragraph).

The Compensation Committee also established a target cash bonus amount for each of the Company's executive officers as well as supplemental performance metrics for such officers and the Company as a whole under the Company's annual cash incentive program for 2005. The target amount for each of the Company's executive officers, which is a percentage of base salary (ranging from 40% to 95%), was determined by the Compensation Committee based on the salary level and position of such officer within the Company. The supplemental performance metrics are based on (a) (70%) financial measures for the Company, comprised of growth in (i) revenue (adjusted for the impact of acquisitions and divestitures and for foreign currency changes) (35%) and (ii) earnings (adjusted for restructuring charges and certain other items of income or expense) before interest, taxes and amortization as a percentage of revenue (35%) and (b) (30%) qualitative measures of the Company's executive officers' contributions to the achievement of certain business objectives of the Company. For each of the financial measures, the Company's actual performance will be measured relative to the Company's internal operating plan for 2005. For

both the financial and the qualitative measures, a range of performance for each such measure corresponds with a multiplier of 0 to 2. After giving effect to the weighting of the supplemental performance metrics, a composite final multiplier will be applied to the target cash bonus amounts for all of the Company's officers, including its executive officers. The sum of these amounts will be added together to form a bonus pool for all of the Company's officers, including its executive officers, and will be allocated by the Compensation Committee among such officers.

Base Salary - Approval of Increases for 2005. Effective April 1, 2005, the Compensation Committee increased the annual base salary of the Company's executive officers (other than the Company's chief executive officer and general counsel whose annual base salaries remain the same). The annual base salary approved by the Compensation Committee for the Company's named executive officers is set forth in the table below.

Stock Options and Restricted Stock - Approval of Grants for 2005. The Compensation Committee granted stock options to the Company's executive officers under the Company's equity incentive plans. The stock option grants for the executive officers, other than the chief executive officer, are evidenced by the Company's standard form of Stock Option Agreement to its officers, a copy of which is attached hereto as Exhibit 99.1 and incorporated herein by reference. The stock option grant to the chief executive officer, Marijn E. Dekkers, is evidenced by the Company's standard form of Stock Option Agreement for Mr. Dekkers, a copy of which is attached hereto as Exhibit 99.2 and incorporated herein by reference. The options all (a) vest in equal annual installments over the three-year period commencing on the date of grant (i.e., the first 1/3 of a stock option grant would vest on the first anniversary of the date of grant) so long as the executive officer is employed by the Company on each such date, (b) have an exercise price equal to the average of the opening and closing prices of the Company's common stock on the New York Stock Exchange on the date of grant, and (c) have a term of 7 years from such date. In addition, the Compensation Committee awarded 100,000 shares of restricted common stock of the Company to Mr. Dekkers that vest in annual equal installments over the three-year period commencing on November 21, 2005 (i.e., the first 1/3 of the restricted shares would vest on November 21, 2006) assuming continuous employment with the Company on each such date. The award is evidenced by the Company's standard form of Restricted Stock Agreement for Mr. Dekkers, a copy of which is attached hereto as Exhibit 99.3 and incorporated herein by reference. The stock option grants approved by the Compensation Committee for the Company's named executive officers are set forth in the table below.

CEO Employment Agreement -Amendment. The Compensation Committee approved, and the Company and Mr. Dekkers entered into, a letter agreement dated as of February 25, 2005 that (a) amended the second sentence of Section 6(c) of Mr. Dekkers' Amended and Restated Employment Agreement dated as of November 21, 2002, as amended (the "Employment Agreement"), to provide that the exercise price of the stock options to be granted to Mr. Dekkers in 2005, 2006 and 2007 shall be the average of the opening and closing prices of the Company's common stock on the New York Stock Exchange on the date of each grant and (b) provided that the stock option to purchase 260,000 shares of the Company's common stock granted to Mr. Dekkers on February 25, 2005 pursuant to Section 6(c) of the Employment Agreement shall have a term of 7 years from the date of grant rather than a term of 10 years as provided in the last sentence of Section 6(c) of the Employment Agreement.
