Item 7.01 Regulation FD Disclosure.

On December 22, 2017, the President of the United States signed into law the Tax Cuts and Jobs Act of 2017 (the “Act”). The Act includes a number of changes to the U.S. Internal Revenue Code that impact corporations, including a reduction in the statutory federal corporate income tax rate from 35% to 21% beginning in 2018. The Timken Company (the “Company”) is currently in the process of quantifying the impact of the Act on its overall tax position, including both one-time and ongoing.

Preliminarily, the Company expects the Act to result in a one-time net charge of approximately \$35 million in the fourth quarter of 2017. This amount is comprised of (a) approximately \$25 million of expense related to the taxation of unremitted foreign earnings, which is payable over eight (8) years beginning in 2018, and (b) approximately \$10 million of expense related to the remeasurement of U.S. deferred tax balances to reflect the new U.S. corporate income tax rate.

For 2018, the Company currently expects that the Act will result in a net reduction in its global effective tax rate of approximately three (3) percentage points.

The above estimates are preliminary. Further information will be provided when the Company releases earnings for the fourth quarter and full-year of 2017, which has been scheduled for February 7, 2018, and in the Company’s 2017 Annual Report on Form 10-K to be filed in February 2018.

This information shall not be deemed to be “filed” for the purposes of Section 18 of the Securities Exchange Act of 1934 (the “Exchange Act”) or otherwise subject to the liabilities of that section, nor shall it be incorporated by reference into a filing under the Securities Act of 1933, or the Exchange Act, except as shall be expressly set forth by specific reference in such a filing.

Forward-Looking Statements

Certain statements in this Current Report on Form 8-K (including statements regarding the Company's estimates and expectations) that are not historical in nature are “forward-looking” statements within the meaning of the Private Securities Litigation Reform Act of 1995. In particular, the statements regarding the Company's expectations for charges incurred in the fourth quarter of 2017 and the impact of the Act on the full-year 2018 global effective tax rate are forward-looking. The Company cautions that actual results may differ materially from those projected or implied in forward-looking statements due to a variety of important factors, including the possibility that the actual amounts and effects of the one-time tax charge and the reduction in the Company’s effective tax rate expected to result from the implementation of the Act might be different from the estimated amounts set forth herein. Additional factors are discussed in the Company's filings with the Securities and Exchange Commission, including the Company's Annual Report on Form 10-K for the year ended Dec. 31, 2016, quarterly reports on Form 10-Q and current reports on Form 8-K. Except as required by the federal securities laws, the Company undertakes no obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future events or otherwise.
